USEFUL ABBREVIATIONS FOR LIBRARY AND INFORMATION SCIENCE (NET / SET / PET and Competitive Examination) DR. TUSHAR M. PATIL, 2020-09-23 What is an abbreviation? Abbreviations have a long history, created so that spelling out a whole word could be avoided. This might be done to save time and space, and also to provide secrecy. In both Greece and Rome the reduction of words to single letters was common. In Roman inscriptions, Words were commonly abbreviated by using the initial letter or letters of words, and most inscriptions have at least one abbreviation. However, some could have more than one meaning, depending on their context. An

abbreviation, on the other hand, is also a way to shorten a phrase but with a slight difference. In general, abbreviations tend to shorten the word or phrase being referenced by literally shortening the word but not creating a new one. So for example, shortening the word “avenue” to “ave.” is an abbreviation rather than an acronym because “ave.” does not form a new enunciable word. Similarly, shortening the names of the months, such as “December” to “Dec.” is also an abbreviation because when reading “Dec.” out loud, you would just say the full term “December.”

NET / SET STUDIES IN LIBRARY AND INFORMATION SCIENCE DR. V. SENTHUR

VELMURUGAN, 2022-12-12 The book covers objective-type questions with the answer given at the end of each chapter. The present book will be helpful for the candidates, as well as for those who want to get jobs as a librarian in Central, State schools, Navodaya Vidyalaya, Staff Selection Commission, etc. The book has been divided into 10 chapters in such a way that all of the 10 units prescribed in the syllabus are covered. Different questions in objective mode have been properly classified in the normal sub-divisions. Utmost care has been taken in providing correct solutions for the questions. However, any suggestions and submissions for further improvement are welcome from the experts in the field. I hope that the book will act not only as a question bank on the subject but also be a good tool for appearing in the interviews. In the end, the authors are very much grateful to our respected wife Mrs. T. Pandeewari, (Computer Teacher, T.P.N.M. School, in Virudhunagar) for giving inspiration and guidance, when the authors started the work of writing books.
