**10 Shortcuts Into Our Prospects' Minds** Keith Schreiter, Tom "Big Al" Schreiter, 2019-12-05  
Caution: Our prospects make up their minds before we are ready. We have awesome facts, benefits, features, testimonials, videos, brochures, PowerPoint presentations, proof, and inspirational stories. But what happens? Our prospects decide if they want to do business with us or not, before we get to our good stuff. Why can't they wait? We can complain, or we can help them make up their minds quickly in our favor. We only have a few seconds before our prospects make their decisions. Use these seconds wisely. When we understand how our prospects make their decisions, we can address those processes early in the conversation, before they create a no decision. Of course, short is better than long. But how do we trigger our prospects' decisions in just a few seconds? Questions, indirect statements, micro-stories, analogies, and emotional programs help us navigate quickly through our prospects' brains. Why not effortlessly take the direct path to getting positive decisions? When we give up the old paradigm of prospects accumulating information, weighing the pros and cons, and processing the facts and figures to make a decision, then moving prospects forward to a positive sales decision is easy. Leave the door-to-door sales tactics of the 1980s behind. Instead, let's work with our prospects' minds to help them make great decisions. Enjoy a faster and easier way to get our prospects to make great decisions. Order your copy now!

**Online MLM Marketing** Rob Fore, 2013-12-23 \* Do you want massive MLM marketing success?\* Are you ready to take your MLM business to the next level?\* Are you ready to claim the lifestyle you and your family deserve? Think leads. Lots and lots of fresh MLM leads. Because leads are the name of the game, and you are just moments away from discovering just how easy it really can be to generate 100+ free online MLM leads per day and put your network marketing business on the fast track to creating wealth. Leads are the lifeblood of your business. So here we will focus on... \* Automated lead generation, not MLM prospecting \* Online attraction marketing, not pestering family & friends \* High leverage systems, not MLM scripts and scriptbooks \* MLM software, tips, tricks and inside secrets. After all, you may represent the best product, service or network marketing business opportunity in the world... but if you do not tell anyone about it... if you do not find a way to get your offer in front of a steady stream of new prospects on a daily basis... your business is dead in the water. Belly up in the fish bowl. \* Lack of leads is one of the top reasons why most people fail in MLM. Without leads you've got nothing. \* Lack of cash flow is another reason why most people fail in network marketing. Most people never make a dime in MLM, and most people quit within the first year... often walking away with less money in their pocket than they had to begin with. It's tragic, but true. And it certainly does not need to be that way. Since 1996, Rob Fore and his wife Lisa have built six profitable businesses working part-time in their spare time online. They have a team of over 11,000 active MLM distributors in one network marketing company and a team earning tens of thousands per month in yet another. Buy the book because success leaves clues and now it is your turn to generate 100+ MLM

leads per day and get paid even when people do not join your team. It's time to build a business, not just a downline.

Multi-level Marketing Carl Donovan, 2014-06-18 What if you could earn money based on the results of your work instead of the number of hours worked? This means that the better you are at your work, the faster you can finish it. And the faster you can finish, the more work you can take -- which means more money. Don't you wish all jobs were like this? It's unfortunate that most jobs are stuck in the old tradition where employees are paid by the hour. You are not alone in wishing there was a job that offered autonomy instead of working from 9 to 5. Regardless of how productive you are in those hours, you only get paid by the hours, not the results. Fortunately, you don't have to get stuck in this kind of system. Carl Donovan, business owner and author of numerous books on business productivity, talks about how multi-level marketing can help you become an independent business owner through his new released book, *Multi-level Marketing: The Beginners Guide to Starting Out with Multi-Level Marketing*. The harder you work, the more you earn. In multi-level marketing, you are in full control of how successful you want your business to be. Because multi-level marketing has produced so many successful people, small businesses have taken advantage of the business model without building a strong foundation for its members. Some end up feeling discouraged with multi-level marketing and vow never to join a company again. Donovan's *Multi-level Marketing* will help you avoid just that. In a sea of companies that promises to make you part of the successful few, it can be a bit confusing which companies to join. This book has all the valuable information you need to help you navigate the world of multi-marketing. In the book, Donovan discussed the following points:

- A list of the world's top 35 multi-level marketing companies
- How to successfully implement the multi-marketing model
- Myths about multi-level marketing
- Mistakes to avoid in multi-level marketing

Multi-level marketing tips for introverts · How to grow a highly profitable business These are just a few of the many lessons you will learn from the book. So what are you waiting for? Don't get stuck getting paid by the hour, but by the amount of work you do. Earn as much as you wish to. No other business strategy offers you this kind of freedom and income the way multi-marketing does.
