Richard Saul Wurman

The New Paris Lindsey Tramuta,2017-04-18 “[Tramuta] draws back the curtain on the city’s hipper, more happening side—as obsessed with coffee, creativity, and brunch as Brooklyn or Berlin.” —My Little Paris The city long-adored for its medieval beauty, old-timey brasseries, and corner cafés has even more to offer today. In the last few years, a flood of new ideas and creative locals has infused a once-static, traditional city with a new open-minded sensibility and energy. Journalist Lindsey Tramuta offers detailed insight into the rapidly evolving worlds of food, wine, pastry, coffee, beer, fashion, and design in the delightful city of Paris. Tramuta puts the spotlight on the new trends and people that are making France’s capital a more whimsical, creative, vibrant, and curious place to explore than its classical reputation might suggest. With hundreds of striking photographs that capture this fresh, animated spirit—and a curated directory of Tramuta’s favorite places to eat, drink, stay, and shop—The New Paris shows us the storied City of Light as never before. “The author’s vibrant and precise command of English frames this lively collection of insights about cultural change and stories regarding multiple chefs and merchants.” —Forbes “As the culinary scene in Paris evolves, a new palate of flavors and styles of eating have emerged, redefining what is ‘French cuisine.’ The New Paris documents these changes through the lens of bakers, coffee roasters, ice cream makers, chefs, and even food truck owners. A thoughtful, and delicious, look at how Paris continues to delight and excite the palates of visitors and locals.” —David Lebovitz, author of My Paris Kitchen

Access Paris 10e Richard Saul Wurman,2006-10-31 Henry James wrote: Paris is the greatest temple ever built to material joys and the lust of the eyes. The city of lights exudes such richness and variety that elevates even the necessities of life to the level of high art. The streets of Paris are museums lined with splendid architecture and historic monuments, making even the simple act of walking through the city one of life's great pleasures. This luxury is greatly enhanced when one is armed with ACCESS Paris. Comprehensive, fully updated and filled with revised maps, sidebars and points of interest – ACCESS Paris's 10th Edition brings to life this city's love of

grace, beauty and fine living, and allows the traveler to truly discover and know this artistic and cultural capital of a unified Europe.

Fashion Remains Marco Pecorari,2021-01-28 Fashion ephemera-from catalogues and invitations to press releases-have long been overlooked by the fashion industry and fashion academics. Fashion Remains redresses the balance, putting these objects centre stage and focusing on the wider creative practice of contemporary fashion designers, photographers, graphic designers, make-up artists, and many more. Fashion ephemera are considered not as disposable promotional devices, but as windows into hidden networks of collaboration and value creation in the fashion system. Taking an interdisciplinary approach, Fashion Remains explores the unseen and privately circulated fashion ephemera produced by today's most prominent international fashion designers such as Margiela, Yamamoto, and Raf Simons. Showcasing a unique archive of materials, it focuses on Antwerp's avant-garde fashion scene and reveals the potential of these ephemeral objects to evoke and call into question material and immaterial knowledge about the fashion industry's actors, practices and ideologies.

Honoré Lannuier, Cabinet Maker from Paris Peter M. Kenny,Charles Honoré Lannuier,Frances F. Bretter,Ulrich Leben,Metropolitan Museum of Art (New York, N.Y.),1998 Although his brief but productive career as a cabinetmaker in New York lasted a mere sixteen years, the French-born maitre ebeniste Charles-Honore Lannuier (1779-1819) was a leading figure in the development of a distinctive and highly refined style of furniture in the Late Federal period. A contemporary of the renowned master Duncan Phyfe, Lannuier, like him, made fashionable gilded card tables, marble-topped pier tables, bedsteads, and seating furniture for wealthy clients numbering among the mercantile and social elite of New York, Philadelphia, Baltimore, Richmond, and Savannah. This volume, which complements the exhibition Honore Lannuier, Parisian Cabinetmaker in Federal New York held at The Metropolitan Museum of Art, New York, in spring 1998, represents the most complete study of Lannuier's life and work published to date.

Paris on the Potomac United States Capitol Historical Society,2007-11-13 In 1910 John Mervyn Carrère, a Paris-trained American architect, wrote, "Learning from Paris made Washington outstanding among American cities." The

five essays in Paris on the Potomac explore aspects of this influence on the artistic and architectural environment of Washington, D.C., which continued long after the well-known contributions of Peter Charles L'Enfant, the transplanted French military officer who designed the city's plan. Isabelle Gournay's introductory essay provides an overview and examines the context and issues involved in three distinct periods of French influence: the classical and Enlightenment principles that prevailed from the 1790s through the 1820s, the Second Empire style of the 1850s through the 1870s, and the Beaux-Arts movement of the early twentieth century. William C. Allen and Thomas P. Somma present two case studies: Allen on the influence of French architecture, especially the Halle aux Blés, on Thomas Jefferson's vision of the U.S. Capitol; and Somma on David d'Angers's busts of George Washington and the Marquis de Lafayette. Liana Paredes offers a richly detailed examination of French-inspired interior decoration in the homes of Washington's elite in the late nineteenth and early twentieth centuries. Cynthia R. Field concludes the volume with a consideration of the influence of Paris on city planning in Washington, D.C., including the efforts of the McMillan Commission and the later development of the Federal Triangle complex. The essays in this collection, the latest addition to the series Perspectives on the Art and Architectural History of the United States Capitol, originated in a conference held by the U.S. Capitol Historical Society in 2002 at the French Embassy's Maison Française.

Wallpaper in America Catherine Lynn, Cooper-Hewitt Museum, 1980 Drawing on the extensive collections of the Cooper-Hewitt Museum, the Smithsonian Institution's National Museum of Design, as well as from sources across America and Europe, the author documents the changing tastes in pattern and color preferences. Richly illustrated with 102 color plates and over 245 black and white photographs, this book is a stunning achievement.
