**Girls Can!** Marissa Sebastian, 2020-10-13 Girls Can ... Innovate! Discover! Create! Lead nations AND rule kingdoms. Girls can change the world! This book puts to rest the tired adages of things girls "can't" do with powerful proof that girls not only CAN, but they DO! Featuring profiles of over 75 remarkable women from across centuries and around the world, from math whiz Katherine Johnson to legendary leaders like Queen Elizabeth I, game changers like Serena Williams to avant-garde artists like Frida Kahlo, and so many more, you'll discover amazing, diverse women, both famous and little-known, who smashed stereotypes, overcame odds, and achieved their goals. With interviews and encouraging advice from world-changing women of today such as media mogul Oprah Winfrey, philanthropist Melinda Gates, renowned journalist Christiane Amanpour, National Geographic explorers and planet protectors like Sylvia Earle, and more, as well as concrete tips for breaking barriers and raising your voice, this inspirational book will have you ready to follow in the footsteps of women who made—and are making—history. You'll see that not only some Girls Can—you can!

**Getting the Picture** Jason E. Hill, Vanessa R. Schwartz, 2020-09-09 Powerful and often controversial, news pictures promise to make the world at once immediate and knowable. Yet while many great writers and thinkers have evaluated photographs of atrocity and crisis, few have sought to set these images in a broader context by defining the rich and diverse history of news pictures in their many forms. For the first time, this volume defines what counts as a news picture, how pictures are selected and distributed, where they are seen and how we critique and value them. Presenting the best new thinking on this fascinating topic, this book considers the news picture over time, from the dawn of the illustrated press in the nineteenth century, through photojournalism's heyday and the rise of broadcast news and newsreels in the twentieth century and into today's digital platforms. It examines the many kinds of images: sport, fashion, society, celebrity, war, catastrophe and exoticism; and many mediums, including photography, painting, wood engraving, film and video. Packed with the best research and full colour-illustrations throughout, this book will appeal to students and readers interested in how news and history are key sources of our rich visual culture.

**Research and Advanced Technology for Digital Libraries** Serge Abiteboul, Anne-Marie Vercoustre, 2003-07-31 This book constitutes the refereed proceedings of the Third European Conference on Research and Advanced Technology for Digital Libraries, ECDL'99, held in Paris, France in September 1999. The 26 revised full papers presented were carefully reviewed and selected from a total of 124 submissions. The book is divided in topical sections on image categorization and access, audio and video in digital libraries, information retrieval, user adaptation, knowledge sharing, cross language issues, case studies, and modelling, accessibility and connectedness.

**The 10 Most Compelling News Images** Frederick Koh, 2008-02 From the knockout photo of a boxing champ to the instantly recognizable snapshot of a rising mushroom cloud, these compelling news images are proof that a picture is worth a thousand words. Can a Compelling photo change the world? Book jacket.

**New Kids on the Block 40th Anniversary Celebration** Selena Fragassi, 2024-05-21 New Kids on the Block 40th Anniversary celebrates the

boys, the fan culture, and the music they created through interviews, photos, and more.

Call Him Jack Yohuru Williams, Michael G. Long, 2022-09-20 An enthralling, eye-opening portrayal of this barrier-breaking American hero as a lifelong, relentlessly proud fighter for Black justice and civil rights. According to Martin Luther King, Jr., Jackie Robinson was “a sit-inner before the sit-ins, a freedom rider before the Freedom Rides.” According to Hank Aaron, Robinson was a leader of the Black Power movement before there was a Black Power movement. According to his wife, Rachel Robinson, he was always Jack, not Jackie—the diminutive form of his name bestowed on him in college by white sports writers. And throughout his whole life, Jack Robinson was a fighter for justice, an advocate for equality, and an inspiration beyond just baseball. From prominent Robinson scholars Yohuru Williams and Michael G. Long comes Call Him Jack, an exciting biography that recovers the real person behind the legend, reanimating this famed figure’s legacy for new generations, widening our focus from the sportsman to the man as a whole, and deepening our appreciation for his achievements on the playing field in the process.

**Windows Vista Timesaving Techniques For Dummies** Woody Leonhard, 2007-04-02 Contains instructions for timesaving techniques when using Microsoft Windows Vista, covering such topics as customizing the desktop, managing passwords, setting security, streamlining maintenance, working with multimedia, and setting up a home network.

Michelle Obama Heather E. Schwartz, 2020-08-01 Growing up on Chicago's South Side, Michelle LaVaughn Robinson loved school and her family. Driven by her parents' passion for education and her own desire to succeed, she graduated first from Princeton and then Harvard Law School and landed a job at a prestigious law firm, where she met her soon-to-be husband, Barack Obama. While raising their two young daughters, Michelle Obama committed herself to public service. She kept that commitment as her husband's political career soared and worked hard to continue serving the public when her family landed in the White House. Follow Obama's journey from Chicago school kid to history-making First Lady and beyond as she continues to make her mark as an inspiring speaker, bestselling author, and agent for positive change.

Getting our Voices Heard DK, 2023-10-17 Inspires young learners to explore America’s government institutions through the nation’s history and the experience of modern Americans Part of an inspiring series of books that will support students to understand government and civics in modern America through the historical events and people that have shaped them, *Power for the People* will interweave historical context, events, and personalities with the experiences of modern Americans to help students understand key social studies topics including the origins of American institutions and values and their relevance to young people’s lives today. The book explores the institutions and systems of American government as a constitutional republic, and the reasons for them, including roles of President, Congress, Supreme Court, state government and other national and international bodies. Historical topics / events covered include: US Constitution and amendments, elections, and key historical Presidents.

Hacer que nos escuchen (Getting Our Voices Heard) DK, 2023-10-17 Inspira jóvenes curiosos a explorar cómo los estadounidenses se aliaron en la campaña por el cambio a lo largo de la historia y cómo es la vida en EE. UU. hoy en

día Parte de una serie inspirante que apoya el aprendizaje acerca del gobierno y el civismo en un EE. UU. contemporáneo a través de eventos históricos y las personas que formaron los mismos. Hacer que nos escuchen interconecta contexto, personalidades y eventos históricos y las experiencias de estadounidenses modernos. Ayudará los estudiantes a entender temas claves de estudios sociales, como los orígenes de instituciones y valores de EE. UU. y la relevancia que tienen a las vidas de jóvenes hoy. El libro explora el civismo a lo largo de la historia de EE. UU., tanto en movimientos comunitarios como en campañas para el derecho al voto y derechos civiles. Temas y eventos históricos incluyen la Revolución estadounidense, la lucha para abolir la esclavitud, y campañas por el derecho al voto de la mujer y derechos laborales y civiles.

**Dogs** Carla Mooney, 2023-08-01 Dogs are fun, active pets, but they require special care. Dogs examines various dog breeds and their unique needs, as well as the laws, regulations, challenges, and controversies regarding owning these animals. It also looks at the industry and communities that have sprung up to support dog ownership and the many ways dogs bring joy to their owners. Features include a glossary, references, websites, source notes, and an index. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABD0.

**Getting the Picture** Jason E Hill, Vanessa R Schwartz, 2021-10-31 Powerful and often controversial, news pictures promise to make the world at once immediate and knowable. Yet while many great writers and thinkers have evaluated photographs of atrocity and crisis, few have sought to set these images in a broader context by defining the rich and diverse history of news pictures in their many forms. For the first time, this volume defines what counts as a news picture, how pictures are selected and distributed, where they are seen and how we critique and value them. Presenting the best new thinking on this fascinating topic, this book considers the news picture over time, from the dawn of the illustrated press in the nineteenth century, through photojournalism's heyday and the rise of broadcast news and newsreels in the twentieth century and into today's digital platforms. It examines the many kinds of images: sport, fashion, society, celebrity, war, catastrophe and exoticism; and many mediums, including photography, painting, wood engraving, film and video. Packed with the best research and full colour-illustrations throughout, this book will appeal to students and readers interested in how news and history are key sources of our rich visual culture.

*Child Pornography* Ethel Quayle, Max Taylor, 2004-06-02 Child pornography, particularly that available via the Internet, has become a cause of huge social concern in recent years. This book examines the reality behind the often hysterical media coverage of the topic. Drawing on extensive new research findings, it examines how child pornography is used on the Internet and the social context in which such use occurs, and develops a model of offending behaviour to better help understand and deal with the processes of offending. Detailed case studies and offenders' own accounts are used to illustrate the processes involved in offending and treatment. The authors argue that we need to refine our ideas of offending, and that while severe deterrents need to be associated with possession of child pornography, a better understanding is needed of the links between possession and committing a contact offence. Only by improving our understanding of this complex and

very controversial topic can we hope to deal effectively with offenders and with their child victims. This is a book which will become an essential read for anyone involved with offenders or victims from a psychological, judicial or social background.

**The Internet Yellow Pages** Harley Hahn, 1996 Lists and describes Internet resources on subjects ranging from agriculture to zoology, pointing out those that are useful, bizarre, or otherwise noteworthy.

Digital Image Processing Uvais Qidwai, C.H. Chen, 2009-10-15 Avoiding heavy mathematics and lengthy programming details, *Digital Image Processing: An Algorithmic Approach with MATLAB* presents an easy methodology for learning the fundamentals of image processing. The book applies the algorithms using MATLAB, without bogging down students with syntactical and debugging issues. One chapter can typically be compl

Encyclopedia of Information Systems and Technology - Two Volume Set Phillip A. Laplante, 2015-12-29 Spanning the multi-disciplinary scope of information technology, the *Encyclopedia of Information Systems and Technology* draws together comprehensive coverage of the inter-related aspects of information systems and technology. The topics covered in this encyclopedia encompass internationally recognized bodies of knowledge, including those of The IT BOK, the Chartered Information Technology Professionals Program, the International IT Professional Practice Program (British Computer Society), the Core Body of Knowledge for IT Professionals (Australian Computer Society), the International Computer Driving License Foundation (European Computer Driving License Foundation), and the Guide to the Software Engineering Body of Knowledge. Using the universally recognized definitions of IT and information systems from these recognized bodies of knowledge, the encyclopedia brings together the information that students, practicing professionals, researchers, and academicians need to keep their knowledge up to date. Also Available Online This Taylor & Francis encyclopedia is also available through online subscription, offering a variety of extra benefits for researchers, students, and librarians, including: □ Citation tracking and alerts □ Active reference linking □ Saved searches and marked lists □ HTML and PDF format options Contact Taylor and Francis for more information or to inquire about subscription options and print/online combination packages. **TIME The Science of Learning** The Editors of TIME, 2020

**The Women Who Inspired London Art** Lucy Merello Peterson, 2018-10-30 This is the story of women caught up in the tumultuous art scene of the early twentieth century, some famous and others lost to time. By 1910 the patina of the belle époque was wearing thin in London. Artists were on the hunt for modern women who could hold them in thrall. A chance encounter on the street could turn an artless child into an artist's model, and a model into a muse. Most were accidental beauties, plucked from obscurity to pose in the great art schools and studios. Many returned home to lives that were desperately challenging almost all were anonymous. Meet them now. Sit with them in the Café Royal amid the wives and mistresses of London's most provocative artists. Peek behind the brushstrokes and chisel cuts at women whose identities are some of art history's most enduring secrets. Drawing on a rich mélange of historical and anecdotal records and a primary source, this is a story telling that sweeps up the reader in the cultural tides that raced across London in the Edwardian,

Great War and interwar periods. A highlight of the book is a reveal of the Avico siblings, a family of models whose faces can be found in paint and bronze and stone today. Their lives and contributions have been cloaked in a century of silence. Now, illuminated by family photos and oral histories from the daughter of one of the models, the Avico story is finally told.

Understanding Information Retrieval Systems Marcia J. Bates, 2011-12-20 In order to be effective for their users, information retrieval (IR) systems should be adapted to the specific needs of particular environments. The huge and growing array of types of information retrieval systems in use today is on display in Understanding Information Retrieval Systems: Management, Types, and Standards, which addresses over 20 typ
