JavaScript for Absolute Beginners Terry McNavage,2011-08-23 If you are new to both JavaScript and programming, this hands-on book is for you. Rather than staring blankly at gobbledygook, you'll explore JavaScript by entering and running hundreds of code samples in Firebug, a free JavaScript debugger. Then in the last two chapters, you'll leave the safety of Firebug and hand-code an uber cool JavaScript application in your preferred text editor. Written in a friendly, engaging narrative style, this innovative JavaScript tutorial covers the following essentials: Core JavaScript syntax, such as value types, operators, expressions, and statements provided by ECMAScript. Features for manipulating XHTML, CSS, and events provided by DOM. Object-oriented JavaScript, including prototypal and classical inheritance, deep copy, and mixins. Closure, lazy loading, advance conditional loading, chaining, currying, memoization, modules, callbacks, recursion, and other powerful function techniques. Encoding data with JSON or XML. Remote scripting with JSON-P or XMLHttpRequest Drag-and-drop, animated scrollers, skin swappers, and other cool behaviors. Optimizations to ensure your scripts run snappy. Formatting and naming conventions to prevent you from looking like a greenhorn. New ECMAScript 5, DOM 3, and HTML 5 features such as Object.create(), Function.prototype.bind(), strict mode, querySelector(), querySelectorAll(), and getElementsByClassName(). As you can see, due to its fresh approach, this book is by no means watered down. Therefore, over the course of your journey, you will go from JavaScript beginner to wizard, acquiring the skills recruiters desire.

Hermeneutic Approaches to Interpretive Research Philip Cushman,2021-08-23 This unique and insightful book brings together a collection of impactful essays written by former psychology doctoral students, which feature hermeneutics as a method of qualitative inquiry. Philip Cushman brings together eleven chapters in which his former students describe their hermeneutic dissertations—how they chose their topics, their approach to research, what they discovered, what it was like emotionally for them, and how the process has influenced them in the years since completion. The contributors explore important contemporary issues like social justice, identity, gender inequality, and the political consequences of psychological theories and offer fresh, critical perspectives rooted in lived experiences. This book showcases the value and importance of hermeneutics, both as a philosophy, and as an orientation for conducting research that aids in critical, culturally respectful, interdisciplinary approaches. This is illuminating reading for graduate students and scholars curious about the hermeneutic approach to research, particularly those engaged in fields like theoretical psychology, clinical psychology, psychotherapy, mental health, cultural history, and social work.

Contemporary Intellectual Property Hector L. MacQueen,Charlotte Waelde,Graeme T. Laurie,2007 The book is accompanied by a web site where students and lecturers alike can access updates on major developments in the law as well as pointers to the exercises contained in the text.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Honey Badger Don't Care Randall,2012-01-24 Never before has wildlife narration been this bold and this hilarious. More than 40 million people have viewed Randall's honey badger video, “The Crazy Nastyass Honey Badger.” “It has no regard for anyone or anything—it just takes what it wants! What a little badass!” When viewing wildlife footage, who hasn’t thought at times, “Ewww! What the hell is that?!” Randall thinks it — and says so! In Honey Badger Don’t Care, Randall examines and humorously informs on a dozen crazy, nasty animals of the wild kingdom employing his unique style of telling it like it is! His wildlife writing is refreshingly honest. If an animal scares Randall, he’s not afraid to share. Unlike most nature writers, Randall doesn’t deliver the sugarcoated or drab description. He “goes there” and shares his true feelings with his audience. Because of this, his readers feel that they can relate. Randall loves animals—even the ones that terrify him. He may not agree with how these animals conduct themselves in the world, but Randall wants everyone to know who they are. Just as he introduced the world to the honey badger, the Jesus lizard, and others, so will Randall shed light on twelve bizarre and interesting animals. Designed with callouts, sidebars, and more than fifty photos, Honey Badger Don’t Care presents a wildlife book for adults—hilarious, irreverent, profane, yet charming, chatty, and informative. Don’t be stupid—buy this book!

Reaching Out, a Guide to Communicating with Aboriginal Seniors Canada. Health Canada,1998

Guinness World Records 2015 Gamer's Edition Guinness World Records,2014-11-11 Now in its eighth edition, Guinness World Records Gamer's Edition is the ultimate guide to videogames. The Canadian Style Public Works and Government Services Canada Translation Bureau,Dundurn Press Limited,1997-09-01 The revised edition of The Canadian Style is an indispensable language guide for editors, copywriters, students, teachers, lawyers, journalists, secretaries and business people – in fact, anyone writing in the English language in Canada today. It provides concise, up-to-date answers to a host of questions on abbreviations, hyphenation, spelling, the use of capital letters, punctuation and frequently misused or confused words. It deals with letter, memo and report formats, notes, indexes and bibliographies, and geographical names. It also gives techniques for writing clearly and concisely, editing documents and avoiding stereotyping in communications. There is even an appendix on how to present French words in an English text.

Many vintage books are increasingly scarce and expensive. We published this volume in an affordable, modern, high-quality edition complete with a biography of the author.Includes: Hard Times (1854)Oliver Twist (1867

Design Matters Capsule,2007-06-01 The nuts and bolts of effective logo design. The design bar is at an all time high for those brave enough to participate in the industry. Today's designers must be clear on all the steps necessary to create work that stands out in an increasingly competitive marketplace. Unfortunately, most design books only focus on type, color, and layout issues. The Design Matters series takes a more in-depth approach, allowing designers to learn not only how to create work that is aesthetically appealing, but that is also strategy-driven and smart. This book focuses on creating logos, while others in the series dissect brochures, packaging, publications, and letterhead systems. Each book offers all the essential information needed to execute strong designs in concert with beautiful and well-crafted examples, so readers can successfully hit the mark every time.

Plain Language, Clear and Simple Canada. National Literacy Secretariat,NGL Consulting Ltd,1991 Presents a hands-on guide to plain language writing for government employees. The goal is to provide effective service by telling people what they need or want to know using language that is easily understood and information that is organized in a clear and logical way.
