*Gardens and the Passion for the Infinite* Anna-Teresa Tymieniecka, 2013-06-29 What essentially is a garden? Is it a small plot of land that we put aside to cultivate our favorite vegetables or to grow flowers for our personal enjoyment? Or is it a symbol, a mirror, a reflection of our human passions? The topic of the present volume is the mysterious ways in which Imaginatio Creatrix plays within the human ingrownness in natural life, transposing dreams, nostalgias, and enchantments.

**Inside Out & Back Again** Thanhha Lai, 2013-03-01 Moving to America turns H&A's life inside out. For all the 10 years of her life, H&A has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&A and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&A discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one

country to another, one life to the next.
