The Story of the Selma Voting Rights Marches in Photographs David Aretha,2014-01-01 The Civil Rights Act of 1964 was a momentous victory for civil rights activists, but one major obstacle remained in the path toward equal rights for African Americans: the right to vote. In the South, segregationists prevented African Americans from voting. Civil rights leaders believed it was time for strong action and chose Selma, Alabama, as the rallying point. There, the marches and protests captured the nation's attention. Through gripping primary source photographs, author David Aretha explores this important time in American history.

Physics of the Impossible Michio Kaku,2008-03-11 NATIONAL BESTSELLER • Inspired by the fantastic worlds of Star Trek, Star Wars, and Back to the Future, the renowned theoretical physicist and national bestselling author of The God Equation takes an informed, serious, and often surprising look at what our current understanding of the universe's physical laws may permit in the near and distant future. Teleportation, time machines, force fields, and interstellar space ships—the stuff of science fiction or potentially attainable future technologies? Entertaining, informative, and imaginative, Physics of the Impossible probes the very limits of human ingenuity and scientific possibility.

A Hobbyist's Guide to THEC64 Mini Holger Weßling,2018-11-28 If you own a C64 and tinkered with it, you will definitely enjoy this book. I have collected a large collection of tips and tricks, hardware, useful software and many other interesting internet links for the Mini. Retro Games has answered my every question and covered every topic. As a result, a lot of official answers went into this book. The software solutions I present here will make it easier to use and extend the Mini with a variety of new games compared to the possibilities you have using the original menu. I mention some tools and tricks that make loading new games from an USB stick much easier and I will show you how you can use all your games from almost all Commodore file formats on the Mini. I found and interviewed dedicated users who took the Mini apart and analyzed the hardware. What gave birth from tinkering with the hardware is the information from which you now can benefit. For example, you can learn about the joystick and USB compatibilities, why delays can occur between a joystick action and the screen display and what you can do about it. Slightly more complex changes of the system are also possible e.g. you can change the music menu, which seems dull at first, but is technically somehow more difficult to implement than you might think. I do hope that you will find a lot of suggestions to revive or deepen your love for the C64 in this book and that you will have a lot of fun playing and experimenting with it.

The Gopi Diaries Sudha Murty,2020-03-29 The Gopi Diaries is a series of three books for children about a dog called Gopi. Told in Gopi's voice, the first book, Coming Home, begins with Gopi going to his new home, and tells the story of how he settles down with his loving, human family. How Gopi sees the world around him and what he thinks of the people in his life give the story a truly unique flavour. Written in Sudha Murty's inimitable style, these are books children and adults will treasure as the simple stories talk of basic values even when told from a dog's perspective.
