International Migration Law Richard Plender,1988-04-05 13: The expulsion of aliens.

Inglorious Revolution William R. Summerhill,2015-10-06 Nineteenth-century Brazil's constitutional monarchy credibly committed to repay sovereign debt, borrowing repeatedly in international and domestic capital markets without default. Yet it failed to lay the institutional foundations that private financial markets needed to thrive. This study shows why sovereign creditworthiness did not necessarily translate into financial development. "Using a vast array of archival evidence, Summerhill convincingly shows that political commitment to a secure public debt was neither necessary nor sufficient to insure financial development in nineteenth-century Brazil. A must-read for economic and financial historians and for anyone interested in the politics of financial development." —Jean-Laurent Rosenthal, California Institute of Technology

The Australia-European Union Free Trade Agreement Marc Bungenberg,Andrew Mitchell,2022-02-26 This book gathers a selection of peer-reviewed chapters reflecting on the Australia-European Union Free Trade Agreement (AEUFTA). Since 18 June 2018, ten rounds of negotiations for a AEUFTA have been held in a constructive atmosphere, showing a shared commitment to move forward with this ambitious and comprehensive agreement. After a lengthy and arduous process interrupted by the United Kingdom's withdrawal from the European Union (EU), the United States' hesitations regarding the EU's global strategy and the outbreak of the COVID-19 pandemic, the negotiations between Australia and the European Union finally appear to be nearing completion. In challenging times, both parties share a commitment to a positive trade agenda, and to the idea that good trade agreements benefit both sides by boosting jobs, growth and investment. This book explores the challenges, achievements and missed opportunities in the AEUFTA negotiation process, and examines current legal and political relations between the EU, its Member States and Australia. Furthermore, it examines in detail a wide and diverse range of negotiated areas, including digital trade, services, intellectual property rules, trade remedies and investment screening, as well as dispute settlement mechanisms. Lastly, it sheds light on the likely nature of future commercial relations between Australia and the EU. Written by a team of respected authors from leading institutions in both Australia and Europe, the book provides a valuable, interdisciplinary analysis of the AEUFTA.

Johnny Appleseed and the American Orchard William Kerrigan,2012-10-02 Johnny Appleseed and the American Orchard illuminates the meaning of Johnny Appleseed Chapman's life and the environmental and cultural significance of the plant he propagated. Creating a startling new portrait of the eccentric apple tree planter, William Kerrigan carefully dissects the oral tradition of the Appleseed myth and draws upon material from archives and local historical societies across New England and the Midwest. The character of Johnny Appleseed stands apart from other frontier heroes like Davy Crockett and Daniel Boone, who employed violence against Native Americans and nature to remake the West. His apple trees, nonetheless, were a central part of the agro-ecological revolution at the heart of that transformation. Yet men like Chapman, who planted trees from seed rather than grafting, ultimately came under assault from agricultural reformers who promoted commercial fruit stock and were determined to extend national markets into the West. Over the course of his life John Chapman was transformed from a colporteur of a new ecological world to a curious relic of a pre-market one. Weaving together the stories of the Old World apple in America and the life and myth of John Chapman, Johnny Appleseed and the American Orchard casts new light on both. -- James Gilbert, University of Maryland

Inside Out & Back Again Thanhha Lai,2013-03-01 Moving to America turns H&a's life inside out. For all the 10 years of her life, H&a has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&a and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&a discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.
