If You Could See What I See Sylvia Browne,2010-11-29 This enlightening work by renowned psychic Sylvia Browne contains the Gnostic tenets of her church, the Society of Novus Spiritus, and is a map of our charts - regardless of what spiritual path we follow. It has taken many years of research to put together these seemingly simple tenets, but as we go deeper, we can see that this book carries within it the very heart of humankind's search for our own spirituality. Sylvia has also included many details from her own personal journey, which she feels is comparable to the quest that each of us follows to find our own God-center. As we travel on this road, we can realize that long-forgotten yet inherent goal of viewing our life on Earth as our path to God. This is a valuable book that provides long-awaited answers to some of humankind's most persistent questions . . . done in the way only Sylvia can.

Capital Allocators Ted Seides,2021-03-23 The chief investment officers (CIOs) at endowments, foundations, family offices, pension funds, and sovereign wealth funds are the leaders in the world of finance. They marshal trillions of dollars on behalf of their institutions and influence how capital flows throughout the world. But these elite investors live outside of the public eye. Across the entire investment industry, few participants understand how these holders of the keys to the kingdom allocate their time and their capital. What's more, there is no formal training for how to do their work. So how do these influential leaders practice their craft? What skills do they require? What frameworks do they employ? How do they make investment decisions on everything from hiring managers to portfolio construction? For the first time, CAPITAL ALLOCATORS lifts the lid on this opaque corner of the investment landscape. Drawing on interviews from the first 150 episodes of the Capital Allocators podcast, Ted Seides presents the best of the knowledge, practical insights, and advice of the world's top professional investors. These insights include: - The best practices for interviewing, decision-making, negotiations, leadership, and management. - Investment frameworks across governance, strategy, process, technological innovation, and uncertainty. - The wisest and most impactful quotes from guests on the Capital Allocators podcast. Learn from the likes of the CIOs at the endowments of Princeton and Notre Dame, family offices of Michael Bloomberg and George Soros, pension funds from the State of Florida, CalSTRS, and Canadian CDPQ, sovereign wealth funds of New Zealand and Australia, and many more. CAPITAL ALLOCATORS is the essential new reference manual for current and aspiring CIOs, the money managers that work with them, and everyone allocating a pool of capital.

The Last President Paul Robert Howell, An addictive, adrenaline-pumping political thriller that asks the question: Is this the end of America? An exhilarating adventure that masterfully combines history, world politics, Bible-prophecy and pulse pounding suspense. Fans of Dan Brown will love 'The Last President - David Barry This is a highly addictive book that had me turning pages past my bedtime! I read this book because I loved Paul's last book Babylon the great. Highly recommended and cheap on kindle. - Amazon Review This riveting political thriller will have readers on the edge of their seats as they read a plausible scenario whereby the United States could lose its power and position in the world. British-born JOHN BLACK has always had his eyes set on the American presidency. He is linked to a European-based secret society committed to the goal of a Euro-centric New World Order. The group is comprised of many of the most influential political, business and religious leaders in the world and has unlimited financial and technological resources. Fortunately, the previous US administration has repealed the legislation requiring presidential candidates to be American-born. American ascendancy can now be undone subversively! The CIA arrive at the conclusion: Congressman Black may be part of a subversive plot to undermine American sovereignty! The only question is: Will anyone be able to prove this theory before the Presidential election...and now time is running out as the clock counts down to what may be the election of the last President of the United States as we know it!

Jung's Nietzsche Gaia Domenici,2019-07-29 This book explores C.G. Jung's complex relationship with Friedrich Nietzsche through the lens of the so-called 'visionary' literary tradition. The book connects Jung's experience of the posthumously published *Liber Novus* (The Red Book) with his own (mis)understanding of Nietzsche's Zarathustra, and formulates the hypothesis of Jung considering Zarathustra as Nietzsche's *Liber Novus* -- both works being regarded by Jung as 'visionary' experiences. After exploring some 'visionary' authors often compared by Jung to Nietzsche (Goethe, Hölderlin, Spitteler, F. T. Vischer), the book focuses upon Nietzsche and Jung exclusively. It analyses stylistic similarities, as well as explicit references to Nietzsche and Zarathustra in *Liber Novus*, drawing on Jung's annotations in his own copy of Zarathustra. The book then uses *Liber Novus* as a prism to contextualize and understand Jung's five-year seminar on Zarathustra: all the nuances of Jung's interpretation of Zarathustra can be fully explained, only when compared with *Liber Novus* and its symbology. One of the main topics of the book concerns the figure of 'Christ' and Nietzsche's and Jung's understandings of the 'death of God.'
