What is Numerology? Sonia Ducie, 2016-12-27 Numerology - the science, psychology and philosophy of numbers - enables us to use our mind and intuition to observe, connect with and interpret the cycle of numbers governing all aspects of life (1 to 9). Each of these numbers has its own set of qualities and meanings that can influence us at different levels - physical, emotional, mental and spiritual - in order to really make the most of life. After an insightful introduction about why the subject of Numerology is so worth exploring and the benefits it can bring, each main chapter then addresses key questions such as: Where does Numerology come from and how does

it work? What are the benefits of applying Numerology to our lives? Can Numerology give me more insight into my own, or others', character? Can Numerology influence my aspirations and decisions in life? And finally, how can Numerology help me to become more aware of the bigger picture in life and make a wider contribution to society? As such, this book brings readers on an expert but exploratory journey through the world of numerology, reminding us of the power of numbers to cross all barriers (language, social and cultural), reminding us of our common quest to live happier, more fulfilled lives, and providing a fast track to truth and change.

A Little Bit of Numerology Novalee Wilder, 2019-10-22 A crash course in how to use the age-old spiritual and practical study of numbers in your own life, including calculating your essence and name vibration. Through the energetic power of numbers, it's possible to gain insights into the core of who we are and what specific gifts and challenges we are here to master. Practicing numerologist Novalee Wilder provides an overview of the ancient esoteric system of numerology, including its history and origins. A step-by-step guide shows how to calculate your essence by examining the numbers one through nine, and using the results to explore your personality, understand essential life lessons, and figure out goals. Wilder also discusses the concept of name vibrations, the Numeroscope (a numerologist's greatest tool), understanding others through numerology (using famous figures throughout history as examples), and applying this knowledge to your daily life.

Numerology Daniel Heydon, 2007-11 The secret to our destiny lies in the numbers. With more than 500 fascinating pages on the theory and practice of numerology packed into this little powerhouse, anyone can become an expert on the subject. Like astrology, numerology is based on birth date, but it uses

names, too. Each letter of the alphabet has a matching number (from 1 to 9), and that's where the illumination begins. Seekers will enjoy a new understanding of their numerological fortunes, including the Soul Urge, which motivates our actions; the Quiet Self, which reveals our inner desires; and The Expression, which explains how to accomplish our goals. Like every Little Giant, this entry presents an extraordinary amount of information in a convenient format, with dozens of charts, tables, and graphs.

Numerology Jean Simpson, 2014-01-07 Widespread interest in numerology never seems to wane, but there are still plenty of people who want to know how to use numbers to learn more about themselves and to make predictions for the future. *Idiot's Guides: Numerology* is an easy-to-understand reference that explains Chaldean, Pythagorean, Kabbalah, Chinese, and other systems. Numerology for the New Age Lynn Buess, 1978 Our own vibrations and cyclical patterns are numerologically determined by our dates of birth and given names. By understanding these cycles, we can learn to more efficiently express our potential, human and divine. This volume concentrates more on the experiential value of numerology than the historical. Lynn Buess has come into national prominence since the success of his first book *The Tarot and Transformation*. His popularity as a speaker and instructor has taken him across the country many times to universities, churches, professional organizations, and New Age Centers of Light. He has appeared on numerous television shows and on radio talk shows from coast to coast. Although his work with Tarot and Numerology causes most people to associate him with symbolical studies, Lynn spends most of his time today working with various alternative metaphysical healing methods. Since his gift of healing awakened years ago, he has demonstrated and taught numerous techniques of psycho-spiritual healing. He is also the author of *Synergy Session(R)*, which teaches an entirely new system of multiple-level wholistic counseling/healing. Along with his national tours, he has taught courses on parapsychology, healing, Tarot, meditation, and self-awareness at several colleges and one university within the University System of Georgia. As a tireless worker, Lynn is dedicated to bringing sincere seekers into a deeper awareness of the LIGHT within.

The Heart of Numerology Lynn Buess, 2012-10-01 Perhaps you have read a little about numerology and wondered just how it manages to reveal so much. If you have been looking for more information to take you beyond the elementary texts and teachings of numbers, you have come to the right place. By choosing the study of this symbolic matrix, you have chosen a path that can take you into the most sublime heights and penetrating depths of human consciousness and beyond. Do you want to know a secret? Many of them can be revealed as you weave your way through a multidimensional journey of symbolic delight that numerology presents. Lynn Buess, MA, EdS, has served more than one half of a century studying, teaching, and counseling in the field of symbols, cycles, and numbers. Lynn is well qualified to be the one to outline this journey and help show you the way. He is the only practicing professional numerologist to have completed two accredited graduate degrees in which he specialized in the meaning of numbers and symbols and the psychological application of these symbols to life. In his teaching, he reveals the psychology, cosmology, and spirituality of numerology. To him, numbers are not a static set of symbols; rather, they are like cosmic chords of sound and light that help make up the rhythms of the cosmic dance. Would you like to dance?
