Handbook on Knowledge Management 1 Clyde Holsapple,2013-04-17 As the most comprehensive reference work dealing with knowledge management (KM), this work, consisting of 2 volumes, is essential for the library of every KM practitioner, researcher, and educator. Written by an international array of KM luminaries, its approx. 60 chapters approach knowledge management from a wide variety of perspectives ranging from classic foundations to cutting-edge thought, informative to provocative, theoretical to practical, historical to futuristic, human to technological, and operational to strategic. Novices and experts alike will refer to the authoritative and stimulating content again and again for years to come.

In Search of the Lost Emily Jane,Jeffrey Eugene Elliott,2013-07 Since the publication of the first volume of *In Search of the Lost*, Volume Two, still the poems in this work are a humble attempt to explore our human search for meaning and purpose. We hope you enjoy the poems in Volume Two. We believe both works should be explored together. Included in the Second Volume of *In Search of the Lost*, by Emily Jane Elliott and Jeffrey Eugene Elliott are four poems originally included in the First Volume of *In Search of the Lost*. The four poems from the first volume also included in this volume are, *Streets of Fire*, *Gauisus Dia*, *Heaven Descends to Dwell*, *Amelia and Memories*. Additionally, the poem, *Search* was added upon from the version found in Volume One. We hope that you enjoy Volume Two as much as readers indicated they enjoyed Volume One. This poetry is dedicated to Owen, Ryder, Matthew and Trace with great love and pride.

Handbook on Decision Support Systems 1 Frada Burstein,Clyde W. Holsapple,2008-01-22 Decision support systems have experienced a marked increase in attention and importance over the past 25 years. The aim of this book is to survey the decision support system (DSS) field – covering both developed territory and emergent frontiers. It will give the reader a clear understanding of fundamental DSS concepts, methods, technologies, trends, and issues. It will serve as a basic reference work for DSS research, practice, and instruction. To achieve these goals, the book has been designed according to a ten-part structure, divided in two volumes with chapters authored by well-known, well-versed scholars and practitioners from the DSS community.

Take Control of Preview Josh Centers,Adam Engst,2023-05-24 Discover Preview's hidden features for editing images and manipulating PDFs! Version 1.3, updated May 24, 2023 Apple's Preview app is bundled with every Mac and yet many Mac users have only a shallow understanding of

what it's capable of. Mac experts Adam Engst and Josh Centers have plumbed Preview's depths to create a cheerful, colorful book that explains dozens of techniques for importing, viewing, editing, and converting images in Preview. It also puts you in control of reading, annotating, manipulating, and encrypting PDFs.

Packed with real-world examples and tips, the book teaches you how to bring files into Preview from a camera, iOS or iPadOS device, or scanner (or just from the Finder). Once you discover Preview's surprisingly capable collection of image-editing tools, you'll soon be editing imported photos by tweaking the exposure, color saturation, sharpness, and more. You can even mark up your images with circles, arrows, and text, plus numerous other shapes. In the second part of the book, Adam and Josh focus on PDFs in Preview, describing how to configure Preview to make reading PDFs as fluid as possible. Since so many paper forms now come in PDF, the book shows you how to fill out PDF-based forms, complete with quick insertion of your digital signature. Those who read digital textbooks or who collaborate on documents will learn to annotate PDFs with highlights, notes, and bookmarks. You'll even learn how to create PDFs from a scanner, the clipboard, and the Print dialog. Finally, Adam and Josh cover various ways protect your PDFs, including encrypting them, restricting permissions, and redacting portions of them. Preview is a veritable Swiss Army Knife. Don't miss out on the many ways it can make your life easier, including these capabilities:

- Import photos from your iPhone or iPad.
- Scan paper-based documents and images.
- Add a scanned page to an existing PDF.
- Take a screenshot that includes the pointer.
- Open hundreds of images in a single window.
- Trash unwanted images with a keystroke.
- Duplicate, rename, and move images without leaving Preview.
- Play a manually arranged slideshow of images or PDF pages.
- Resize and change the resolution of images.
- Crop out undesirable content.
- Identify people, landmarks, and objects in images.
- Mark up screenshots with shapes and text labels.
- Magnify a portion of an image with a loupe.
- Add text captions and speech bubbles to photos.
- Tweak the white point and black point in photos.
- Make photos sepia or black-and-white.
- Edit a photo while comparing it to its original version.
- Export to any of numerous formats, including HEIC.
- Put thumbnails, table of contents, notes, or bookmarks in your sidebar.
- View search results by rank or page order.
- Copy text and images from a PDF, and copy text from any image.
- Highlight text just like you would in a college textbook.
- Add notes to highlighted text and as freestanding objects.
- Review notes in the sidebar or Annotations inspector.
- Create bookmarks to pages you want to revisit quickly.
- Annotate a PDF with customizable shapes and arrows.
- Fill in PDF forms, whether or not they're interactive.
- Create and insert a digital version of your signature into PDF forms.
- Add, remove, and rearrange pages in a

PDF. • Rotate PDF pages that were scanned at the wrong orientation. • Encrypt PDFs so they can't be opened without a password. • Set restrictions on who can perform various actions on a PDF document. • Redact sensitive information from a PDF.

The Annenbergs John E. Cooney,1982 This is the colorful and dramatic biography of two of America's most controversial entrepreneurs: Moses Louis Annenberg, 'the racing wire king, ' who built his fortune in racketeering, invested it in publishing, and lost much of it in the biggest tax evasion case in United States history; and his son, Walter, launcher of TV Guide and Seventeen magazines and former ambassador to Great Britain.--Jacket.

The Fundamentals of Figure Drawing Barrington Barber,2017-06-13 The ability to draw the human form accurately and competently is a primary goal for many aspiring artists, despite the current trend in the art establishment away from figurative subjects. The book is intended for anyone who wants to discover every aspect of what for centuries was regarded as the real test of an artist's mettle. Renowned teacher and artist Barrington Barber begins his exploration with anatomy, an understanding which is vital if the artist is to handle form and translate what he sees into a believable representation of life. He goes on to look at the whole figure: clothed, drawn from life, in action and in detail. Supported by sections on composition, styles and a step-by-step guide to a final composition, he has once again achieved a brilliantly inspirational art book. Comprehensive, easy to follow and packed with over 300 of Barrington Barber's illustrations, *The Fundamentals of Figure Drawing* is a must for artists of all abilities.

The Apaches Donald E. Worcester,2013-04-08 Until now Apache history has been fragmented, offered in books dealing with specific bands or groups-the Mescaleros, Mimbrenos, Chiricahuas, and the more distant Kiowa Apaches, Lipans, and Jicarillas. In this book, Donald E. Worcester synthesizes the total historical experience of the Apaches, from the post-Conquest Spanish era to the late twentieth century. In clear, fluent prose he focuses primarily on the nineteenth century, the era of the Apaches' sometimes splintered but always determined resistance to the white intruders. They were never a numerous tribe, but, in their daring and skill as commando-like raiders, they well deserved the name Eagles of the Southwest. The book highlights the many defensive stands and the brilliant assaults the Apaches made on their enemies. The only effective strategy against them was to divide and conquer, and the Spaniards (and after them the Anglo-Americans) employed it extensively, using renegade Indians as scouts, feeding traveling bands, and trading with them at their presidios and missions. When the Mexican Revolution disrupted this pattern in 1810, the Apaches again turned to raiding, and

the Apache wars that erupted with the arrival of the Anglo-Americans constitute some of the most sensational chapters in America's military annals. The author describes the Apaches' life today on the Arizona and New Mexico reservations, where they manage to preserve some of the traditional ceremonies, while trying to provide livelihoods for all their people. The Apaches still have a proud history in their struggles against overwhelming odds of numbers and weaponry. Worcester here re-creates that history in all its color and drama.

Introduction to Forensic Psychology Curt R. Bartol, Anne M. Bartol, 2018-01-16 The text provides a great, general overview of different areas of criminal and civil forensic psychology. —Aryl Alexander, PsyD, Clinical Assistant Professor, University of Denver Written by authors with extensive experience in the field and in the classroom, *Introduction to Forensic Psychology: Research and Application*, Fifth Edition demonstrates how to analyze psychological knowledge and research findings and then apply these findings to the civil and criminal justice systems. Focusing on research-based forensic practice and practical application, this text uses real-life examples and case law discussions to define and explore forensic psychology. This text introduces students to emerging specializations within forensic psychology, including investigative psychology, family forensic psychology, and police and public safety psychology. Students will develop a multicultural perspective with an ethnic and racial sensitivity, which is critical to the successful practice of forensic psychology. New to the Fifth Edition: Updated statistics, research, and case law, such as recent Aid in Dying legislation, as well as analysis of recent events, help students see the real-world applications to current events. Updated Focus boxes empower students to dig deeper into current issues, such as mental health courts, community-oriented policing, child abduction, hate crimes, the death penalty, and more. All Focus boxes also contain discussion questions for students to debate in a classroom setting. All new From My Perspective boxes provide students with information about career choices as well as helpful advice about pursuing their goals. Increased attention to immigration-related issues offers students additional insights into immigration proceedings and ways to consult with the courts. Additional coverage of human trafficking and online sexual predators enables students to better understand the psychological effects on victims and the services available to help. Current research on violent video games, cyberbullying, and cyberstalking provides real examples of the effects of violent media. New research on juveniles allows students to see the important contributions of neuropsychologists, particularly in terms of brain development in adolescents and promising community-based treatment approaches for juveniles. SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study,

The Numinous Legacy Adair Butchins,2002 Where is God in the universe if anywhere? Why did God make germs? Why should we be so special? Could the universe have been different? This is a book that brings home, in no uncertain fashion, the discrepancy between the universe envisaged by the ancient sages and prophets and that of modern scientific cosmology, where the possibility of divine intervention looks less and less likely. Butchins demonstrates with clarity how the scientific method may be used, despite certain drawbacks, in an attempt to verify objective truth. It describes how the effect of the Copernican Revolution in the seventeenth century has steadily undermined the basic structure of the three great monotheistic religions of our day, Judaism, Christianity, and Islam, especially with respect to their eschatological concepts. The Eastern religions, being less anthropomorphic, are less affected. The theistic argument from design is shown to be powerful enough to have caused disagreement among present-day scientists, in spite of the strictures of Professor Dawkins. In general, the book attempts to make some sense of the structure of the universe in terms of our own consciousness; it behoves the reader to consider tha

Take Control of PDFpen 8 Michael Cohen,2016 Juggle your PDFs easily with PDFpen 8! These days, an ever-increasing amount of paper--Contracts, tax forms, bills, reports, and more - comes into our lives as PDF files. We generate this virtual paper too, since it's so much easier to save a document as a PDF and send it to a colleague via email than it is to print and send via fax or mail. To read, edit, and manipulate all these PDFs, you need appropriate tools and skills. Given the high price of Adobe Acrobat DC Pro, many Mac users have turned to Smile's affordable PDFpen apps to help them sign PDF forms, handle scanned documents, make changes in existing PDFs, create new PDFs from a variety of sources, and even export PDFs to other file formats. With **Take Control of PDFpen 8**, you'll learn how to do all these tasks and more on your Mac with PDFpen or PDFpenPro or on the go with PDFpen for iPad & iPhone. Members of Take Control's sister publication, TidBITS, can save 20% on all Smile products purchased through the Smile cart, including PDFpen 8 and PDFpenPro 8. To learn more, visit the Membership Benefits page. To access the coupon code, make sure you've logged

in and click through from the Your Member Benefits page. Take Control of PDFpen 8 begins with a guide to purchasing options: PDFpen versus PDFpenPro, from Smile versus the Mac App Store, and the advantages of the iOS version. Next, you'll meet PDFpen with an overview of the PDF format and a tour of the interface. With the basics out of the way, highlights of what you'll learn to do include: Add and remove pages, and combine pages from multiple files into one PDF. Mark up a PDF with highlights, comments, editing marks, and more. Edit a PDF by fixing typos, adding text, formatting text, and redacting confidential text. Scan a document into a PDF, and make the text editable with OCR. View and work with OCRed text in the OCR layer (PDFpenPro only) Add clickable links, page numbers, and images. Make a clickable table of contents (PDFpenPro only). Password-protect a PDF. And (PDFpenPro only), prevent others from printing or editing a PDF. Turn a PDF into a formatted Microsoft Word document, or (PDFpenPro only) export it in Excel or PowerPoint format. And, you'll find directions for working with PDF forms: Fill out forms with ease. Add a handwritten signature. Apply a digital signing certificate. Print just form entries on a pre-printed form.
