**Brain Wars** Mario Beauregard, 2012-04-24 The brain can be weighed, measured, scanned, dissected, and studied. The mind that we conceive to be generated by the brain, however, remains a mystery. It has no mass, no volume, and no shape, and it cannot be measured in space and time. Yet it is as real as neurons, neurotransmitters, and synaptic junctions. It is also very powerful. —from *Brain Wars* Is the brain a computer made of meat, and human consciousness a simple product of electrical impulses? The idea that matter is all that exists has dominated science since the late nineteenth century and led to the long-standing scientific and popular understanding of the brain as simply a collection of neurons and neural activity. But for acclaimed neuroscientist Mario Beauregard, Ph.D., along with a rising number of colleagues and others, this materialist-based view clashes with what we feel and experience every day. In *Brain Wars*, Dr. Beauregard delivers a paradigm-shifting examination of the role of the brain and mind. Filled with engaging, surprising, and cutting-edge scientific accounts, this eye-opening book makes the increasingly indisputable case that our immaterial minds influence what happens in our brains, our bodies, and even beyond our bodies. Examining the hard science behind unexplained phenomena such as the placebo effect, self-healing, brain control, meditation, hypnosis, and near-death and mystical experiences, Dr. Beauregard reveals the mind's capabilities and explores new answers to age-old mind-body questions. Radically shifting our comprehension of the role of consciousness in the universe, *Brain Wars* forces us to consider the immense untapped power of the mind and explore the profound social, moral, and spiritual implications that this new understanding holds for our future.

**Four Seconds to Lose** K.A. Tucker, 2014-04 Owning a strip club isn't the fantasy most guys expect it to be. With long hours, a staff with enough issues to keep a psych ward in business, and the police checking up on him regularly, twenty-seven year old Cain is starting to second guess his silent mission to save these women. That is, until a tiny angel named Charlie walks through his door. Blonde and blue-eyed, sweet as can be, this dancer's sad smile opens up old wounds. She reminds him so much of Penny. As much as Cain tries to avoid being that creepy strip club boss who dates his staff, he can't help but be attracted to Charlie. As he grows closer to her, waiting for her to turn her life around, he discovers that she's headed down a dangerous path, the same one that claimed the other important women in his life--

**My People Redux** Angela Trudell Vasquez, 2022-01-14 The poems in the collection, *My People Redux*, travel through time. We go back and forth between the present, *They Could Be Sisters*, and the past, *Goose Eggs*, not just the poet's past but that of her ancestors who came to the Midwest from Mexico in the late 1800s, as displayed in the piece, *My People Redux*. The poet's voice is always female and strong, but also vulnerable as in the poem, *Child Pose Cannot Hold*. These are poems of race, ethnicity, gender, and class. There are also mystical poems in this collection and things the poet cannot explain like in the piece, *Once in Seattle* and in *The Congregation*. In Trudell Vasquez's fourth collection her concerns are the same as in all of her previous collections but her way of approaching the page varies. The poet travels in this collection: from Madison to Seattle, Santa Fe, Des Moines, Milwaukee, Washington D.C., Chicago, and outside of the country too, to the Caribbean to *Isla Mujeres* in Mexico. In the poem, *Everybody is Somebody's Child*, we are given a glimpse of the poet's concern for all people across the globe. Ever present in all the work is nature, the poet's appreciation for the natural world and all its creatures, but especially the least fortunate among us.

**A Year with Swollen Appendices** Brian Eno, 2020-11-17 The diary and essays of Brian Eno republished twenty-five years on with a new introduction by the artist in a beautiful hardback edition. 'One of the seminal books about music . . . an invaluable insight into the mind and working practices of one of the industry's undeniable geniuses.' GUARDIAN At the end of 1994, Brian Eno resolved to keep a diary. His plans to go to the cinema, theatre and galleries fell quickly to the wayside. What he did do - and write - however, was astonishing: ruminations on his collaborative work with David Bowie, U2, James and Jah Wobble, interspersed with correspondence and essays dating back to 1978. These 'appendices' covered topics from the generative and ambient music Eno pioneered to what he believed the role of an artist and their art to be, alongside adroit commentary on quotidian tribulations and happenings around the world. This beautiful 25th-anniversary hardcover

edition has been redesigned in the same size as the diary that eventually became this book. It features two ribbons, pink paper delineating the appendices (matching the original edition) and a two-tone paper-over-board cover, which pays homage to the original design. An intimate insight into one of the most influential creative artists of our time, *A Year with Swollen Appendices* is an essential classic.

Self-management for Actors Bonnie Gillespie, 2009 Guiding actors through the process of taking control of the business side of their careers, the author maintains there is no secret method for joining the Working Actor's Club. What does exist is a simple, self-management concept that doesn't eliminate one's ability to be a creative artist.

*Memories I Can't Let Go Of* Susan Young, 2012-08-01 We walked to school. In the wintertime I remember as a very small child, when it was snowing and the wind was blowing very, very hard, Daddy would carry me so I would be facing south, and he would take the wind and carry me to school. Alma Roso Hunter What do we remember as we look back on a lifetime? When 78-year-old Alma Roso Hunter was interviewed in 2003, the memory of her father sheltering her from a cold north wind remained vivid. It's a lovely recollection, full of meaning not just for Alma Roso Hunter's family, but also for her hometown of Tontitown, Arkansas, and for anyone who recognizes the importance of preserving stories of everyday life. Alma Roso Hunter's life story is one of 48 oral history interviews collected as part of the Tontitown Preservation Project, founded in 2002 by a group of volunteers who wanted to assist the Tontitown Historical Museum in its efforts to document and preserve the community's Italian heritage. The folks interviewed range in age from 56 to 93; most are in their late 70s and early 80s. They relate their memories with a refreshing candor that often comes with age. Most of them are first generation Italian Americans. Their everyday lives still contain many direct ties to their Italian roots. Most of them grew up during the Great Depression. They describe the hard times that were known to most all rural Ozark families during those years. In *Memories I Can't Let Go Of*, the Tontitown Preservation Project interviews are presented as narrative stories, weaving together memories of grandparents and parents, home and community life, foodways, school days (with nuns as teachers), grape festivals and holiday traditions, marriage, and raising a family. Common themes emerge: a strong work ethic, the importance of family, and a genuine love for fun and fellowship. Susan Young is the outreach coordinator at the Shiloh Museum of Ozark History in Springdale, Arkansas. She is the author of *So Big, This Little Place: The Founding of Tontitown, Arkansas, 1898-1917*.

**How to Save a Life** Eva Carter, 2021-05-25 Joel's heart stops as the rest of the world welcomes the start of a new century. What happens next will change the course of three people's lives forever . . . It's nearly midnight on the eve of the millennium when eighteen-year-old Joel's heart stops. A school friend, Kerry, performs CPR for almost twenty exhausting minutes, ultimately saving Joel's life, while her best friend Tim freezes, unable to help. That moment of life and death changes the course of all three lives over the next two decades: each time Kerry, Joel and Tim believe they've found love, discovered their vocation, or simply moved on, their lives collide again. Structured around the four simple steps involved in CPR, Eva Carter's *How to Save a Life* is both a love story and an exploration of what it means to be brave – because bravery isn't just about life or death decisions; it's also about how to keep on living afterwards . . .

**Shadow Breakers** Daniel Blythe, 2013-01-01 Can she escape the shadows and face the truth before the darkness destroys her? If the enemy is a fire, the evil is its shadow, flickering upon the wall. That's very poetic, Miss Bellini. I just wish I knew what it meant. Miranda's new home is a dull seaside town at the edge of the world, the sort of forgotten place where nothing ever happens. Until something does. Something strange and sinister. With her schoolteacher and her classmates, who might be more clued in than they let on, Miranda sets out to uncover the mystery. Her bravery borders on recklessness. She thinks she's chasing shadows, tortured spirits from centuries past, but could true darkness lie within? With a mixture of science and magic, Miranda's got to figure out how to break and banish the evil before it destroys her. An electrifying paranormal thriller that will have readers guessing till the end!

Touchscreen Archaeology Wanda Strauven, 2021-05-17 The touchscreen belongs to a century-long history of hands-on media practices and touchable art objects. This media-archaeological excavation examines the nature of our sensual involvement with media and invites the reader to think about the touchscreen beyond its technological implications. In six chapters, the book questions and historicizes both aspects of the touchscreen, considering touch as a media practice and screen as a touchable object.

Classic Motorcycles Pat Hahn, 2017-01-01 Finally! The world's most incredible motorcycles are given the artful representation they deserve. The motorcycle should have disappeared with the advent of the inexpensive automobile, since Henry Ford's Model T usurped the motorcycle's position as a primary form of utilitarian transportation, but a funny thing happened on the way to extinction - the motorcycle not only survived but thrived. Enough people were enamored of the thrill and beauty of the two-wheeled mechanical beast to ensure it would continue to exist indefinitely. And exist they have! Many of the motorcycles manufactured over the past century truly fit the description of classic, and many consider these machines works of art. Written by noted motorcycle author Patrick Hahn, *Classic Motorcycles* presents the history of motorcycling as told through the most significant, iconic, classic motorcycles of all time, with both period photography and modern portrait photography. All the best domestic and international makes are represented here, from BMWs, Indians, and Triumphs to Vincents, Ducatis, and Harley-Davidsons - the most classic models. You'll drool over the 1933 Matchless Silver Hawk. Each motorcycle was shot in a studio setting using photographer Tom Loeser's light-painting technique. Period ads and relevant historic photos and documents are spread throughout the book to supplement the portraits of the bikes, really evoking a sense of time and place. Prepare to be in awe of the undeniably classic motorcycles in this collection. It's the only motorcycle history you'll need.

Recognizing this painful truth is the first step in the writer's transformation from amateur to professional. From Chapter Four: "When you understand that nobody wants to read your shit, you develop empathy. You acquire the skill that is indispensable to all artists and entrepreneurs—the ability to switch back and forth in your imagination from your own point of view as writer/painter/seller to the point of view of your reader/gallery-goer/customer. You learn to ask yourself with every sentence and every phrase: Is this interesting? Is it fun or challenging or inventive? Am I giving the reader enough? Is she bored?
