All the Lives I Want Alana Massey,2017-02-07 Alana Massey's prose is to brutal honesty what a mandolin is to a butter knife: she's sharper; she slices thinner; she shows the cross-section of a truth so deftly--so powerfully and cannily--it's hard to look away, and hard not to feel that something has shifted in you for having read her. -- Leslie Jamison, New York Times bestselling author of The Empathy Exams From columnist and critic Alana Massey, a collection of essays examining the intersection of the personal with pop culture through the lives of pivotal female figures--from Sylvia Plath to Britney Spears--in the spirit of Chuck Klosterman, with the heart of a true fan. Mixing Didion's affected cool with moments of giddy celebrity worship, Massey examines the lives of the women who reflect our greatest aspirations and darkest fears back onto us. These essays are personal without being confessional and clever in a way that invites readers into the joke. A cultural critique and a finely wrought fan letter, interwoven with stories that are achingly personal, All the Lives I Want is also an exploration of mental illness, the sex industry, and the dangers of loving too hard. But it is, above all, a paean to the celebrities who have shaped a generation of women--from Scarlett Johansson to Amber Rose, Lil' Kim, Anjelica Huston, Lana Del Rey, Anna Nicole Smith and many more. These reflections aim to reimagine these women's legacies, and in the process, teach us new ways of forgiving ourselves.

Transforming the Workforce for Children Birth Through Age 8 National Research Council,Institute of Medicine,Board on Children, Youth, and Families,Committee on the Science of Children Birth to Age 8: Deepening and Broadening the Foundation for Success,2015-07-23 Children are already learning at birth, and they develop and learn at a rapid pace in their early years. This provides a critical foundation for lifelong progress, and the adults who provide for the care and the education of young children bear a great responsibility for their health, development, and learning. Despite the fact that they share the same objective - to nurture young children and secure their future success - the various practitioners who contribute to the care and the education of children from birth through age 8 are not acknowledged as a workforce unified by the common knowledge and competencies needed to do their jobs well. Transforming the Workforce for Children Birth Through Age 8 explores the science of child development, particularly looking at implications for the professionals who work with children. This report examines the current capacities and practices of the workforce, the settings in which they work, the policies and infrastructure that set qualifications and provide professional learning, and the government agencies and other funders who support and oversee these systems. This book then makes recommendations to improve the quality of professional practice and the practice environment for care and education professionals. These detailed recommendations create a blueprint for action that builds on a unifying foundation of child development and early learning, shared knowledge and competencies for care and education professionals, and principles for effective professional learning. Young children thrive and learn best when they have secure, positive relationships with adults who are knowledgeable about how to support their development and

learning and are responsive to their individual progress. Transforming the Workforce for Children Birth Through Age 8 offers guidance on system changes to improve the quality of professional practice, specific actions to improve professional learning systems and workforce development, and research to continue to build the knowledge base in ways that will directly advance and inform future actions. The recommendations of this book provide an opportunity to improve the quality of the care and the education that children receive, and ultimately improve outcomes for children.

Can't Slow Down Michaelangelo Matos,2020-12-08 A Rolling Stone-Kirkus Best Music Book of 2020 The definitive account of pop music in the mid-eighties, from Prince and Madonna to the underground hip-hop, indie rock, and club scenes Everybody knows the hits of 1984 - pop music's greatest year. From Thriller to Purple Rain, Hello to Against All Odds, What's Love Got to Do with It to Wake Me Up Before You Go-Go, these iconic songs continue to dominate advertising, karaoke nights, and the soundtracks for film classics (Boogie Nights) and TV hits (Stranger Things). But the story of that thrilling, turbulent time, an era when Top 40 radio was both the leading edge of popular culture and a moral battleground, has never been told with the full detail it deserves - until now. Can't Slow Down is the definitive portrait of the exploding world of mid-eighties pop and the time it defined, from Cold War anxiety to the home-computer revolution. Big acts like Michael Jackson (Thriller), Prince (Purple Rain), Madonna (Like a Virgin), Bruce Springsteen (Born in the U.S.A.), and George Michael (Wham!'s Make It Big) rubbed shoulders with the stars of the fermenting scenes of hip-hop, indie rock, and club music. Rigorously researched, mapping the entire terrain of American pop, with crucial side trips to the UK and Jamaica, from the biz to the stars to the upstarts and beyond, Can't Slow Down is a vivid journey to the very moment when pop was remaking itself, and the culture at large - one hit at a time.

Sting: A Loot Novel Jude Watson,2016-08-30 Rule Number One for Cat Burglars:Never Do a Favor for a Friend. March and Jules are lucky to escape with their lives, and one measly stone.Now the botched heist has created a world of trouble. The stone they grabbed was the Morning Star, one of a trio of famous sapphires, and it's cursed. The theft puts the twins and their friends in the crosshairs of Interpol, the FBI, and a vicious adult gang of criminals. And worst of all, the only way to break the curse and set everything to rights is by pulling off two more impossible heists... and stealing the other two sapphires in the set.Break out the black gloves. Twinfluence Grace Costello,2021-03-05 One last twin swap. What could go wrong? Twenty-six-year-old Dani's identical twin sister calls her out of the blue with a colossal problem. Sophie needs to jet off to Mexico to save her friend from a botched tummy tuck but her boss won't let her take any PTO. Dani, eager to repair their strained relationship, leaves her glamorous LA life behind as a top social media influencer to save the day. Dani's dang good at pretending to be her sister, but good enough to teach high school kids in rural Oklahoma? When Sophie gets stuck in Mexico for an entire month, Dani not only has to teach Economics and Life Skills, but she has to direct the school musical. And that boss Sophie hates so much? Yeah, it turns out Principal Beck is entirely too good-looking and single for Dani to ignore. Rushed high school musicals, fiery school board politics, and cozying up to Sophie's boss, definitely weren't on her sister's pre-approved syllabus, but Dani never was one for sticking to the plan. This dynamic duo combines laugh-out-loud comedy with emotional feel-good romance that will keep you flying through the pages.
