Deadskin Investigations Dale Albert Johnson,2017-09-02 For nearly forty years I have been chasing this object of love, Syriac manuscripts, because for me this is the most engaging way to enter into the romance and experience the source of love itself: God in the form of Jesus the Messiah. It is not for everyone. In fact it is a path for very few. It is a lot of hard work learning the languages and traveling to and living in to remote and difficult places in search of these manuscripts.

New Gunner Wales Adventures Dale Albert Johnson,2018-10-11 Gunner Wales is back again on three more adventures with his friend Illinois Johnson, his nephew Taylor Wales, and with a group of intellectual monks.

Stages of Consciousness Dale Albert Johnson,2017-12-09 An old idea with a new application The theory of recapitulation was a popular idea in the 19th century applied to biological revolution. Ontogeny recapitulates phylogeny-is an historical hypothesis that the development of the embryo

(ontogeny), goes through stages resembling the evolution of the animal's remote ancestors (phylogeny). Although the theory has been debunked in biology, aspects of the theory survive in other applications such as cognitive development and art theory. I am applying the theory of recapitulation in a new way to a theory of historical/cultural consciousness on a collective level. This is an expansion of Carl Jung's application of the theory to individual psychological development and Jean Piaget's parallel theory as applied to educational development.
