Everybody Needs Training Danny Kavadlo, 2014-01-14 Does Anyone Else Want to Be a Highly Successful Personal Trainer-And Truly Live Your Dream? Most folk who embark on a career as a trainer, do so initially out of a personal passion for fitness and a strong desire to help other achieve

Now, however that's all changed, thanks to Danny Kavadlo's Everybody Needs Training. Follow the hard-earned wisdom within these pages and failure will no longer be an option. The key philosophy of the book is to help personal trainers of exercise to empower their clients with good problem-solving and decision-making skills concerning their health and well-being. Good personal trainers become great personal trainers when they practise HELP with their clients and help them to become better problem-solvers and decision makers rather than telling them what to do, by offering sound and scientifically-based information that is personalised and appropriate.
