About Online Poker Nicolae Sfetcu, 2014-05-03 This book is intended to be an introduction to the poker game, emphasizing on the online poker, the betting structure, poker variants, poker strategy and specific poker tournaments. Online poker is the game of poker played over the Internet. Online poker rooms tend to be viewed as more player-friendly and allow the players to play for very low stakes. It has been partly responsible for a dramatic increase in the number of poker players worldwide. While the practice of comping players with free meals, hotel rooms, and merchandise is quite common in B&M casinos, online poker rooms have needed to develop new ways to reward faithful customers. The most common way of doing this is through deposit bonuses, where the player is given a bonus code to enter when placing money into an account. One common feature of the online poker sites is to offer tournaments called satellites by which the winners gain entry to real-life poker tournaments. Online poker rooms reward customers through deposit bonuses, where the player is given a bonus code to enter when placing money into an account.

Swimming With The Devilfish Des Wilson, 2015-11-19 Dave The Devilfish Ulliott has taken the poker world by storm since beginning to play at the age of 16. A world-class player, he is one of the most feared players on the ever-burgeoning global poker circuit. The Devilfish is a working-class man from Hull who was a petty criminal at 16, a safe-breaker who spent his 21st birthday in prison, and then a pawnbroker in Hull who's turned his gambling hobby into a hugely lucrative career. Dave Ulliott was the first British player to win a \$500,000 poker event in the US, won the first Late Night Poker series on Channel 4, and is the face of Ultimatebet.com, one of the biggest online poker sites. This powerful and revealing book uncovers the amazing world of professional poker in

Britain, and for the first time tells the extraordinary stories of the country's top poker professionals. It is a must-read for anyone who is part of, or fascinated by, the growth of professional poker from yesterday's illegal back-street card games to the cyberspace and television phenomenon of today.

Internet Poker Lou Krieger,Kathleen Keller Watterson,2003 Playing Internet poker in real time against real opponents might just represent poker's brave new world. Whether for play-money or real money, it's an environment consisting of virtual tables, player icons representing you and your opponents, and specialized computer algorithms that randomly shuffle the cards. It's a world where you can find a game day or night. Though it may be the wee hours of the morning in California, it's prime time in Europe, and someone, somewhere, is looking to play a little poker. But it's poker with a difference. The game is the same, to be sure, but technology does kick in -- sometimes in strange and unexpected ways. A reference as well as a tutorial, this book includes a CD with free poker software, and a special bonus chapter with 125 interactive hands to help you prepare to play the Internet games for fun or for profit.

Winning at Internet Poker For Dummies Mark Harlan,Chris Derossi,2011-04-27 Take poker online the fun and easy way! Five years ago, 50 million people were playing poker recreationally or professionally. Now that number is more than 100 million, including a huge influx of young people. Winning at Internet Poker For Dummies provides the lowdown on the hottest game around, highlighting the best sites and virtual games and showing how to make secure online bets. The book covers setting up an account, securing funds, navigating a basic online poker game, using Internet abbreviations and lingo, observing online poker etiquette, playing popular online poker games such as Texas Hold 'Em and Omaha, devising a winning strategy, and participating in tournaments.

PKO Poker Strategy Dara O'Kearney,Barry Carter,2020-06-24 The fastest growing format in online poker is without doubt Progressive Knockout tournaments. Online poker rooms like them, recreational poker players love them, yet a lot of serious poker players struggle to get to grips with the way the strategy changes compared to regular MTTs. In PKO Poker Strategy professional poker player Dara O'Kearney has done rigorous study using the latest solver technology to show you the biggest adjustments you need to beat these tournaments. This book fixes your biggest leaks and takes the uncertainty out of PKOs. You will learn: •How to adjust your ranges in a PKO •When to gamble for a big bounty •How to adjust when the payouts and final table are a factor •When you should stick to a more standard strategy •Quick PKO math you can do at the tables Dara O'Kearney is a professional poker player from Ireland, specialising in online tournaments and with a reputation as one of the great teachers of the game. He is the co-author of the best-selling Poker Satellite Strategy, the co-host of the award-winning Chip Race Poker Podcast and is sponsored by Unibet Poker. Dara's outlook on PKO tournaments is expectedly methodical. Knowing how

wide to chase bounties is one of the most important adjustments and this book will equip you with the knowledge to work it out on the fly. - Adam Owen, professional poker player This book uses the most up-to-date poker ICM solvers, however it has been written in a way to make the poker math you need to do at the tables very simple. Every chapter starts from a poker GTO framework but then explains how you should deviate when the players or table dynamics change. It covers major adjustment in PKO play, including a short hand way to decide on calling ranges, the poker game theory behind why you should never late register, post flop play, poker mindset issues unique to PKOs and much more. It has everything a texas hold'em player needs to crush knockout tournaments.

Routledge International Handbook of Internet Gambling Robert J. Williams, Robert T. Wood, Jonathan Parke, 2012-11-27 Internet gambling is a rapidly growing phenomenon, which has profound social, psychological, economic, political, and policy implications. Until recently, Internet gambling has been understudied by the research community, but now a growing body of literature is emerging, on all aspects of Internet gambling and its attendant implications. As jurisdictions around the world grapple to understand the best way to respond to Internet gambling from a commercial, regulatory, and social perspective, scholarly studies of Internet gambling are becoming an ever more crucial resource. The Handbook of Internet Gambling consolidates this emerging body of literature into a single reference volume. Its twenty chapters comprise groundbreaking contributions from the world's leading authorities in the commercial, clinical, political and social aspects of Internet gambling. It is sure to be a foundational resource for academics, students, regulators, politicians, policy makers, commercial providers, and health care professionals who have an interest in understanding the history, dynamics, and impacts of Internet gambling in a global context.

What No One Else Is Saying about Online-Poker Carl Varrone, 2007-02 With the renewed interest in the WSOP and Texas Hold-Em poker, online poker rooms have become the easiest way for the average player to get in the game. Online poker generates billions of dollars a year. Millions are playing and millions are lost every day. When playing poker live, an experienced player coupled with a little luck is a winning hand. But when playing online, rampant cheating and endless numbers of bad players make the luck factor the deciding factor. This book will let you understand the two different games being played, comparing live play to online play. What No One Else Is Saying About Online Poker highlights how the internet has changed the game into a free for all that could bring even the most experienced professional poker player to his knees, begging for mercy. What No One Else Is Saying About Online Poker is the tell all book about online poker. Topics: . Research the ins and outs of the industry and how the internet has changed the game forever. . Understand why online poker rooms are spending millions to detect cheating. . Learn the different types of cheating taking place in today's online poker rooms and how to recognize it. . Uncover the truths and rumored myths of online poker. . Learn exactly where online poker rooms and the players stand concerning the new bill passed into law on October 13, 2006: The Unlawful Internet Gambling Enforcement Act of 2006. . Arm yourself with the knowledge to compete and discover if you can even afford trying. Author Carl Varrone, a successful business owner and poker enthusiast began his research for What No One Else Is Saying About Online Poker in 1998. His curriculum included reading numerous books and firsthand experiences in casino poker rooms learning to master the game. When poker rooms started popping up on the internet, Varrone found himself playing online every chance he could. Through his years of playing and research he was compelled to write this book. Every person playing online poker or considering it should learn from his experiences before getting in on the action.

Internet and Smartphone Use-Related Addiction Health Problems Olatz Lopez-Fernandez,2021-08-31 This Special Issue presents some of the main emerging research on technological topics of health and education approaches to Internet use-related problems, before and during the beginning of coronavirus disease 2019 (COVID-19). The objective is to provide an overview to facilitate a comprehensive and practical approach to these new trends to promote research, interventions, education, and prevention. It contains 40 papers, four reviews and thirty-five empirical papers and an editorial introducing everything in a rapid review format. Overall, the empirical ones are of a relational type, associating specific behavioral addictive problems with individual factors, and a few with contextual factors, generally in adult populations. Many have adapted scales to measure these problems, and a few cover experiments and mixed methods studies. The reviews tend to be about the concepts and measures of these problems, intervention options, and prevention. In summary, it seems that these are a global culture trend impacting health and educational domains. Internet use-related addiction problems have emerged in almost all societies, and strategies to cope with them are under development to offer solutions to these contemporary challenges, especially during the pandemic situation that has highlighted the global health problems that we have, and how to holistically tackle them.
