SPQR Shelley Lindgren,Matthew Accarrino,Kate Leahy,2012-10-16 A cookbook and wine guide celebrating the regional traditions and exciting innovations of modern Italian cooking, from San Francisco's SPQR restaurant. The Roman Empire was famous for its network of roads. By following the path of these thoroughfares, Shelley Lindgren, wine director and co-owner of the acclaimed San Francisco restaurants A16 and SPQR, and executive chef of SPQR, Matthew Accarrino, explore Central and Northern Italy's local cuisines and artisanal wines. Throughout each of the eight featured regions, Accarrino offers not only a modern version of Italian cooking, but also his own take on these constantly evolving regional specialties. Recipes like Fried Rabbit Livers with Pickled Vegetables and Spicy Mayonnaise and Fontina and Mushroom Tortelli with Black Truffle Fonduta are elevated and thoughtful, reflecting Accarrino's extensive knowledge of traditional Italian food, but also his focus on precision and technique. In addition to recipes, Accarrino elucidates basic kitchen skills like small animal butchery and pasta making, as well as newer techniques like sous vide—all of which are prodigiously illustrated with step-by-step photos. Shelley Lindgren's uniquely informed essays on the wines and winemakers of each region reveal the most interesting Italian wines, highlighting overlooked and little-known grapes and producers—and explaining how each reflects the region's unique history, cultural influences, climate, and terrain. Lindgren, one of the foremost authorities on Italian wine, shares her deep and unparalleled knowledge of Italian wine and winemakers through producer profiles, wine recommendations, and personal observations, making this a necessary addition to any wine-lover's library. Brimming with both discovery and tradition, SPQR delivers the best of modern Italian food rooted in the regions, flavors, and history of Italy.

Food in the Internet Age William Aspray,George Royer,Melissa G. Ocepek,2013-09-06 This book examines food in the United States in the age of the Internet. One major theme running through the book is business opportunities and failures, as well as the harms to consumers and traditional brick-and-mortar companies that occurred as entrepreneurs tried to take advantage of the Internet to create online companies related to food. The other major theme is the concept of trust online and different models used by different companies to make their web presence seem trustworthy. The book describes a number of major food companies, including AllRecipes, Betty Crocker, Cook's Illustrated, Epicurious, Groupon, OpenTable, and Yelp. The book draws on business history, food studies, and information studies for its approach.

Restaurants Recommended Deborah Gonderil,2011-11-01 Restaurants Recommended- A unique new Guide to nearly 700 restaurants in 40 U.S. markets that received positive reviews/ratings from professional food writers in 2011. The Guide is available in high quality paper back and on Kindle which gives access to downloading to your computers as well as on Kindle Readers and mobile phones.Because the restaurant business moves at warp speed, adding new places, closing old ones continuously, we are maintaining a Web Site to post news of new restaurants opening in these 40 markets. The website www.restaurantsrecommended.com is where you can order the Guide in either format and see the new restaurants and new reviews/ratings.The restaurants included range widely in price, cuisine and style. The only criterion for inclusion is that they have been positively reviewed by professionals whose opinions are based on multiple anonymous visits. We think this is a source highly preferable to the one-time experience of bloggers. Buying the book on the web site maintains confidentiality - the information you use to purchase goes directly to Amazon, the publisher. We at Restaurants Recommended never see it.If you regularly eat at restaurants in your home city or if you travel extensively, Restaurants Recommended is your essential partner in solving the "Where shall we eat tonight?", "What was that restaurant we read about last week/month that looked so promising?", "What's the latest place for xxx cuisine?" questions that always come up.Come to the web site, bookmark it, check in frequently - enjoy the wide variety of options for restaurant experiences certain to please.

It's All About the Guest Steve Difillippo,2013-10-15 When’s the last time you picked up a business book that was so engaging you couldn’t put it down? Steve Difillippo was only 24 when he opened his first Davio’s restaurant. Since then, he’s wowed Julia Child with his pomodoro, overlooked some triple-X rated shenanigans at Table 7, taken on American Express, gotten himself into Time and Newsweek (for taking on American Express), cooked a rabbit for Stevie Ray Vaughn, inadvertently gotten a guest divorced, whipped up some tasty eats at the Super Bowl--and that’s just the beginning. The money hasn’t been bad, either: that first restaurant is now the hub of a rapidly growing \$50 million restaurant brand group and a \$10 million Davio’s brand food line. With guests constantly asking how he did it, Steve has written the ultimate guide to starting a restaurant, running a successful business, enjoying food, and living life. The 5.9 million restaurant workers who say they want to open their own restaurant will go nuts over this book, but so will anybody who loves food and the restaurant world--heck, anybody who wants to make money and have a blast doing it. As a special bonus, Steve includes twelve classic Davio’s recipes.
