Never Play Music Right Next to the Zoo John

Lithgow,2013-10-22 A lively and lyrical picture book jaunt from actor and author John Lithgow! Oh, children! Remember! Whatever you may do, Never play music right next to the zoo. They'll burst from their cages, each beast and each bird, Desperate to play all the music they've heard. A concert gets out of hand when the animals at the neighboring zoo storm the stage and play the instruments themselves in this hilarious picture book based on one of John Lithgow's best-loved tunes.

Opera for the People Katherine K. Preston,2017-10-11 Opera for the People is an in-depth examination of a forgotten chapter in American social and cultural history: the love affair that middle-class Americans had with continental opera (translated into English) in the 1870s, 1880s, and 1890s. Author Katherine Preston reveals how-contrary to the existing historiography on the American musical culture of this period-English-language opera not only flourished in the United States during this time, but found its success significantly bolstered by the support of women impresarios, prima-donnas, managers, and philanthropists who provided financial backing to opera companies. This rich and

compelling study details the lives and professional activities of several important players in American postbellum opera, including manager Effie Ober, philanthropist Jeannette Thurber, and performers/artistic directors Caroline Richings, Euphrosyne Parepa-Rosa, Clara Louise Kellogg, and the people's prima donna Emma Abbott. Drawing from an impressive range of primary sources, including contemporaneous music and theater periodicals, playbills, memoirs, librettos, scores, and reviews and commentary on the performances in digitized newspapers, Preston tells the story of how these and other women influenced the activities of some of the more than one hundred opera companies touring the United States during the second half of the 19th century, performing opera in English for a diverse range of audiences. Countering a pervasive and misguided historical understanding of opera reception in the United States-unduly influenced by modern attitudes about the genre as elite, exclusive, expensive, and of interest only to a niche market-Opera for the People demonstrates the important (and hitherto unsuspected) place of opera in the rich cornucopia of late-century American musical theatre, which would eventually lead to the emergence of American musical comedy.

Opera for All Seasons Marianne Williams Tobias, 2010-06-03

From operas presented in reconfigured army barracks to those mounted on a stage rivaling that of New York's Metropolitan Opera House, Indiana University Opera Theater has grown into a world-class training ground for opera's next generation. This illustrated history captures the excitement, hard work, and talent that distinguish each performance and that have made IU Opera Theater what it is today. It includes six decades of opera production from the inaugural *Tales of Hoffman*, a legendary *Parsifal*, and a performance of Martin 's *Greek Passion* at the Met, to the 2008 *La Bohème*--the first opera streamed live on the internet from Indiana University to a worldwide audience.

The Politics of Opera in Handel's Britain Thomas

McGeary, 2013-04-25 The Politics of Opera in Handel's Britain examines the involvement of Italian opera in British partisan politics in the first half of the eighteenth century, which saw Sir Robert Walpole's rise to power and George Frideric Handel's greatest period of opera production. McGeary argues that the conventional way of applying Italian opera to contemporary political events and persons by means of allegory and allusion in individual operas is mistaken; nor did partisan politics intrude into the management of the Royal Academy of Music and the Opera of the Nobility. This

book shows instead how Senesino, Faustina, Cuzzoni and events at the Haymarket Theatre were used in political allegories in satirical essays directed against the Walpole ministry. Since most operas were based on ancient historical events, the librettos - like traditional histories - could be sources of examples of vice, virtue, and political precepts and wisdom that could be applied to contemporary politics.

Ticket to the Opera Phil G. Goulding, 1999-08-31 In Ticket to the Opera, Phil G. Goulding finally makes the magic and mystique of opera accessible to all. Here he offers a complete operatic education, including history, definitions of key musical terms, opera lore and gossip, portraits of famous singers and the roles they immortalized, as well as pithy introductions to the greatest operas of Europe and America and their composers. The book's centerpiece is what Goulding terms the collection--85 classics, among them *Aida*, *The Marriage of Figaro*, *Carmen*, and *Madama Butterfly*, that have been packing the world's opera houses for years. This entertaining, meticulously researched book also includes a fascinating chapter on American opera from George Gershwin's *Porgy and Bess* to Philip Glass's *Einstein on the Beach* and a discussion of the gems of twentieth-century opera featuring

works like Leos Janáček's *The Cunning Little Vixen*, Alban Berg's *Lulu*, and Serge Prokofiev's *The Love for Three Oranges*. Whether you're a curious neophyte, a music lover interested in branching out, or an aficionado eager to compare notes with a brilliant fellow opera buff, you'll prize *Ticket to the Opera* as an essential volume in your music library.

Opera 101 Fred Plotkin, 2013-07-16 Opera is the fastest growing of all the performing arts, attracting audiences of all ages who are enthralled by the gorgeous music, vivid drama, and magnificent production values. If you've decided that the time has finally come to learn about opera and discover for yourself what it is about opera that sends your normally reserved friends into states of ecstatic abandon, this is the book for you. *Opera 101* is recognized as the standard text in English for anyone who wants to become an opera lover--a clear, friendly, and truly complete handbook to learning how to listen to opera, whether on the radio,

on recordings, or live at the opera house. Fred Plotkin, an internationally respected writer and teacher about opera who for many years was performance manager of the Metropolitan Opera, introduces the reader (whatever his or her level of musical knowledge) to all the elements that make up opera, including: A brief, entertaining history of opera; An explanation of key operatic concepts, from vocal types to musical conventions; Hints on the best way to approach the first opera you attend and how to best understand what is happening both offstage and on; Lists of recommended books and recordings, and the most complete traveler's guide to opera houses around the world. The major part of Opera 101 is devoted to an almost minute-by-minute analysis of eleven key operas, ranging from Verdi's thunderous masterpiece Rigoletto and Puccini's electrifying Tosca through works by Mozart, Donizetti, Rossini, Offenbach, Tchaikovsky, and Wagner, to the psychological complexities of Richard Strauss's Elektra. Once you have completed Opera 101, you will be prepared to see and hear any opera you encounter, thanks to this book's unprecedentedly detailed and enjoyable method of revealing the riches of opera.

Opera in the British Isles, 1875–1918 Dr Paul

Rodmell, 2013-12-28 While the musical culture of the British Isles in

the 'long nineteenth century' has been reclaimed from obscurity by musicologists in the last thirty years, appraisal of operatic culture in the latter part of this period has remained largely elusive. Paul Rodmell argues that there were far more opportunities for composers, performers and audiences than one might expect, an assertion demonstrated by the fact that over one hundred serious operas by British composers were premiered between 1875 and 1918. Rodmell examines the nature of operatic culture in the British Isles during this period, looking at the way in which opera was produced and 'consumed' by companies and audiences, the repertory performed, social attitudes to opera, the dominance of London's West End and the activities of touring companies in the provinces, and the position of British composers within this realm of activity. In doing so, he uncovers the undoubted challenges faced by opera in Britain in this period, and delves further into why it was especially difficult to make a breakthrough in this particular genre when other fields of compositional endeavour were enjoying a period of sustained growth. Whilst contemporaneous composers and commentators and later advocates of British music may have felt that the country's operatic life did not measure up to their aspirations or ambitions, there was still a great deal of activity and,

even if this was not necessarily that which was always desired, it had a significant and lasting impact on musical culture in Britain.

Munsey's Magazine ,1897

Dance and Drama in French Baroque Opera Rebecca Harris-Warrick,2016-10-27 Examines the evolving practices in music, librettos, choreographed dance, and staging throughout the history of French Baroque opera.

Opera Franklin Mesa,2015-05-07 This encyclopedia includes entries for 1,153 world premiere (and other significant) performances of operas in Europe, the United States, Latin America and Russia. Entries offer details about key persons, arias, interesting facts, and date and location of each premiere. There is a biographical dictionary with 1,288 entries on historical and modern operatic singers, composers, librettists, and conductors. Fully indexed and with a bibliography.

A History of Opera Burton D. Fisher,2005 A comprehensive history of opera that traces each milestone in opera history from the 16th century Camerata through the next 400 years, and featured in depth analysis of all important genres: the Baroque, Classical, and Romantic eras, Bel Canto, Opera Buffa, German Romanticism, Wagner and music drama, Verismo, Impressionism,

Expressionism, Serialism, and much more.

Opera in the Novel from Balzac to Proust Cormac

Newark, 2011-03-31 The turning point of Madame Bovary, which Flaubert memorably set at the opera, is only the most famous example of a surprisingly long tradition, one common to a range of French literary styles and sub-genres. In the first book-length study of that tradition to appear in English, Cormac Newark examines representations of operatic performance from Balzac's *La Comédie humaine* to Proust's *À la recherche du temps perdu*, by way of (among others) Dumas père's *Le Comte de Monte-Cristo* and Leroux's *Le Fantôme de l'Opéra*. Attentive to textual and musical detail alike in the works, the study also delves deep into their reception contexts. The result is a compelling cultural-historical account: of changing ways of making sense of operatic experience from the 1820s to the 1920s, and of a perennial writerly fascination with the recording of that experience.

Opera Next: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Opera Next : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Opera Next : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya

Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and

mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
