Readers are introduced to more than 60 orcas by name along with colored photos, personal history, and notable incidents that have occurred during their captivity. The text makes it clear that captured orcas are imprisoned “inmates” and instills a full understanding of the injustices being perpetrated. Five pages of headstones of deceased orcas graphically illustrates the problems they face. Resources and recommendations on alternative interactions with orcas are provided. One of the authors, Captain Paul Watson, is the founder of the Sea Shepherd Conservation Society and has worked on the front line for decades trying to protect the ocean's wildlife.
