Blind Lake Robert Charles Wilson, 2004-07-11 Robert Charles Wilson, says The New York

Times, writes superior science fiction thrillers. His *Darwinia* won Canada's Aurora Award; his most recent novel, *The Chronoliths*, won the prestigious John W. Campbell Memorial Award. Now he tells a gripping tale of alien contact and human love in a mysterious but hopeful universe. At Blind Lake, a large federal research installation in northern Minnesota, scientists are using a technology they barely understand to watch everyday life in a city of lobster like aliens upon a distant planet. They can't contact the aliens in any way or understand their language. All they can do is watch. Then, without warning, a military cordon is imposed on the Blind Lake site. All communication with the outside world is cut off. Food and other vital supplies are delivered by remote control. No one knows why. The scientists, nevertheless, go on with their research. Among them are Nerissa Iverson and the man she recently divorced, Raymond Scutter. They continue to work together despite the difficult conditions and the bitterness between them. Ray believes their efforts are doomed; that culture is arbitrary, and the aliens will forever be an enigma. Nerissa believes there is a commonality of sentient thought, and that our failure to understand is our own ignorance, not a fact of nature. The behavior of the alien she has been tracking seems to be developing an elusive narrative logic--and she comes to feel that the alien is somehow, impossibly, aware of the project's observers. But her time is running out. Ray is turning hostile, stalking her. The military cordon is tightening. Understanding had better come soon.... *Blind Lake* is a 2004 Hugo Award Nominee for Best Novel.

This book explains how to get the most out of the core OS, including the Finder, desktop, and system customization. The book also shows readers how to use OS X's Internet applications for email, Web surfing, and .mac for publishing content on the Net. One of the book's major strengths is the extensive coverage of iTunes, iPhoto, iDVD, and iMovie. QuickTime and QuickTime Pro are also covered. The book helps readers understand and configure the technologies to expand their systems.

Hungry Jeff Gordinier, 2020-07-21 A food critic chronicles four years spent traveling with René Redzepi, the renowned chef of Noma, in search of the most tantalizing flavors the world has to offer. "If you want to understand modern restaurant culture, you need to read this book."—Ruth Reichl, author of *Save Me the Plums* *Hungry* is a book about not only the hunger for food, but for risk, for reinvention, for creative breakthroughs, and for connection. Feeling stuck in his work and home life, writer Jeff Gordinier happened into a fateful meeting with Danish chef René Redzepi, whose restaurant, Noma, has been called the best in the world. A restless perfectionist, Redzepi was at the top of his game but was looking to tear it all down, to shutter his restaurant and set out for new places, flavors, and recipes. This is the story of the subsequent four years of globe-trotting culinary adventure, with Gordinier joining Redzepi as his Sancho Panza. In the jungle of the Yucatán peninsula, Redzepi and his comrades go off-road in search of the perfect taco. In Sydney, they forage for sea rocket and sandpaper figs in suburban parks and on surf-lashed beaches. On a boat in the Arctic Circle, a lone fisherman guides them to what may or may not be his secret cache of the world's finest sea urchins. And back in Copenhagen, the quiet canal-lined city where Redzepi started it all, he plans the resurrection of his restaurant on the unlikely site of a garbage-filled lot. Along the way, readers meet Redzepi's merry band of friends and collaborators, including acclaimed chefs such as Danny Bowien, Kylie Kwong, Rosio Sánchez, David Chang, and Enrique Olvera. *Hungry* is a memoir, a travelogue, a portrait of a chef, and a chronicle of the moment when daredevil cooking became the most exciting and groundbreaking form of artistry. Praise for *Hungry* "In *Hungry*, Gordinier invokes such playful and lush prose that the scents of mole, chiles and even lingonberry juice waft off the page."—Time "This wonderful book is really about the adventures of two men: a

great chef and a great journalist. Hungry is a feast for the senses, filled with complex passion and joy, bursting with life. Not only did Jeff Gordinier make me want to jump on the next flight (to Mexico, Copenhagen, Sydney) in search of the perfect meal, but he also reminded me to stop and savor the ride.”—Dani Shapiro, author of *Inheritance*
