**The Provincial Music Festival in England, 1784-1914** Pippa Drummond,2016-02-24 A history of the English music festival is long overdue. Dr Pippa Drummond argues that these festivals represented the most significant cultural events in provincial England during the nineteenth century and emphasizes their particular importance in the promotion and commissioning of new music. Drawing on material from surviving accounts, committee records, programmes, contemporary pamphlets and reviews, Drummond shows how the festivals responded to and reflected the changing social and economic conditions of their day. Coverage includes a chronological overview documenting the history of individual festivals followed by a detailed exploration of such topics as performers and performance practice, logistics and finance, programmes and commissioning, together with information concerning the composition and provenance of festival choirs and orchestras. Also discussed are the effects of improved transport and new technologies on the festivals, sacred and secular conflicts, gender issues, the role of philanthropy, the nature of patronage and the changing social status of festival audiences. The book will also be of interest to social, economic and local historians.

**Jeanne Devereaux, Prima Ballerina of Vaudeville and Broadway** Kathleen Menzie Lesko,2017-04-26 International vaudeville star and Broadway prima ballerina Jeanne Devereaux performed for millions across America and Europe from age eleven until her retirement at forty. A headliner at Radio City Music Hall, she led a large group of performers on one of the first USO Camp Shows tours to Japan. Born Jean Helman, she entered showbiz as a dancing troupier performing in palatial theaters and was one of the last vaudevillians surviving into the 2010s. In her later years living in Pasadena, California, Devereaux indulged her passion for research and writing in the Huntington Library's Rothenberg Reading Room, losing none of her intelligence and wit despite a fading memory. Drawing on personal interviews, theatrical programs, and her diary and letters, this biography illuminates the life and career of one of vaudeville's stars of stage, film, and television.

**Ethnomusicology of the Flathead Indians** Alan Merriam,2017-09-29 All people, in no matter what culture, must be able to place their music firmly in the context of the totality of their beliefs, experiences, and activities, for without such ties, music cannot exist. This means that there must be a body of theory connected with any music system - not necessarily a theory of the structure of music sound, although that may be present as well, but rather a theory of what music is, what it does, and how it is coordinated with the total environment, both natural and cultural, in which human beings move.The Flathead Indians of Western Montana (just over 26,000 in number as of the 2000 census) inhabit a reservation consisting of 632,516 acres of land in the Jocko and Flathead Valleys and the Camas Prairie country, which lie roughly between Evaro and Kalispell, Montana. The reservation is bounded on the east by the Mission Range, on the west by the Cabinet National Forest, on the south by the Lolo National Forest, and on the north by an arbitrary line, approximately bisecting Flathead Lake about twenty-four miles south of Kalispell. The area is one of the richest agricultural regions in Montana, and fish and game are abundant. The Flathead are engaged in stocking, timbering, and various agricultural enterprises.For the Flathead, the most important single fact about music and its relationship to the total world is its origin in the supernatural sphere. All true and proper songs, particularly in the past, owe their origin to a variety of contacts experienced by humans with beings which, though a part of this world, are superhuman and the source of both individual and tribal powers and skills. Thus a sharp distinction is drawn by the Flathead between what they call make-up and all other songs. Merriam's pioneering work in the relationship of ethnography and musicology remains a primary source in this field in anthropology.
