Luxury Arts of the Renaissance Marina Belozerskaya, 2005-10-01 Today we associate the Renaissance with painting, sculpture, and architecture—the “major” arts. Yet contemporaries often held the “minor” arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d’Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as “decorative” or “minor” arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.

Historical Painting Techniques, Materials, and Studio Practice Arie Wallert, Erma Hermens, Marja Peek, 1995-08-24 Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled Historical Painting Techniques, Materials, and Studio Practice at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

The Complete Poetry of James Hearst James Hearst, 2001 Part of the regionalist movement that included Grant Wood, Paul Engle, Hamlin Garland, and Jay G. Sigmund, James Hearst helped create what Iowa novelist Ruth Suckow called a poetry of place. A lifelong Iowa farmer, Hearst began writing poetry at age nineteen and eventually wrote thirteen books of poems, a novel, short stories, cantatas, and essays, which gained him a devoted following. Many of his poems were published in the regionalist periodicals of the time, including the Midland, and by the great regional presses, including Carroll Coleman's Prairie Press. Drawing on his experiences as a farmer, Hearst wrote with a distinct voice of rural life and its joys and conflicts, of his own battles with physical and emotional pain (he was partially paralyzed in a farm accident), and of his own place in the world. His clear eye offered a vision of the midwestern agrarian life that was sympathetic but not sentimental - a people and an art rooted in place.

Look, I Made a Hat Stephen Sondheim, 2011-11-22 The second volume of Sondheim's collected lyrics is both a remarkable glimpse into the brilliant mind of a legend, and a continuation of the acclaimed and best-selling *Finishing the Hat*. Picking up where he left off in *Finishing the Hat*, Sondheim gives us all the lyrics, along with excluded songs and early drafts, of the Pulitzer Prize-winning *Sunday in the Park with George*, *Into the Woods*, *Assassins* and *Passion*. Here, too, is an in-depth look at the evolution of *Wise Guys*, which subsequently was transformed into *Bounce* and eventually became *Road Show*. Sondheim takes us through his contributions to both television and film, some of which may surprise you, and covers plenty of never-before-seen material from unproduced projects as well. There are abundant anecdotes about his many collaborations, and readers are treated to rare personal material in this volume, as Sondheim includes songs culled from commissions, parodies and personal special occasions—such as a hilarious song for Leonard Bernstein’s seventieth birthday. As he did in the previous volume, Sondheim richly annotates his lyrics with invaluable advice on songwriting, discussions of theater history and the state of the industry today, and exacting dissections of his work, both the successes and the failures. Filled with even more behind-the-scenes photographs and illustrations from Sondheim’s original manuscripts, *Look, I Made a Hat* is fascinating, devourable and essential reading for any fan of the theater or this great man’s work.

ULYSSES (Modern Classics Series) James Joyce,2024-01-10 This carefully crafted ebook: ULYSSES (Modern Classics Series) is formatted for your eReader with a functional and detailed table of contents. Ulysses is a modernist novel by Irish writer James Joyce. It is considered to be one of the most important works of modernist literature, and has been called a demonstration and summation of the entire movement. Ulysses chronicles the peripatetic appointments and encounters of Leopold Bloom in Dublin in the course of an ordinary day, 16 June 1904. Ulysses is the Latinised name of Odysseus, the hero of Homer's epic poem Odyssey, and the novel establishes a series of parallels between its characters and events and those of the poem (the correspondence of Leopold Bloom to Odysseus, Molly Bloom to Penelope, and Stephen Dedalus to Telemachus). Joyce divided Ulysses into 18 chapters or episodes. At first glance much of the book may appear unstructured and chaotic; Joyce once said that he had put in so many enigmas and puzzles that it will keep the professors busy for centuries arguing over what I meant, which would earn the novel immortality. James Joyce (1882-1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for Ulysses, the short-story collection Dubliners, and the novels A Portrait of the Artist as a Young Man and Finnegans Wake.
