Sticky Prices and Monetary Policy Jean Boivin, Marc Paolo Giannoni, Ilian Mihov, 2007 This paper disentangles fluctuations in disaggregated prices due to macroeconomic and sectoral conditions using a factor-augmented vector autoregression estimated on a large data set. On the basis of this estimation, we establish eight facts: (1) Macroeconomic shocks explain only about 15% of sectoral inflation fluctuations; (2) The persistence of sectoral inflation is driven by macroeconomic factors; (3) While disaggregated prices respond quickly to sector-specific shocks, their responses to aggregate shocks are small on impact and larger thereafter; (4) Most prices respond with a significant delay to identified monetary policy shocks, and show little evidence of a price puzzle, contrary to existing studies based on traditional VARs; (5) Categories in which consumer prices fall the most following a monetary policy shock tend to be those in which quantities consumed fall the least; (6) The observed dispersion in the reaction of producer prices is relatively well explained by the degree of market power; (7) Prices in sectors with volatile idiosyncratic shocks react rapidly to aggregate monetary policy shocks; (8) The sector-specific components of prices and quantities move in opposite directions.

Ecology and Management of Morels Harvested from the Forests of Western North America David Pilz,2008 Morels are prized edible mushrooms that fruit, sometimes prolifically, in many forest types throughout western North America. They are collected for personal consumption & commercially harvested as valuable special (non-timber) forest products. Large gaps remain, however, in our knowledge about their taxonomy, biology, ecology, cultivation, safety, & how to manage forests & harvesting activities to conserve morel populations & ensure sustainable crops. This publication provides forest managers, policymakers, mycologists, & mushroom harvesters with a synthesis of current knowledge regarding these issues, regional summaries of morel harvesting & management, & a comprehensive review of the literature.
