The Night and Its Moon Piper CJ,2022-09-20 An addictive fantasy romance from TikTok sensation Piper CJ, now newly revised and edited. Two orphans grow into powerful young women as they face countless threats to find their way back to each other. Farleigh is just an orphanage. At least, that's what the church would have the people believe, but beautiful orphans Nox and fae-touched Amaris know better. They are commodities for sale, available for purchase by the highest bidder. So when the madame of a notorious brothel in a far-off city offers a king's ransom to purchase Amaris, Nox ends up taking her place — while Amaris is drawn away to the mountains, home of mysterious assassins. Even as they take up new lives and identities, Nox and Amaris never forget one thing: they will stop at nothing to reunite. But the threat of war looms overhead, and the two are inevitably swept into a conflict between human and fae, magic and mundane. With strange new alliances, untested powers, and a bond that neither time nor distance could possibly break, the fate of the realms lies in the hands of two orphans — and the love they hold for each other.

Independent London 1953. Scientists are on the verge of discovering what they call the secret of life: the DNA double helix. Providing the key is driven young physicist Rosalind Franklin. But if the double helix was the breakthrough of the 20th century, then what kept Franklin out of the history books? A play about ambition, isolation, and the race for greatness. Photograph 51 premiered in the UK in London's West End in 2015 in a production which starred Nicole Kidman, where it won the WhatsOnStage Award for Best New Play. Published for the first time in Methuen Drama's Modern Classics series, this edition features a brand-new introduction by Mandy Greenfield.

Our Next Chapter Michelle Sullivan, 2018-02-25 We became best friends in elementary school. We fell in love in high school. We were soulmates with our future planned and nothing to stop us. Sounds perfect, right? WRONG...not every love story ends with happily ever after. I hate the boy who broke my heart but I also can't stop loving him. It's been 17 years since I've been home; now I'm back and that boy who I tried to hate for so long is promising me a future...again. Is it possible to put the past behind us after so many years of pain? Can we begin another love story that never really ended? Or is it better for both of us to finally let go for good and close that chapter in our lives forever?

Her Pretty Face Robyn Harding, 2018-07-10 The author of the bestselling novel *The Party*—lauded as “tense and riveting” by New York Times bestselling author Megan Miranda—returns with a chilling new domestic drama about two women whose deep friendship is threatened by dark, long-buried secrets. Frances Metcalfe is struggling to stay afloat. A stay-at-home mom whose troubled son is her full-time job, she had hoped that the day he got accepted into the elite Forrester Academy would be the day she started living her life. Overweight, insecure, and lonely, she is desperate to fit into the Forrester world. But after a disturbing incident at the school leads the other children and their families to ostracize the Metcalfes, she feels more alone than ever before. Until she meets Kate Randolph. Kate is everything Frances is not: beautiful, wealthy, powerful, and confident. And for some reason, she's not interested in being friends with any of the other Forrester moms—only Frances. As the two bond over their disdain of the Forrester snobs and the fierce love they have for their sons, a startling secret threatens to tear them apart—one of these women is not who she seems. Her real name is Amber Kunik. And she's a murderer. “Robyn Harding's *Her Pretty Face* is a fierce and blazing one-sitting read that will make you question even your closest friendships” (Carter Wilson, USA TODAY bestselling author) and is perfect for fans of Liane Moriarty's *Big Little Lies* and Lisa Jewell's *Then She Was Gone*.

Viruses Michael G. Cordingley, 2017-06-19 While viruses—the world's most abundant biological entities—are not technically alive, they invade, replicate, and evolve within living cells. Michael Cordingley goes beyond our familiarity with infections to show how viruses spur evolutionary change in their hosts and shape global ecosystems, from ocean photosynthesis to drug-resistant bacteria.

As She Climbed Across the Table Jonathan Lethem, 1998-02-24 Anna Karenina left her husband for a dashing officer. Lady Chatterley left hers for the gamekeeper. Now Alice Coombs has her boyfriend for nothing ... nothing at all. Just how that should have come to pass and what Philip Engstrand, Alice's spurned boyfriend, can do about it is the premise for this vertiginous speculative romance by the acclaimed author of *Gun, with Occasional Music*. Alice Coombs is a particle physicist, and she and her colleagues have created a void, a hole in the universe, that they have taken to calling Lack. But Lack is a nullity with taste—tastes; it absorbs a pomegranate, light bulbs, an argyle sock; it disdains a bow tie, an ice ax, and a scrambled duck egg. To Alice, this selectivity translates as an irresistible

personality. To Philip, it makes Lack an unbeatable rival, for how can he win Alice back from something that has no flaws—because it has no qualities? Ingenious, hilarious, and genuinely mind-expanding, *As She Climbed Across the Table* is the best boy-meets-girl-meets-void story ever written.

The Scarlett Letters Jenny Nordbak, 2017-04-04 Jenny Nordbak takes us to a place that few have seen, but millions have fantasized about, revealing how she transformed herself from a USC grad lacking in confidence into an elite professional dominatrix who finds her own voice, power and compassion for others. On an unorthodox quest to understand her hidden fantasies, Jenny led a double life for two years. By day she was a construction manager, but at night she became Mistress Scarlett. Working at LA's longest-running dungeon, she catered to the secret fetishes of clients ranging from accountants to movie stars. She simultaneously developed a career in the complex and male-dominated world of healthcare construction, while spending her nights as a sex worker, dominating men. Far from the standard-issue powerful men who pay to be helpless, Mistress Scarlett's clientele included men whose fantasies revealed more complex needs, from "Tickle Ed" to "Doggie Dan," from the "Treasure Trolls" to "Ta-Da Ted." *The Scarlett Letters* explores the spectacularly diverse array of human sexuality and the fascinating cast of characters that the author encountered along the way.
