**Windows XP Hacks** Preston Gralla, 2005-02-23 A smart collection of insider tips and tricks, Windows XP Hacks, Second Edition covers the XP operating system from start to finish. Among the multitude of topics addressed, this must-have resource includes extensive coverage of hot-button issues such as: security web browsing controlling the control panel removing uninstallable XP components pop-up ads You'll also find timesaving hacks for file distribution; digital media, such as iTunes; and high-visibility web software, services, and exploits that have emerged since the book's last edition. Each hack in the book can be read easily in just a few minutes, saving countless hours of searching for the right answer. Now completely revised and updated to cover Service Pack 2 (SP2), the second edition of this bestseller carefully breaks down the new features that come with SP2, including IE pop-up blocker, Windows Firewall, and the new wireless client. Written by Preston Gralla, the compact and affordable Windows XP Hacks, Second Edition provides direct, hands-on solutions that can be applied to the challenges facing XP beginners, as well as the more experienced power user. Each year, Windows XP is pre-installed on 90 million PCs worldwide, making it the world's most popular operating system.

**Microsoft Windows XP Unleashed** Paul McFedries, 2005-09-06 While what you create using your computer is a unique expression of who you are, how you use your computer probably isn't. Nearly every Windows XP user follows the same Start menu path to launch programs, uses the same standard techniques in programs like Windows Explorer and Outlook Express, and performs the same customizations that don't go much beyond changing the wallpaper. However, there are those of us who qualify as the post-novice user, who think that doing things the official way is too slow, less efficient and less powerful than there is potential for with Windows XP. Microsoft Windows XP Unleashed will take you beyond the standard-issue default settings and program wizards to shortcuts, new customization techniques, workarounds for common problems, and warnings on how to avoid the pitfalls of Windows XP, including those associated with Service Pack 2. Along the way, you'll learn about all kinds of insider details, undocumented features, powerful tools, and background facts that help put everything about Windows XP into perspective.
