HOW COURTS AND GOVERNMENTS WILL DEAL WITH HACKING ATTEMPTS WHICH OPERATE IN A GREY ZONE OF THE LAW AND WHERE DIFFERENT ETHICAL VIEWS COLLIDE REMAINS TO BE SEEN.  **OFFICE OF THE INSPECTOR GENERAL REPORT** Michael E. Horowitz, Office of the Inspector General, 2019-12-09 This is a hard copy of the report from the Inspector General (released December 9th, 2019) regarding the review of four FISA applications and other aspects of the FBI's Crossfire Hurricane investigation. A hardback version may be found by searching for ISBN 9781680923148. The Department of Justice (Department) Office of the Inspector General (OIG) undertook this review to examine certain actions by the Federal Bureau of Investigation (FBI) and the Department during an FBI investigation opened on July 31, 2016, known as Crossfire Hurricane, into whether individuals associated with the Donald J. Trump for President campaign were coordinating, wittingly or unwittingly, with the Russian government's efforts to interfere in the 2016 U.S. presidential election. Our review included examining: - The decision to open Crossfire Hurricane and four individual cases on current and former members of the Trump campaign, George Papadopoulos, Carter Page, Paul Manafort, and Michael Flynn; the early investigative steps taken; and whether the openings and early steps complied with Department and FBI policies; - The FBI's relationship with Christopher Steele, whom the FBI considered to be a confidential human source (CHS); its receipt, use, and evaluation of election reports from Steele; and its decision to close Steele as an FBI CHS; - Four FBI applications filed with the Foreign Intelligence Surveillance Court (FISC) in 2016 and 2017 to conduct Foreign Intelligence Surveillance Act (FISA) surveillance targeting Carter Page; and whether these applications complied with Department and FBI policies and satisfied the government's obligations to the FISC; - The interactions of Department attorney Bruce Ohr with Steele, the FBI, Glenn Simpson of Fusion GPS, and the State Department; whether work Ohr's spouse performed for Fusion GPS implicated ethical rules applicable to Ohr; and Ohr's interactions with Department attorneys regarding the Manafort criminal case; and - The FBI's use of undercover employees (UCEs) and CHSs other than Steele in the Crossfire Hurricane investigation; whether the FBI placed any CHSs within the Trump campaign or tasked any CHSs to report on the Trump campaign; whether the use of CHSs and UCEs complied with Department and FBI policies; and the attendance of a Crossfire Hurricane supervisory agent at counterintelligence briefings given to the 2016 presidential candidates and certain campaign advisors.

 **PROFESSIONAL RESPONSIBILITY** Nathan M. Crystal, 2019-10-30 Known for helping students develop the ability to make sound judgments and to develop a philosophy of lawyering, the concise Professional Responsibility: Problems of Practice and the Profession, Seventh Edition, is adaptable to a host of teaching styles. Scores of realistic problems call on students to develop a cogent philosophy of lawyering as they master basic concepts and prepare for the MPRE. Modular, flexible organization allows professors to adapt the material to a variety of courses and clinical programs. In particular, the book is structured to enable instructors to present the materials doctrinally or by area of practice. New to the Seventh Edition: New author Grace Giesel (Distinguished Teaching Professor at the University of Louisville Brandeis School of Law) has joined the book. Throughout the book the authors have inserted Rule Reviews. A Rule Review is a set of questions designed to walk the students through the important facets of the Model Rule of Professional Conduct at issue. The Rule Reviews are designed to ensure the students review and thus capture the parameters of the reviewed rules. The authors provide answers to the questions at the back of the book, so the students can self-assess their learning. The Rule Reviews are in addition to the Chapter Assessment Questions that follow each chapter. The authors have revised this edition to present the textual material with more headings and thus in smaller blocks of narrative. This change is intended to assist students in sorting and organizing the material as they learn and to assist instructors in directing the class discussion. The book has been updated to include: All recent changes to the ABA Model Rules of Professional Conduct, including the ABA's substantial revision of the advertising rules. Relevant recent ABA formal opinions. The book has been revised to include recent developments such as: The legal industry's renewed focus on sexual harassment and discrimination, in part a result of the #MeToo movement (Ch. 8). Alternate litigation funding (Ch. 2). Advance waivers (Ch. 4). The effect of the presence of third parties on the attorney-client privilege and work-product doctrine (Ch. 3). Recent developments regarding ineffective assistance of counsel (Ch. 2). Recent developments regarding technology (Ch. 3). The authors have attempted to make the book as relevant to the students of 2020 as possible. To that end, they include problems and material that are up-to-date and, in some cases, "ripped from the headlines," such as: Material about the involvement of David Boies in the Theranos debacle. An excerpt of Michael Cohen's statement to the court before sentencing. Problem 3-5 now deals with the threat and response of a law firm to cyberattack. Professors and students will benefit from: Realistic problems that develop students' ability to make sound judgments. Emphasis on guiding students to articulate a cogent philosophy of lawyering. Innovative, flexible organization suited to a variety of courses and clinical programs. Organized by major doctrinal concepts, such as confidentiality and conflicts of interest. Offers alternative organization by area of practice. Modular organization for professor choice. Manageable length. Multiple choice assessment questions and answers located at the end of each chapter to prepare students for the MPRE.
