Marketing in Latin America and the Caribbean Joseann Knight,Fabrizio Noboa S.,Barney G. Pacheco,2022-03-17 Latin America and the Caribbean are often placed in the same geographical and economic grouping. However, too little is known in either region about the other's business cultures and marketplaces. Marketing in Latin America and the Caribbean is a casebook that analyses the marketing histories, challenges, strategies and vision of small, medium and large indigenous businesses from South America, Central America, Mexico and the Caribbean. The book is divided into three core sections: Marketing Tactics, including product development, pricing and digital marketing; Marketing Strategy, which considers brand development, targeting and positioning, and competitive advantage; and, Global and Regional Marketing, considering strategic alliances, global expansion and supply chain management. The work also captures the competitive strategies used by indigenous firms to drive regional and global expansion in the face of sometimes turbulent marketing environments: several of the cases in the book encourage student readers to assess the impact of the COVID-19 pandemic on the strategies and futures of Latin American and Caribbean firms. Filling a gap in the literature by focusing on this understudied region and its indigenous firms, this text is essential and recommended reading for advanced undergraduate and postgraduate students studying International Marketing, Marketing Management and Strategy. It will also be of use to academic faculty seeking classroom material that captures authentic Latin American and Caribbean marketing realities. The work is supplemented by detailed Teaching Notes for each chapter, available online for instructors.

Art Therapy and Cancer Care Diane Waller,Caryl Sibbett,2005-07-16 Inspired by the experience of art therapists who have pioneered work with people with cancer and including those who have experienced this devastating illness at first hand, this book acknowledges the outstanding work of the Corinne Burton Trust which has supported the development of art therapy services in hospices and clinics throughout the United Kingdom. Narratives, case studies, new theoretical insights, and the inclusion of writing from Italy, France and the United States of America contribute to the strength and originality of the book. Therapeutic work is placed in its institutional context, demonstrating the importance for the art therapy service of being understood, supported and valued at managerial level – and how the lack of this can impact adversely on patient care. Moreover, many of the contributions have a sociological and anthropological nature, which gives the book a unique and challenging dimension. Art Therapy and Cancer Care is key reading for art therapists, artists in health care and other health or social care professionals who are looking for approaches that will improve the quality of living for cancer patients, yet not shy away from the process of dying. The contributors Jacqui Balloqui, Maureen Bocking, Timothy Duesbury, Ken Evans, Cinzia Favara-Scacco, Barry Falk, Elizabeth Goll Lerner, David Hardy, Kathryn Horn Coneway, Paola Luzzatto, Caryl Sibbett, Elizabeth Stone Matho, Michele Wood, Diane Waller.
