**Age of Voodoo** James Lovegrove,2013-02-26 Lex Dove thought he was done with the killing game. A retired British wetwork specialist, he’s living the quiet life in the Caribbean, minding his own business. Then a call comes, with one last mission: to lead an American black ops team into a disused Cold War bunker on a remote island near his adopted home. The money’s good, which means the risks are high. Dove doesn’t discover just how high until he and his team are a hundred feet below ground, facing the horri f c fruits of an experiment blending science and voodoo witchcraft. As if barely human monsters weren’t bad enough, a clock is ticking. Deep in the bowels of the earth, a god is waiting. And His anger, if roused, will be fearsome indeed.

**The Pantheon ,**  
**The Pantheon** Tod A. Marder,Mark Wilson Jones,2015-06-17 The Pantheon is one of the most important architectural monuments of all time. Thought to have been built by Emperor Hadrian in approximately AD 125 on the site of an earlier, Agrippan-era monument, it brilliantly displays the spatial pyrotechnics emblematic of Roman architecture and engineering. The Pantheon gives an up-to-date account of recent research on the best preserved building in the corpus of ancient Roman architecture from the time of its construction to the twenty-first century. Each chapter addresses a specific fundamental issue or period pertaining to the building; together, the essays in this volume shed light on all aspects of the Pantheon's creation, and establish the importance of the history of the building to an understanding of its ancient fabric and heritage, its present state, and its special role in the survival and evolution of ancient architecture in modern Rome.

**The Pantheon** William Lloyd MacDonald,2002 In this richly illustrated book, MacDonald analyzes the original design and construction of one of the grand architectural statements of all ages, discusses the technology that made it possible, and explores its metaphorical meaning.

**SMITE: The Pantheon War** Jack Banish,John Jackson Miller,2017-01-10 Millions play Hi-Rez Studios' SMITE--a Massive Online Battle Arena game where gods from any different Pantheons fight it out to determine the fate of both the godly realm, and our own world. Revealed here is the never before told tale of how the conflict between the gods began--from the assassination of Zeus in Olympus, to the goddess Hel tricking Thor into leading an army against her own father Loki, to the death of Ares and the plunging of the Pantheons into all-out war! Be a god. Choose a side. Save the world . . . or destroy it! Millions play the game, and this is the first time the backstory has been told!

**Age of Shiva** James Lovegrove,2014-03-26 THE AGE OF WAR! Zachary Bramwell, better known as the comics artist Zak Zap, is pushing forty and wondering why his life isn't as exciting as the lives of the superheroes he draws. Then he’s shanghaied by black-suited goons and flown to Mount Meru, a vast complex built atop an island in the Maldives. There, Zak meets a trio of billionaire businessmen who put him to work designing costumes for a team of godlike super-powered beings based on the ten avatars of Vishnu from Hindu mythology. The Ten Avatars battle demons and aliens and seem to be the saviours of a world teetering on collapse. But their presence is itself a harbinger of apocalypse. The Vedic “fourth age” of civilisation, Kali Yuga, is coming to an end, and Zak has a ringside seat for the final, all-out war that threatens the destruction of Earth.

*Pantheons* Matthew Craske,2017-07-05 The institution of the pantheon has come a long way from its classical origins. Invented to describe a temple dedicated to many deities, the term later became so far removed from its original meaning, that by the twentieth century, it has been able to exist independently of any architectural and sculptural monument. This collection of essays is the first to trace the transformation of the monumental idea of the pantheon from its origins in Greek and Roman antiquity to its later appearance as a means of commemorating and enshrining the ideals of national identity and statehood. Illuminating the emergence of the pantheon in a range of different cultures and periods by exploring its different manifestations and implementations, the essays open new historical perspectives on the formation of national and civic identities.

**Pantheon** Austin Wen,2020-09-22 It’s been ten years since the Great Enhancement, and the world still hasn’t recovered. Superhero tropes from the world before the Enhancement, which Reine, a thief, had never lived in, split their morality into black and white. The metahumans hired by the government to hunt their own became “heroes,” and the rest were forced into the role of villains. When Reine’s parents are killed after trying to rob a metahero’s mansion—a murder justified in every right and law—she must make her own justice in a world where the lines between right and wrong are corrupt and unclear. Even if it means she has to join forces with the most powerful metavillain in North America, Pantheon, by enlisting at his school for villains-in-training. Reine’s new roommate at Pantheon’s Academy is an outcast named Sky. Blamed for the death of her father—a powerful metavillain who many looked up to—Sky sees the newcomer Reine as a source of redemption: by betraying Reine, Sky will prove to her peers that she is a ruthless metavillain worthy of respect. However, the more the two get to know each other, the more complicated things become. And with metaheroes closing in on the Academy, Starflight at the helm, unlikely alliances must be made if either student is able to prevail. Reine and Sky, both friends and foes, soon find themselves on similar paths leading into the dangerous unknown.
