Moving Mountains John Eldredge, 2016-02-16 New York Times best-selling author of *Wild at Heart* John Eldredge offers readers a step-by-step guide to effective Christian prayer. How would it feel to enter into prayer with confidence and assurance—certain that God heard you and that your prayers would make a difference? It would likely feel amazing and unfamiliar. That's because often our prayers seem to be met with silence or don't appear to change anything. Either response can lead to disappointment or even despair in the face of our ongoing battles and unmet longings—especially when we don't know if we're doing something wrong or if some prayers just don't work. New York Times bestselling author John Eldredge confronts these issues directly in *Moving Mountains* by offering a hopeful approach to prayer that is effective, relational, and rarely experienced by most Christians. In a world filled with danger, adventure, and wonder, we have at our disposal prayers that can transform the events and issues that matter most to us and to God. *Moving Mountains* shows you how to experience the power of daily prayer, learn the major types of prayers—including those of intervention, consecration, warfare, and healing—and to discover the intimacy of the cry of the heart prayer, listening prayer, and praying Scripture. Things can be different, and you personally have a role to play with God in bringing about that change through prayer. It may sound too good to be true, but this is your invitation to engage in the kind of prayers that can move God's heart as well as the mountains before you. *Moving Mountains* is also available in Spanish, *Mueve montañas*. To dive deeper into the *Moving Mountains* message, the *Moving Mountains* study guide and video study are available now.

Paradise Lizzie Johnson, 2022-08-16 The definitive firsthand account of California's Camp Fire, the nation's deadliest wildfire in a century, *Paradise* is a riveting examination of what went wrong and how to avert future tragedies as the climate crisis unfolds. "A tour de force story of wildfire and a terrifying look at what lies ahead."—San Francisco Chronicle (Best Books of the Year) On November 8, 2018, the people of Paradise, California, awoke to a mottled gray sky and gusty winds. Soon the Camp Fire was upon them, gobbling an acre a second. Less than two hours after the fire ignited, the town was engulfed in flames, the residents trapped in their homes and cars. By the next morning, eighty-five people were dead. As a reporter for the San Francisco Chronicle, Lizzie Johnson was there as the town of Paradise burned. She saw the smoldering rubble of a historic covered bridge and the beloved Black Bear Diner and she stayed long afterward, visiting shelters, hotels, and makeshift camps. Drawing on years of on-the-ground reporting and reams of public records, including 911 calls and testimony from a grand jury investigation, Johnson provides a minute-by-minute account of the Camp Fire, following residents and first responders as they fight to save themselves and their town. We see a young mother fleeing with her newborn; a school bus full of children in search of an escape route; and a group of paramedics, patients, and nurses trapped in a cul-de-sac, fending off the fire with rakes and hoses. In *Paradise*, Johnson documents the unfolding tragedy with empathy and nuance. But she also investigates the root causes, from runaway climate change to a deeply flawed alert system to Pacific Gas and Electric's decades-long neglect of critical infrastructure. A cautionary tale for a new era of megafires, *Paradise* is the gripping story of a town wiped off the map and the determination of its people to rise again.

The Background of Thomson's Seasons Alan Dugald McKillop, 1942-01-01 Background of Thomson's Seasons was first published in 1942. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. There have been many valuable scattered studies of James Thomson's famous Seasons, but this is the first comprehensive book on the subject to be published in this country. This most popular long poem published in England in the eighteenth century well deserves reexamination. It is interesting not only to students of literature but also to those concerned with the history of ideas and the relationship of the fields of human knowledge. Thomson's Seasons reflects the trends of his time in literature, philosophy, science, history, and religion. Professor McKillop presents an illuminating and systematic analysis of the general philosophic and literary situation in which Thomson worked. Then he discusses Thomson's use of the natural sciences and of the literature of history, geography, and travel. He shows that the poet was also concerned with the patterns of human society, both primitive and civilized. The author reveals clearly how Thomson was indebted to the classical tradition; to the literary inspiration of Milton; to the scientific discussions and theories of Newton, Halley, Burnet, and the writers of popular physico-theological manuals; to the philosophical

discussions of Shaftesbury and Locke; to the contemporary periodical essay; to the religious works of Blackmore and Hill; to the descriptions of remote regions and peoples in such writers as Scheffer, Varenius, and Maupertuis. All Thomson's borrowings and characteristic ideas fall into the framework of his poem. As this book was leaving the bindery, discovery was made in Glasgow of a catalogue of Thomson's library. The document substantiates many of Professor McKillop's deductions.
