Love People, Use Things Joshua Fields Millburn,Ryan Nicodemus,2021-07-13 ****THE INSTANT NEW YORK TIMES BESTSELLER**** The Minimalists show you how to disconnect from our conditioned material state and reconnect to our true essence: love people and use things. This is not a book about how to live with less, but about how to live more deeply and more fully. –Jay Shetty, #1 New York Times bestselling author of *Think Like a Monk* AS SEEN ON THE NETFLIX DOCUMENTARIES *MINIMALISM & LESS IS NOW* How might your life be better with less? Imagine a life with less: less stuff, less clutter, less stress and debt and discontent—a life with fewer distractions. Now, imagine a life with more: more time, more meaningful relationships, more growth and contribution and contentment—a life of passion, unencumbered by the trappings of the chaotic world around you. What you're imagining is an intentional life. And to get there, you'll have to let go of some clutter that's in the way. In *Love People, Use Things*, Joshua Fields Millburn and Ryan Nicodemus move past simple decluttering to show how minimalism makes room to reevaluate and heal the seven essential relationships in our lives: stuff, truth, self, money, values, creativity, and people. They use their own experiences—and those of the people they have met along the minimalist journey—to provide a template for how to live a fuller, more meaningful life. Because once you have less, you can make room for the right kind of more.

Nature Jeffrey Kastner,2012 This anthology considers how the rise of transdisciplinary practices in the post-war era allowed for new kinds of artistic engagement with nature. It provides an overview of the eclectic scientific and philosophical sources that inform contemporary art's investigations of nature.

Minimalism: Live a Meaningful Life Joshua Fields Millburn,Ryan Nicodemus,2015-12-20 Minimalism is the thing that gets us past the things so we can make room for life's most important things—which actually aren't things at all. At age 30, best friends Joshua Fields Millburn & Ryan Nicodemus walked away from their six-figure corporate careers, jettisoned most of their material possessions, and started focusing on what's truly important. In their debut book, Joshua & Ryan, authors of the popular website *The Minimalists*, explore their troubled pasts and descent into depression. Though they had achieved the American Dream, they worked ridiculous hours, wastefully spent money, and lived paycheck to paycheck. Instead of discovering their passions, they pacified themselves with ephemeral indulgences—which only led to more debt, depression, and discontent. After a pair of life-changing events, Joshua & Ryan discovered minimalism, allowing them to eliminate their excess material things so they could focus on life's most important things: health, relationships, passion, growth, and contribution.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
