The Suffering and Celebration of Life in America Amy Bugbee, Shane Bugbee, 2013-01-15 What began as a study of the State of America turned into a journey of personal discovery. From Mardi Gras to the Creation Museum, the

The Pharos Objective David Sakmyster, 2010-07-06 Driven by visions of his dead father, Professor Caleb Crowe reluctantly joins the Morpheus Initiative, a team of remote-viewing archaeologists determined to locate the remains of the seventh Wonder of the Ancient World—the Pharos Lighthouse—beneath which the legendary treasure of Alexander the Great is rumored to be hidden. Crowe's quest spans two thousand years of visionary history that connects the ashes of Herculaneum and the lost Library of Alexandria with a secret government program and ancient society called The Keepers. To discover a threshold guarded by deadly traps and forgotten prophecies is one thing, but facing the truth about himself is something else altogether.

The Hidden Lamp Zenshin Florence Caplow, Reigetsu Susan Moon, 2013-10-21 The Hidden Lamp is a collection of one hundred koans and stories of Buddhist women from the time of the Buddha to the present day. This revolutionary book brings together many teaching stories that were hidden for centuries, unknown until this volume. These stories are extraordinary expressions of freedom and fearlessness, relevant for men and women of any time or place. In these pages we meet nuns, laywomen practicing with their families, famous teachers honored by emperors, and old women selling tea on the side of the road. Each story is accompanied by a reflection by a contemporary woman teacher--personal responses that help bring the old stories alive for readers today--and concluded by a final meditation for the reader, a question from the editors meant to spark further rumination and inquiry. These are the voices of the women ancestors of every contemporary Buddhist.

Badluck Way Bryce Andrews, 2014-01-07 "Much more than a coming-of-age story, *Badluck Way* is an important meditation on what it means to share space and breathe the same air as truly wild animals, and the necessary damage that can occur when boundaries are crossed" (Tom Groneberg, author of *The Secret Life of Cowboys*). In this gripping memoir of a young man, a wolf, their parallel lives and ultimate collision, Bryce Andrews describes life on the remote, windswept Sun Ranch in southwest Montana. The Sun's twenty thousand acres of rangeland occupy a still-wild corner of southwest Montana—a high valley surrounded by mountain ranges and steep creeks with portentous names like Grizzly and Bad Luck. Just over the border from Yellowstone National Park, the Sun holds giant herds of cattle and elk amid many predators—bears, mountain lions, and wolves. In lyrical, haunting language, Andrews recounts marathon days and nights of building fences, riding, roping, and otherwise learning the hard business of caring for cattle, an initiation that changes him from an idealistic city kid into a skilled ranch hand. But when wolves

suddenly begin killing the ranch's cattle, Andrews has to shoulder a rifle, chase the pack, and do what he'd hoped he would never have to do. Called "an elegant memoir" by the Great Falls Tribune, Badluck Way is about transformation and complications, about living with dirty hands every day. It is about the hard choices that wake us at night and take a lifetime to reconcile. Above all, Badluck Way celebrates the breathtaking beauty of wilderness and the satisfaction of hard work on some of the harshest, most beautiful land in the world.
