This Is My Body Ragan Sutterfield, 2015-02-17 "The cacophony of voices about our bodies is so loud, it's hard to hear the voices that matter. Some of us decide to forget it all and give in to one addiction or another. I've done that. Some of us decide to perfect our bodies and obsess over every muscle or wrinkle. I've done that too. Then I discovered the truth about my body: It is a gift. A sign of God's love. And so is yours." Many of us think of our bodies as burdens that drag us toward failure and guilt. But what if God actually glories in the flesh? What if we had the same joy about our bodies as God does? Ragan Sutterfield brings us back to a biblical perspective—a freeing, corrective viewpoint that reminds us of the connection between spirit, mind, and body. Along the way, he shares his journey from overweight addict to Ironman competitor. He counts his success, though, not in his decreased clothing size but in his increased understanding of how much God loves the body and what it means to take care of his whole being. This is a story for each of us. As a teenager, Ragan Sutterfield tried extreme dieting to get rid of childhood chubbiness. As a young adult, he wrestled with his Christian culture's tenets about the dangers of the body. As a man, he became an obese smoker in a failing marriage. And he began a journey of understanding that changed his life. Weaving together biblical insight, personal story, and thoughtful reflection, *This Is My Body* offers an inspiring look at God's creation of each of us as human beings, in the flesh. It is an examination of spiritual disciplines, sex, self-image, eating, environmental responsibilities, and the church's role in misunderstandings about the body. It is also a celebration of Communion—the moment when Jesus reminded his disciples that he, too, is flesh. Spiritually rich, this is an eloquent exploration of the body in all its God-given glory.

Requiem for the Lost Drayven Carpaythya,

The Homeschooling Parent Kerridwen Mangala McNamara, 2022-09-09 So you've decided to homeschool. There's too much information out there and all of it is about what to do with your KIDS. There's precious little about what life is like for the Homeschooling Parent - and you want to know about things like... how will you socialize without school to help you get to know your kids' friends and their parents? what is it really like being home all day with your kids? why do other parents choose to homeschool? how are you ever going to handle high school (or middle school)? what are you going to do if you don't want to do this anymore? If it's way too hard? And the BIG Question: Are you going to fail your kids? This book is for YOU, the homeschooling parent (and for your support system of adults, though it's written for you). In these pages I will show you how to cope with teaching, chores, fears, and many of the everyday things that make us all stress out like crazy. Let me share with you the lessons learned from my six active kids (ages 20 down through 9 as of September 2022) and fifteen years of formal homeschooling, my experience running numerous homeschooling groups (for both parents and kids)... and from being a homeschooled kid (2nd-12th grades) myself. Your kid - and you - may have different ambitions, but let me tell you about how I - and my two homeschool graduates - have been accepted and successfully attended selective colleges in the USA. And the sports... yes, we've done sports as well as academics. And let me help you start (or continue) on your homeschooling journey as a friend who has gone this way first and hopes to smooth the road for you.

Getting Tough Customers to Yes! William Huggins, 1996 Do you know a Buyer from Hell? Most salespeople do. Many sales reps, however, don't have the skills to conquer big obstacles. These big obstacles require big counter-measures. In dealing with tough buyers, salespeople must be prepared to call on their own larger-than-life resources. William R. Huggins, a 35-year sales manager and trainer, has important insights on the tough buyer, as well as a wealth of practical, proven methods for closing a sale with the most difficult prospect. Huggins shows how to employ simple techniques that will enhance personal presence and put sellers on an even playing field with their tough-to-sell contacts. Learn how to: -- Identify the new buyers and buying procedures. Learn how to recognize and overcome these new obstacles. -- Create a need for your product in today's tough market. - - Distinguish the main types of tough buyers. -- Neutralize a prospect's existing relationship with your competition. -- Appeal to the emotional needs of the buyer. -- Overcome buyers who interrupt the flow of your presentation.

Religion Among the Folk in Egypt Hasan M. El-Shamy, 2009 Religion among the Folk in Egypt seeks to structure the entire field of supernatural beliefs and related practices in the folk communities of Egypt. These beliefs constitute a cognitive system on the one hand and represent behavioral experiences felt, thought, and lived by individuals and social groups on the other. The systemic qualities of the beliefs involved are represented by the fact that the components are interconnected; even a peripheral belief is connected to others and, ultimately, attributed to a central component. The individual 'believer' is aware of the system's components and of the interrelationships among these components. Individuals and social groups manifest the behavioristic nature of a belief or a piece of knowledge within the system through actions. These actions, or rituals are motivated by these beliefs and are made in response to, and within the confines of, the beliefs. A major component of a belief is its affective quality. From the viewpoint of the believer, a religious belief is associated with a certain type of sentiment: awe, reverence, fear, love, hate, and so forth. Such feelings are learned and lead the individual to act in a certain manner and direction congruent with his feelings. In the present inquiry the sentiments involved are predominantly of a religious nature. The folk system only partially overlaps with the formal religion. Folk beliefs and practices, however, represent real behavioral patterns which influence the thoughts, feelings, and actions of individuals and tradition bound groups in daily living; in many respects it is the real religious culture, while formal religion represents the ideal or the supposed form of that culture.
