**The Jesuits and the Monarchy** Eric Nelson,2017-03-02 The first three decades of Bourbon rule in France coincided with a period of violent fragmentation followed by rapid renewal within the French Catholic community. In the early 1590s, when Henri IV - Protestant head of the Bourbon house - acceded to the throne, French Catholics were at war with each other as Leaguer and Navarrist factions fought both militarily and ideologically for control of Catholic France. However, by 1620 a partially reconciled French church was in the process of defining a distinctive reform movement as French Catholics, encouraged by their monarchs, sought to assimilate aspects of the international Catholic reformation with Gallican traditions to renew their church. The expulsion, recall and subsequent integration of the Society into the French church offers a unique window into the evolution of French Catholicism between 1590 and 1620. It provides new insight into how Henri IV re-established royal authority in the French Catholic church following the collapse of the Catholic League and how this development helped to heal the rifts in French Catholicism wrought by the Leaguer movement. It also explores in unprecedented detail how Henri played an important role in channelling religious energy in his kingdom towards forms of Catholic piety -exemplified by his new allies the Jesuits - which became the foundation of
