Patyrę mokslininkai evoliucionistai savo žodžiais, išspausdintais šioje knygoje, paaiškina savo „įsitikinimų“ klaidingumą. Evoliucija neatitinka faktų! Tai ypatinga kūryba!

*The Storytelling Human* Lina Būgienė, 2021-02-02 This book is among the very few publications offering to the English-speaking readership significant insights into contemporary Lithuanian folklore research. Dealing with a broad variety of materials—from archived manuscripts to audio-recorded life stories to internet folklore—it comprises such topics as history and identity; the traditional worldview influencing modern people's actions; the construction of the mental landscape; types and modes of storytelling; and the modern uses of proverbs, anecdotes, and internet lore. In a balanced way reflecting upon past and present, tradition and modernity, individual and collective, and employing

modern research methodologies to dissect and analyze popular subjects and themes, this book presents a condensed view of the popular Lithuanian culture and mentality.
