Cut the Cord Tom Magrini,2018-03-15 High monthly cost, inflexible bundles of channels you never watch, long-term contracts, equipment rental fees, cancellation fees, lousy customer service - why would anyone want cable or satellite TV? There is revolution that has cable and satellite TV providers worried. In 2017, over 22 million Americans cut the cord, opting to watch TV using an over-the-air antenna or by streaming video over the Internet. 61% of U.S. adults aged 18 to 29 and 37% aged 30 to 49 do not have cable or satellite TV and use online streaming services as their primary way to watch TV. 71% of cord cutters stated their reason for cutting the cord was the high cost of cable and satellite TV. A survey of cord cutters found the longer they went without cable or satellite TV, the more satisfied they were with their decision to cut the cord. The average cable TV bill is a whopping \$103.10 per month - \$1,237 a year! Most of us pay more. I will show you how you can easily cut the cord and save \$75 or more each month, even if you are paying as little as \$100 a month for cable or satellite TV. Think it's not worth the time or effort? The average cord cutter saves \$104 a month - \$1,248 a year! Now that is some real money! If you are tired of throwing good money away on high cable or satellite TV bills, this book is for you. Are you fed up with channel surfing through 200 channels only to find nothing is on? This book is for the dissatisfied cable or satellite TV customer who is fed up with their provider's high monthly fees, inflexible bundles, long-term contracts, and lousy customer service and wants to enjoy television without emptying their bank account. Let me help you cut the cord and save some big bucks!
