Ishodad of Merw's Exegesis of the Psalms 119 and 139-147 Clemens Leonhard,2001 Ishodad of Merw (9th century), like other East Syrian exegetes, understands himself as an heir of Theodore of Mopsuestia's (died 428) approach to biblical interpretation. The study examines this claim in one of the rare cases where the Syriac

translation of Theodore's commentary (on Ps 119 and 139-147) is extant. Ishodad emerges as a competent representative of his scholastic tradition working creatively with his scientific tools. Ishodad's commentary shows traces of Theodore's in less than a third of the verses explained. This reflects the development of medieval academic exegesis and the changed expectations towards biblical interpretation and its presentation. In its highly abbreviated style, Ishodad's commentary shows that it was written for a learned audience for whom one could reduce one's explanations to their essential parts. The study of Ishodad's commentary provides a glimpse into East-Syrian scholarship in Abbasid Mesopotamia as mediating between different exegetical traditions and biblical translations.

Henry James: Novels 1896-1899 (LOA #139) Henry James,2003-03-10 This Library of America volume collects four novels written by Henry James in the period immediately following his unsuccessful five-year-long attempt to establish himself as a playwright on the London stage. Hoping to convert his “infinite little loss” into “infinite little gain,” James returned to the novelistic examination of English society with a new appreciation for what he called the “divine principle of the Scenario,” “a key that, working in the same general way fits the complicated chambers of both the dramatic and the narrative lock.” His continued interest in dramatic form is demonstrated in *The Other House* (1896), which was derived from the scenario for a three-act play. Set in two neighboring houses and told mostly through dialogue, the novel explores the violent and tragic consequences of jealousy and frustrated passion. In *The Spoils of Poynton* (1897), one of the most tightly constructed of James’s late novels, a house and its exquisite antique furnishings and artwork become the source of a protracted struggle involving the proud and imperious Mrs. Gereth, her amiable son, Owen, his philistine fiancée, Mona Brigstock, and the sensitive Fleda Vetch, whose moral judgment is tested by her conflicting allegiances. *What Maisie Knew* (1897) explores with perception and sensitivity the effect upon a young girl of her parents’ bitter divorce and their subsequent remarriages. In writing the novel James chose as his point of view what he described as “the consciousness, the dim, sweet, scared, wondering, clinging perception of the child.” *The Awkward Age* (1899) examines the complicated relations among the members of a sophisticated London social circle almost entirely through dialogue as it depicts the shifting marital prospects of a young woman poised on the verge of adult life. Both of these novels insightfully explore the ambiguity of childhood “innocence” amid adult struggles over money, power, and love. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation’s literary heritage by publishing, and keeping permanently in print, America’s best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.
