Word by Word Kory Stamper, 2018-03-06 "We think of English as a fortress to be defended, but a better analogy is to think of English as a child. We love and nurture it into being, and once it gains gross motor skills, it starts going exactly where we don't want it to go: it heads right for the

goddamned electrical sockets.” With wit and irreverence, lexicographer Kory Stamper cracks open the obsessive world of dictionary writing, from the agonizing decisions about what to define and how to do it to the knotty questions of ever-changing word usage. Filled with fun facts—for example, the first documented usage of “OMG” was in a letter to Winston Churchill—and Stamper’s own stories from the linguistic front lines (including how she became America’s foremost “irregardless” apologist, despite loathing the word), *Word by Word* is an endlessly entertaining look at the wonderful complexities and eccentricities of the English language.

The Gravity of Us Phil Stamper, 2020-02-04 I’m so starry-eyed for this wise, romantic gem of a book. - Becky Albertalli, bestselling author of *Simon vs. the Homo Sapiens Agenda* In this smart, heart-warming YA debut perfect for fans of Becky Albertalli and Adam Silvera, two teens find love when their lives are uprooted for their parents’ involvement in a NASA mission to Mars. Cal wants to be a journalist, and he’s already well underway with almost half a million followers on his FlashFame app and an upcoming internship at BuzzFeed. But his plans are derailed when his pilot father is selected for a highly-publicized NASA mission to Mars. Within days, Cal and his parents leave Brooklyn for hot and humid Houston. With the entire nation desperate for any new information about the astronauts, Cal finds himself thrust in the middle of a media circus. Suddenly his life is more like a reality TV show, with his constantly bickering parents struggling with their roles as the perfect American family. And then Cal meets Leon, whose mother is another astronaut on the mission, and he finds himself falling head over heels—and fast. They become an oasis for each other amid the craziness of this whole experience. As their relationship grows, so does the frenzy surrounding the Mars mission, and when secrets are revealed about ulterior motives of the program, Cal must find a way to get to the truth without hurting the people who have become most important to him.

A life filled with pain, loneliness, and anger. It’s the first day of her seventh-grade year, and she’s ready for a change. She has plans, and none of them involve ruining her own life before she makes it out of middle school. She just has to ignore all of the mean looks, pointed whispers, trash talk, and harsh words—from kids and adults alike. Easy, right? But if she has any hope of making it, she must find a way to keep her Ugly Me locked inside. Because if she lets her take over again, she may not be able to recover...

Small Town Pride Phil Stamper, 2022-05-31 From acclaimed author Phil Stamper (*The Gravity of Us* and *As Far as You’ll Take Me*) comes a poignant coming-of-age, contemporary middle grade debut novel about finding your place, using your voice, and the true meaning of pride. Perfect for fans of *Rick* by Alex Gino and *The Best at It* by Maulik Pancholy. Jake is just starting to enjoy life as his school’s first openly gay kid. While his family and friends are accepting and supportive, the same can’t be said about everyone in their small town of Barton Springs, Ohio. When Jake’s dad hangs a comically large pride flag in their front yard in an overblown show of love, the mayor begins to receive complaints. A few people are even concerned the flag will lead to something truly outlandish: a pride parade. Except Jake doesn’t think that’s a ridiculous idea. Why can’t they hold a pride festival in Barton Springs? The problem is, Jake knows he’ll have to get approval from the town council, and the mayor won’t be on his side. And as Jake and his friends try to find a way to bring Pride to Barton Springs, it seems suspicious that the mayor’s son, Brett, suddenly wants to spend time with Jake. But someone that cute couldn’t possibly be in league with his mayoral mother, could he? Breaking Rank Norm Stamper,2009-04-27 Opening with a powerful letter to former Tacoma police chief David Brame, who shot his estranged wife before turning the gun on himself, Norm Stamper introduces us to the violent, secret world of domestic abuse that cops must not only navigate, but which some also perpetrate. Former chief of the Seattle police force, Stamper goes on to expose a troubling culture of racism, sexism, and homophobia that is still pervasive within the twenty-first-century force; then he explores how such prejudices can be addressed. He reveals the dangers and temptations that cops face, describing in gripping detail the split-second life-and-death decisions. Stamper draws on lessons learned to make powerful arguments for drug decriminalization, abolition of the death penalty, and radically revised approaches to prostitution and gun control. He offers penetrating insights into the blue wall of silence, police undercover work, and what it means to kill a man. And, Stamper gives his personal

account of the World Trade organization debacle of 1999, when protests he was in charge of controlling turned violent in the streets of Seattle. Breaking Rank reveals Norm Stamper as a brave man, a pioneering public servant whose extraordinary life has been dedicated to the service of his community.

The Architecture of Roman Temples John W. Stamper, 2005-02-16 This book examines the development of Roman temple architecture from its earliest history in the sixth century BC to the reigns of Hadrian and the Antonines in the second century AD. John Stamper analyzes the temples' formal qualities, the public spaces in which they were located and, most importantly, the authority of precedent in their designs. He also traces Rome's temple architecture as it evolved over time and how it accommodated changing political and religious contexts, as well as the affects of new stylistic influences.

Stamper Footprints Betty Stamper Latham, 1995 To go back in time and know our ancestors would be the greatest of all adventures. With this sentence, Betty Stamper Latham begins her book and it was with this principle that she has created more than just a genealogy of the Stamper family. Ms. Latham personally spent over five years researching this book. She visited many of the places where the Stamper families lived and where they forever rest in peace. She spent hours sifting through microfilm and pouring through archival evidence to develop this clear chronicle of eleven generations of the Stamper family. Ms. Latham does more than just duplicate the dry facts of her research. She combined what she learned of her family with her knowledge of general history and used a little imagination to bring to life such events as a marriage, a night in a tavern or hitching a ride on a boxcar. The book begins in 1660 with John Stamper, a probable immigrant from England, and ends at the time of publication. Like many of the early colonists, the Stampers wandered around their new country, settling for a while and then moving on. After originally settling in Middlesex County, Virginia, the Stampers moved to Amherst County, Virginia. After about ten years they moved again, this time to Rowan County, North Carolina. By the early nineteenth century there were Stampers all over southern Virginia and North Carolina as well as Kentucky and other states west. Many Stampers played roles in some of our country's most significant historical chapters, as well. Jonathan Stamper, Sr. had sons who fought in the Revolutionary War and many Stampers fought in our nation's Civil War. There are approximately 1,800 persons named in this book. Most of the maiden names are included, as well as the names of parents when available. There is an every-name index for the ease of researching names. There are also several old photos of Stampers, pictures of places related to the family's history, a map of pertinent areas and copies of some of the land grants issued to the Stampers.
