Serverless Applications with Node.js Slobodan Stojanovic,Aleksandar Simovic,2019-02-12 Summary Serverless Applications with Node.js walks you through building serverless apps on AWS using JavaScript. Inside, you'll discover what Claudia.js brings to the table as you build and deploy a scalable event-based serverless application, based around a pizzeria that's fully integrated with AWS services, including Lambda and API Gateway. Each chapter is filled with exercises, examples, tips, and more to make sure you're ready to bring what you've learned into your own work. Foreword by Gojko Adzic. Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the Technology The benefits of cloud-hosted serverless web apps are undeniable: lower complexity, quicker time to market, and easier scalability than traditional, server-dependent designs. And thanks to JavaScript support in AWS Lambda and powerful new serverless API tools like the Claudia.js library, you can build and deploy serverless apps end to end without learning a new language. About the Book Serverless Applications with Node.js teaches you to design and build serverless web apps on AWS using JavaScript, Node, and Claudia.js. You'll master the basics of writing AWS Lambda functions, along with core serverless patterns like API Gateway. Along the way, you'll practice your new skills by building a working chatbot and a voice assistant with Amazon Alexa. You'll also discover techniques for migrating existing apps to a serverless platform. What's inside Authentication and database storage Asynchronous functions Interesting real-world examples Developing serverless microservices About the Reader For web developers comfortable with JavaScript and Node.js. About the Author Slobodan Stojanović and Aleksandar Simović are AWS Serverless Heroes and core contributors to the Claudia.js project. They are also coauthors of Desole, an open source serverless errortracking tool, and the lead developers of Claudia Bot Builder. The Secret Thoughts of an Unlikely Convert Rosaria Champagne Butterfield,2014 Rosaria, by the standards of many, was living a very good life. She had a tenured position at a large university in a field for which she cared deeply. She owned two homes with her partner, in which they provided hospitality to students and activists that were looking to make a difference in the world. In the community, Rosaria was involved in volunteer work. At the university, she was a respected advisor of students and her department's curriculum. And then, in her late 30s, Rosaria encountered something that turned her world upside down -- the idea that Christianity, a religion that she had regarded as problematic and sometimes downright damaging, might be right about who God was. That idea seemed to fly in the face of the people and causes that she most loved. What follows is a story of what she describes as a train wreck at the hand of the supernatural. These are her secret thoughts about those events, written as only a reflective English professor could.--Back cover.

Overcoming Fieldwork Challenges in Social Science and Higher Education Research El Shaban, Abir,2020-12-18 Conducting social science and education research studies that require involvement in fieldwork is not an easy task. Many graduate students and novice researchers face difficulties efficiently and effectively conducting the practical aspects of their research in fieldwork. One reason for this difficulty may be due to the lack of finding and/or accessing authentic and realistic descriptions of previously conducted fieldwork experiences and processes in a variety of fields. This could be the case whether the research is going to be on a virtual platform or in a real and actual context. Thus, it is critical to shed light on the successes and pitfalls of the personal experiences of fieldwork. Overcoming Fieldwork Challenges in Social Science and Higher Education Research is an essential reference book that draws on the experience of conducting fieldwork in different contexts and world regions that are relevant to social science and education studies. The diverse experiences in research processes and contexts that this book offers provide readers with an authentic and realistic description of how research data is collected, the tools needed to envision some of the challenges that they might face, and how to effectively solve them. Highlighting topics such as methodology, data collection, and fieldwork partnerships in fields that include counseling, psychology, language studies, and teacher education, this book is ideal for social science and education studies professors who have research as a mandatory part of their curriculum, administrators and policymakers, independent and novice researchers, and graduate students planning to conduct their research studies with humans in different contexts.
