God as Creator in Acts 17:24 Jennifer Marie

Creamer, 2017-08-25 The Areopagus speech of Acts provides a helpful study of how Paul both engaged and confronted the contemporary culture of his day to present the message of Christianity to his hearers in Athens. How does Paul, as a Jew, contextualize the message for his audience of Stoic and Epicurean philosophers in Athens on the topic of God as Creator in Acts 17:24? Paul touches on a subject of contentious debate between Stoics and Epicureans when he identifies God as Creator. Stoics believed in a creating deity, something akin to Plato's demiurge of the Timaeus. Epicureans ridiculed such an idea. By using the identification of God as Creator, Paul engages a common controversy between schools of philosophy.

Principles of Architectural Detailing Stephen Emmitt, John Olie, Peter Schmid, 2009-02-12 Why are buildings detailed the way they are? Why do architects and engineers seem to come to the same kind of solutions to their detailing problems? Are we satisfied with such a situation? With environmental concerns so high on designers' agendas, the answer to this third question has to be 'no'. Collectively architects, engineers and specifiers need to revisit how they detail the built environment, and address the most important and potentially difficult area of the joint between materials and components. In *Principles of Architectural Detailing* the authors question the way in which buildings are detailed and in particular challenge familiar joint solutions. They offer practical guidance and a number of tools to help the student of architectural detailing in the decision-making process. The emphasis throughout is on using knowledge of construction in a creative and productive way to contribute towards a built environment that enhances our well-being and which is also sustainable.

The Christian Doctrine of God William Newton Clarke, 1909

Truth Aflame Larry D. Hart, 2005 Larry Hart writes a Pentecostal/charismatic systematic theology in an easily accessible style, engaging the reader throughout the text in a personal and pastoral manner.

Goncharov in the Twenty-First Century Ingrid Kleespies, Lyudmila Parts, 2021-11-23 Goncharov in the Twenty-First Century brings together a range of international scholars for a reexamination of Ivan Goncharov's life and work through a twenty-first century critical lens. Contributions to the volume highlight Goncharov's service career, the complex and understudied manifestation of Realism in his work, the diverse philosophical threads that shape his novels, and the often colliding contexts of writer and imperial bureaucrat in the 1858 travel text *Frigate Pallada*. Chapters engage with approaches from post-colonial and queer studies, theories of genre and the novel, desire, laughter, technology, and mobility and travel.

Wanghong as Social Media Entertainment in China David Craig, Jian Lin, Stuart Cunningham, 2021-02-25 In Chinese, the term wanghong refers to creators, social media entrepreneurs alternatively known as KOLs (key opinion leaders) and zhubo (showroom hosts), influencers and micro-celebrities. Wanghong also refers to an emerging media ecology in which these creators cultivate online communities for cultural and commercial value by harnessing Chinese social media platforms, like Weibo, WeChat, Douyu, Huya, Bilibili, Douyin, and Kuaishuo. Framed by the concepts of cultural, creative, and social industries, the book maps the development of wanghong policies and platforms, labor and management, content and culture, as they operate in contrast to its non-Chinese counterpart, social media entertainment, driven by platforms like YouTube, Facebook, Instagram, and Twitch. As evidenced by the backlash to TikTok, the threat of competition from global wanghong signals advancing platform nationalism.

No Peace Without Prayer Timothy Wright, 2013-11-07 Abbot

Timothy Wright proposes sowing a small seed from which might grow a greater respect between the world's two largest religions, Christianity and Islam. Indeed, he believes that the seed has already been planted. Christians give unique value to their revealed Scriptures as the Word of God. Muslims speak of the Qur'an as God speaking to them. In *No Peace without Prayer*, Wright presents the case for developing this faith in the Word of God to establish groups of Christians and Muslims dedicated to sharing their respective Divine Word in ways that enhance the other. This is not a tussle for converts but a way into greater mutual understanding-under the eye of the God who communicates this Word-to create a new shared memory. Such is a work of prayer, a prayer that could lead to greater peace. The key word, says Wright, is partnership, arising from their shared belief in the One God, creator of the universe, communicating with the human world and merciful to the repentant.

Causality Jeaneane Fowler, 2020-02-21 This book examines the concepts of cause and effect from two dimensions. The first concerns the macrocosm of the Universe and how each belief system views creation. The second dimension explores the ways in which beliefs about creation influence the microcosmic world in terms of the nature of the self, the proximate goals within each system, the answers each belief system offers to the presence of evil and suffering in existence, and ideas about the ultimate goal of release from them. All these ideas inform and are fundamental to the understanding of the present-day practices of different faiths, presenting challenges for scriptural testimony balanced with existential living. The final two chapters explore current research in physics concerning the beginnings of the cosmos and what implications such research might have for existence within it, with the final chapter examining scientific views of the nature of the self. Contents include: Judaic and Christian Traditions. Islam. Hinduism. Early Buddhism. Sikhism. Classical Taoism. Recycled Stardust. Ashes to Ashes and Dust to Atoms: The Life

and Death of the Self.

The Creator's Game Allan Downey, 2018-02-21 Lacrosse has been a central element of Indigenous cultures for centuries, but once non-Indigenous players entered the sport, it became a site of appropriation – then reclamation – of Indigenous identities. The Creator's Game focuses on the history of lacrosse in Indigenous communities from the 1860s to the 1990s, exploring Indigenous-non-Indigenous relations and Indigenous identity formation. While the game was being appropriated in the process of constructing a new identity for the nation-state of Canada, it was also being used by Indigenous peoples to resist residential school experiences, initiate pan-Indigenous political mobilization, and articulate Indigenous sovereignty. This engaging and innovative book provides a unique view of Indigenous self-determination and nationhood in the face of settler-colonialism.

Vowed to Community or Ordained to Mission? Judith Lena Böttcher, 2018-10-01 Lena Böttcher offers an overdue exploration of the early years of the deaconess community in Neuendettelsau from a gender perspective. Drawing on rich archival material, she focuses on the process of a distinctive collective identity. Central to this study is the assumption, drawn from the social sciences, that collective identity is a social construction which requires the participation of the whole group through identification and which is consolidated by developing specific rituals, symbols, codes and normative texts, which facilitate integration, and by constructing external boundaries, which separate from the world and the wider church. This approach highlights the fact that the women were not merely passive recipients but participated and contributed to the formation of a distinct Neuendettelsau deaconess culture. Thus, this study offers an explanation for the popularity such institutes enjoyed amongst single and widowed Protestant women in the latter half of the nineteenth century. In consequence, this study significantly widens the scope of historical research on the Institute which so far has tended to

take into account solely the male perspective of the Rektoren.

Scottish Federalism and Covenantalism in Transition Stephen G. Myers, 2015-09-24 How freely can salvation be offered to people? How do Law and Grace find balance? What influence does Federal Theology have on the overall theological enterprise? How does a confessional church interact with both the civil government and other religious communions? These are the questions roiling the twenty-first century-church; these were the questions threatening to splinter the Scottish church in the early eighteenth century. In those earlier days of mounting theological confrontation within the Scottish church, Ebenezer Erskine--a parish minister renowned for his evangelistic zeal--had a major role to play. Through this examination of the theology and ministry of Erskine, one therefore gains not only a deeper understanding of a man critically important within Presbyterian history, but also insight into the pressing theological disputes of the day. By analyzing Erskine's contributions to ongoing theological discussion, greater clarity is gained on the development of Federal Theology; on the root causes of the Marrow controversy; and on the challenges involved as increasing religious diversity penetrated lands once dominated by national churches. In these areas and more, Erskine serves both to illuminate an obscure era and to refine modern understandings of still controversial theological issues.

C.S. Lewis—On the Christ of a Religious Economy, 3.2 P. H. Brazier, 2014-01-16 C. S. Lewis--On the Christ of a Religious Economy. II. Knowing Salvation, opens with a discussion of the Anscombe-Lewis debate (the theological issues relating to revelation and reason, Christ the Logos). This leads into Lewis on the Church (the body of Christ) and his understanding of religion: how is salvation enacted through the churches, how do we know we are saved? This concludes with, for Lewis, the question of sufferance and atonement, substitution and election, deliverance and redemption: heaven, hell, resurrection, and eternity--Christ's

work of salvation on the cross. What did Lewis say of humanity in relation to God, now Immanuel, God with us, incarnate, crucified, resurrected, and ascended for humanity? What of Lewis's own death, and that of his wife? What does this tell us about the triune God of Love, who is Love? This volume forms the second part of the third book in a series of studies on the theology of C. S. Lewis titled *C. S. Lewis: Revelation and the Christ*. The books are written for academics and students, but also, crucially, for those people, ordinary Christians, without a theology degree who enjoy and gain sustenance from reading Lewis's work.

Devotional Refrains in Medieval Latin Song Mary

Channen Caldwell, 2022-03-31 Throughout medieval Europe, male and female religious communities attached to churches, abbeys, and schools participated in devotional music making outside of the chanted liturgy. Newly collating over 400 songs from primary sources, this book reveals the role of Latin refrains and refrain songs in the musical lives of religious communities by employing novel interdisciplinary and analytical approaches to the study of medieval song. Through interpretive frameworks focused on time and temporality, performance, memory, inscription, and language, each chapter offers an original perspective on how refrains were created, transmitted, and performed. Arguing for the Latin refrain's significance as a marker of form and meaning, this book identifies it as a tool that communities used to negotiate their lived experiences of liturgical and calendrical time; to confirm their communal identity and belonging to song communities; and to navigate relationships between Latin and vernacular song and dance that emerge within their multilingual contexts.

Psalmen oder Psalter? Eva Jain, 2014-05-12 For the first time, the entire preserved fragment material of the psalm manuscripts from the Judean Desert is here being presented and edited as a whole. In this way, it can be defined and analyzed in future studies. New ways of exploring the contents will particularly result with regard to the best preserved psalm roll, 11QPs a. Erstmals wird das gesamte erhaltene Fragmentenmaterial der Psalmenhandschriften aus der Wüste Juda umfassend dargestellt und aufbereitet. Auf diese Weise lässt es sich definieren und für weitere Untersuchungen auswerten. Gerade in Hinsicht auf die besterhaltene Psalmenrolle 11QPs a ergeben sich so ganz neue Perspektiven zur Erschließung der Handschrift.

The Letters of Paul, Sixth Edition Calvin J. Roetzel, 2015-10-01 This is the sixth edition of the classic textbook that has been introducing Paul and his writing to seminary and undergraduate students for over forty years. Roetzel provides a comprehensive look at Paul in light of recent scholarship and theological understandings of Paul. This new edition includes four brand-new sections on the following: the chronology of Paul's letters; Paul's concept of law in the context of messianic expectation; the religious and political contexts in which Paul's letters were written; and Jewish understandings of Gentiles and Paul's mission to include them among the elect of God. This long-established textbook is the ideal choice for any student of Paul.

Burnside's Boys Darin Wipperman, 2023-04-01 Unique among Union army corps, the Ninth fought in both the Eastern and Western theaters of the Civil War. The corps' veterans called their service a "geography class," and others have called the Ninth "a wandering corps" because it covered more ground than

any corps in the Union armies. With the same attention to detail that he gave to the First Corps in *First for the Union*, Darin Wiperman vividly reconstructs life—and death—in the Ninth Corps. The roots of the Ninth Corps lay in the early 1862 coastal expeditions in the Carolinas under Ambrose Burnside. After this successful campaign—a master class in Civil War amphibious warfare that turned Burnside into a star—Burnside’s units coalesced into a corps, part of which reinforced Pope’s Army of Virginia at Second Bull Run during the summer of 1862. The Ninth fought with the Army of the Potomac in the Maryland campaign in September 1862, first at the Battle of South Mountain and then, in its most famous action, at Antietam, where it suffered 25 percent casualties attempting to seize what became known as Burnside’s Bridge. Three months later, the corps was lightly engaged at the Battle of Fredericksburg, during which Burnside commanded the entire Army of the Potomac. After the disaster of Fredericksburg, the Ninth—again under Burnside—spent much of 1863 in the West with the Army of the Ohio, performing occupation duty in Kentucky and then in Grant’s campaign to take Vicksburg, Mississippi. It fought in Tennessee and helped take Knoxville before returning East, a shell of itself thanks largely to disease. Reorganized, the Ninth joined Grant’s Overland Campaign in Virginia, fighting—with horrifying losses—at the Wilderness and Spotsylvania. It joined the siege of Petersburg, including the infamous Battle of the Crater in July 1864, and remained at Petersburg through the end of the war, where it participated in the assault that broke the siege in April 1865, forcing Lee’s army into retreat, and final defeat, at Appomattox. From the Carolinas to Maryland, from Kentucky, Mississippi, and Tennessee to Virginia, the Ninth Corps sacrificed for the Union—and burnished its place in the annals of the American Civil War.

Russia's Futures Richard Sakwa, 2019-03-04 Russia is back as a major force in global politics, but what does this mean? Is

Russia the dangerous revisionist foe that meddles in Western elections and tries to subvert the liberal international order? Or is it a country precariously trying to maintain security and enhance prosperity at home, while re-asserting its place as a great power in the world today? In this book, renowned Russia scholar Richard Sakwa explores current debates on Russia, placing them in historical context and outlining the fundamental challenges currently facing the country. Post-communist Russia had to grapple with a unique set of problems, including reconstituting the political system, rebuilding the economy, re-imagining the nation, and rethinking Russia's place in the world. The solutions are still being sought, but this hard-hitting study argues that the failure to create an international system in which Russia's transformation became part of a revised world order has made the search far more difficult than it may otherwise have been. Although Russia is one of the oldest states in Europe, in its contemporary guise it is one of the youngest. Russia has had many pasts and, given its size, centrality and complexity, it will also have many futures.
