Surtees Society

The Pre-Nup Beth Kendrick, 2008-11-25 All you need is love?

For the residents of swanky Mayfair Estates, a pre-nup is just another item on the wedding to-do checklist—but three friends get more than they bargained for when they promise to love, cherish . . . and sign on the dotted line. Ellie married her handsome, wealthy Prince Charming when she was young, naive, and willing to sign a one-sided pre-nup in the name of true love. But seven years and one toddler later, her happily-ever-after has come screeching to a halt. If she can't save her marriage, she's determined to save her divorce, and she's not about to let a lot of legalese stand in her way. When Jen married Eric, he knew she wasn't head over heels. Still, he insisted that they were perfect together and even bankrolled her blossoming business. But when Jen's career finally takes off, she realizes that she may lose her husband. If Eric leaves, Jen will lose everything—including the marriage she values more than she thought. Up-and-coming attorney Mara is sure her fiancé has forgiven her for a foolish one-night fling—until he adds a "cheating clause" to the pre-nup she had demanded. If he really trusts her, why the clause? And if she's really trustworthy, why is she objecting? As romance collides with real life, three very different women turn to each other for moral support and insights about how to safeguard their most valuable assets: their hearts.

Keeping It Civil Margaret Klaw, 2013-09-24 Provocative true cases that explore the intersection of our most intimate relationships and the law—and offer a window into how we define a family today. A woman seeking a divorce has no idea of the family finances—her husband doled out money only after she gave him requisition slips for her intended purchases. A lesbian couple wants to include their sperm donor in their child's life—the sperm donor is the brother of one partner, so he will be the biological father as well as the child's uncle. These are the clients who come knocking on family lawyer Margaret Klaw's door, hoping for

resolution.

Post-Nup Solution Tom Gardiner,2017-09-01 Having trouble in your marriage? This book is for you. Tom Gardiner, a Chicago lawyer, explains how post-nuptial agreements can address marital problems effectively. Unlike counseling that often is no more than a temporary fix, this book talks about agreements that will result in long-term change. If your spouse drinks too much, for instance, you both agree in a legally binding document about the changes that need to occur—and the consequences if they don't. There is another huge advantage to post-nups. If the behavior is not changed and divorce is triggered, the terms are set when the parties both seek to save the marriage—not when they're going through an acrimonious break-up. These terms are usually reasonable and fair—who gets the kids and when, a fair amount of alimony for a fair term, division of the property—all because the spouses are seeking a solution at the time. This book covers all of the human frailties that can cause problems in a marriage: financial problems, drinking, drug use, cheating, stepchildren, in-law problems, inheritance, religious issues, and so on. It is a book not just for couples, but for therapists, religious leaders, and others who seek to make marriages stronger and divorces civilized and fair.

The Pre-Nup Beth Kendrick,2008 As their romantic relationships begin to fall apart in the face of adultery, career pressures, and scandalous secrets, friends Ellie, Jen, and Mara turn to one another for moral support, makeover tips, and insights into how to protect their hearts from pain. Simultaneous. 60,000 first printing.

The Pre-Nup Ann B Patterson,2015-10-22 Matthew Campbell screwed up in high school and lost the woman he loved. He saw

her at his 25th class reunion and asked her to marry him. Helene hadn't seen Matthew since their senior year. She arrived at her class reunion a widow, and left engaged to the man she fell in love with years ago. Their 60-day engagement turned into a nightmare when Jorge Salgado, a hit man, was paid to eliminate Helene. FBI Agents, Tucker, Sondgeroth, Patterson, and Blazey work around the clock to find Salgado, as well as the person who hired the hit.

Man Nup Rick Webb, 2016-02-23 Man Nup: A Groom's Guide to Heroic Wedding Planning. A practical, hands-on guide for men who are up to the challenge of planning their own wedding. But what do you mean?! What's wrong with those 'other' wedding planning books They're great but they're written for a particular stereotype. Man Nup assumes you don't know anything about weddings. Like what a bridal salon is. Or a charger. Or why people buy aisle runners. This book explains wedding planning from the beginning: the budget, the guest list, the flowers, AV Club, bachelor parties in Vegas, handling drunk Aunt Mabel... Everything. Whether you're gay or straight, Man Nup is the wedding planning book you're looking for. In addition to giving you no-BS advice, Man Nup talks to real men who've actually planned their wedding. Be a man. Plan your wedding. Or at least don't look like an idiot about wedding planning.
