The Gospel According to Matthew ,1999 The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

**The Limits of a Text** Joshua Marshall Strahan,2012-10-08 How does one limit a biblical text? Can one limit it? Should one? These questions drive one to examine core assumptions of biblical interpretation, assumptions about the aims and attitudes one brings to the task of reading the Bible. Is the aim of biblical exegesis to uncover what really happened, to discover the author's intentions, to attend to the interpretations of readers—ancient and/or contemporary? Furthermore, should the interpreter approach biblical texts from a position of neutrality, suspicion, and/or faith? Strahan's book aims to offer a (not the) set of answers to these questions by bringing historiographical theory, hermeneutical theory, and theology into conversation, a conversation centered around a case study that deals with limiting the meaning(s) of an enigmatic Gospel text: "Father, forgive them, for they know not what they do" (Luke 23:34a). Borrowing insight from Augustine's *De Doctrina Christiana*, this book offers a renewed, ecclesially located strategy for dealing with polysemy in biblical texts, a strategy that holds together many of the strengths offered by contemporary theological interpreters.

**Historical Linguistics and Biblical Hebrew** Robert Rezetko,Ian Young,2014-12-15 !DOCTYPE HTML PUBLIC "-//W3C//DTD HTML 4.0 Transitional//EN html meta content=text/html; charset=ISO-8859-1 http-equiv=content-type body A philologically robust approach to the history of ancient Hebrew In this book the authors work toward constructing an approach to the history of ancient Hebrew that overcomes the chasm of academic specialization. The authors illustrate how cross-textual variable analysis and variation analysis advance research on Biblical Hebrew and correct theories based on extra-linguistic assumptions, intuitions, and ideologies by focusing on variation of forms/uses in the Masoretic text and variation between the Masoretic text and other textual traditions. Features: A unique approach that examines the nature of the sources and the description of their language together Extensive bibliography for further research Tables of linguistic variables and parallels

*Out of the Cloister: Scholastic Exegesis of the Song of Songs, 1100-1250* Suzanne LaVere,2016-03-11 In *Out of the Cloister*, Suzanne LaVere uncovers a particular strain of interpretation of the biblical Song of Songs in and around 12th and 13th-century Paris that champions an active life of preaching and reform for the secular clergy.
