All You Wanted to Know About Penis Enlargement J.D. Rockefeller,2016-10-11 There is probably no guy in this world who hasn't wished he was bigger. Almost every guy feels that he would be a lot happier if, and only if, his penis was just an inch or two longer. This is probably why there is a huge market for penis enlargement products. Pills, devices, supplements, surgery - the list just goes on and on. Every few days a new product is launched, promising to increase your penis size. But the question is - Do these products actually work? Some do, but most don't. Many of the products on the market are just ways to get your money, and that's all. In fact, many of them can actually cause serious problems, such as erectile dysfunction. So, does that mean there is nothing you can do to increase your size? That's also not true. There is a lot that you can do to increase the size of your penis. You can try exercises. You can try herbs. There are certain vitamins and minerals you can include in your diet. You could also try a few devices available in the market that promise to increase your size. And if nothing really works, you could consider surgery as a last option. Let's discuss some of the natural methods for penis enlargement.

Penile Augmentation Nam Cheol Park,Sae Woong Kim,Du Geon Moon,2016-03-21 This book presents state of the art knowledge on penile augmentation with a view to providing a guide that will be highly relevant to clinical practice. The coverage is wide ranging, with clear descriptions of penile anatomy, patient selection and counselling, preoperative preparation, girth enhancement and penile lengthening techniques, postoperative care, and the approach to the pediatric patient. Experienced surgeons describe operative procedures from traditional fat transfer to the penile disassembly technique and reconstruction of the amputated penis, while the newest tissue engineering techniques are presented by leading researchers with reference to high-quality data. In addition, the role of auxiliary medical devices is explained. The text is supported by numerous full-color illustrations. Only recently have the requisite medical skills and techniques been developed to allow safe and reliable penile augmentation, and now the procedure is considered comparable to the use of mammoplasty for breast augmentation in women for cosmetic and psychological reasons. Penile Augmentation will be of value for all who are involved or interested in the procedure.

How To Grow Your Penis Daniel D'apollonio,2016-12-20 This book has lots of actionable techniques on how to naturally increase the size and girth of your penis with no equipment. This might sound unpleasant but it's a fact: We are living in a masculine world. We are living in a world that is idolizing masculine values- even our own language indirectly conveys this fact. Many words and expressions such as man up that mean be strong/brave assert (though indirectly) how the world views masculinity. Among other issues such as general body physique, you'll find that most men actually care so much about improving sexual performance- they want to have longer sex and protect their masculine image in this respect and if they think the penis size is the deterrent, it can lead to stress and anxiety if there is no available, working solution. I believe this is only a natural response to the expectations of the world we live in and the societal demands we cannot escape from. Think about it; most women wouldn't want to give you any hope of having sex with you if they think you are not just 'gifted' down there. If you have a small penis, perhaps showering with men around you will constantly remind you of how lacking you are in that area of your life irrespective of how successful you are in other spheres of life. Obviously, your ego will be constantly bruised when the topic of penis sizes, sex and related topics come up. And even when you go to urinals and other men who are 'gifted' well don't shy from holding theirs with pride for anyone who cares to look to see it, you will constantly feel bad about yourself and how lacking you are. Your self-confidence and self-esteem takes a nosedive, which subsequently affects other aspects of your life. If you are tired of being shy about your small penis and perhaps have experienced any of the problems above, let this book be the beginning of the end of your silent suffering. With this book, I'll be focusing on the 'member'. Do

you have doubts about your penis size? If your answer is a sorry 'yes', don't worry; I will teach you how you make your penis larger (in girth and length) to change how you feel and think about yourself completely for the better, the natural way i.e. no tools/equipment needed!

PENIS-WEIGHTS. COM Penis Weights Or Pipe Dreams. Your Choice Gustav Gilmore,2014-07-08 This book is the most detailed account of penis weights enlargement and will answer to all your questions about the subject.It also comes with a great deal of photographs depicting different penis weights devices and systems and how to use them properly: safely, effectively for the fastest penis enlargement results available for real. The truth is that the final consumers of penis enlargement are woman. They have to live with the results of penis enlargement therefore we dedicate this book to all and every woman (yes.It is all in you). Whoever you may be and whoever you want to be, we have you covered.No matter what the initial and the desired final penis size of your choice is, any imaginable enlargement can be achieved using penis weights. There are a couple of ways to really increase penis physical size, but all of them are based on SUBSTANTIAL PENIS STRETCHING.What is penis stretching?Is to firmly have a grip of the penis just underneath the penis head and then apply tensile stress to the penis. Substantial means that the stretch must be of at least 6 lbs and more tensile stretch for at least a minimal amount of time every day. Do not try to experience on your own without reading all the instructions in this book as well as that of hour penis weights systems(they all come with complete instructions). For example the stretch has to be stopped every 15 minutes in order to liberate the penis from it and allow for full blood flow to the penis for at least another 5 minutes. So what are the different approaches to substantial penis stretching: -Strong penis stretching by hand. -Penis weights stretching. Anything else is bound not to work because it does not exert SUBSTANTIAL STRETCHING. Yes darling,I know I am saying in fact here something not too nice to many hears: that neither any pump nor the Jelq exercise nor any kind of pill or supplement nor any penis extender will actually enlarge your penis really and permanently.This is a hard fact that either you accept it

from me and our succesfull customers, or you are bound to loose your time, money and energy by trying yourself those numerous sometimes fancy looking but utterly useless scams. So we are left with the classical by hand stretching that is very slow(1/3 of an inch a year stretching an hour daily) and depends heavily on your ability to achieve a good grip, and penis weights(at least an inch every 6 months following the instructions). That is why we say PENIS WEIGHTS OR PIPE

The Small Penis Bible Ant Smith,2016-12-14 IF YOU CAN'T BEAT THEM... After living with penis size anxiety for most of his 50 years author, Ant Smith, decided we needed an honest self-help book on the subject. Something to turn up in search results other than the endless (and expensive) so called 'enlargement guides'. After organising London's first ever Big Small Penis Party and giving countless interviews on what it's like living with a little willy, Ant has plenty to say on the matter! You will read the only methods for penis enlargement in this book. But more importantly you will read how to overcome the anxiety itself - because without managing that, no size is ever going to lead to peace. THIS IS A REALLY TOUGH SUBJECT so there is plenty of humour, candour and real-life stories in these pages. If you are suffering yourself, or if you are body-positive, or if you are just curious THIS is a must read.
