Great Escapes: Southern California (Great Escapes) Donna Wares,2008-05-17 Great Escapes:

Selective guides for travelers who want to find quick trips and getaways within a specific locale. They take away the drudgery of sifting through online and printed travel info by listing only the most worthwhile events, activities, and places to stay and eat. Great Escapes: Southern California: Make the most of the SoCal experience by veering toward some unexpected, eclectic haunts: Go Sideways along the back roads of the Santa Ynez Valley, find solitude while camping on Catalina Island or the Gaviota coastline, check out San Diego's hip Gaslamp District, and revel in a 50s-style lodge in the desert of Palm Springs.

The Ghost of Madame Curie James Piazza,2022-06-29 James Piazza is a Western New York-

based archivist and music historian. He developed a series of multimedia presentations on experimental music, ambient sound, archival techniques for digital audio, and lectures on personal media servers for large file libraries. His primary goal is to create a greater public understanding and awareness of 20th century music and sound. Piazza founded Innerspace Labs as an independent music archive chiefly communicating with the public via The Innerspace Connection music blog. He manages a library of over 300,000 soundworks focusing on ambient and experimental recordings. This book comprises the first 12 years of our publications showcasing highlights of the Archive, as well as select previously unpublished works.

Modelwork Martin Brückner,Sandy Isenstadt,Sarah Wasserman,2021-10-12 How making models

allows us to recall what was and to discover what still might be Whether looking inward to the intricacies of human anatomy or outward to the furthest recesses of the universe, expanding the

boundaries of human inquiry depends to a surprisingly large degree on the making of models. In this wide-ranging volume, scholars from diverse fields examine the interrelationships between a model's material foundations and the otherwise invisible things it gestures toward, underscoring the pivotal role of models in understanding and shaping the world around us. Whether in the form of reproductions, interpretive processes, or constitutive tools, models may bridge the gap between the tangible and the abstract. By focusing on the material aspects of models, including the digital ones that would seem to displace their analogue forebears, these insightful essays ground modeling as a tactile and emphatically humanistic endeavor. With contributions from scholars in the history of science and technology, visual studies, musicology, literary studies, and material culture, this book demonstrates that models serve as invaluable tools across every field of cultural development, both historically and in the present day. Modelwork is unique in calling attention to modeling's duality, a dynamic exchange between imagination and matter. This singular publication shows us how models shape our ability to ascertain the surrounding world and to find new ways to transform it. Contributors: Hilary Bryon, Virginia Tech; Johanna Drucker, UCLA; Seher Erdoğan Ford, Temple U; Peter Galison, Harvard U; Lisa Gitelman, New York U; Reed Gochberg, Harvard U; Catherine Newman Howe, Williams College; Christopher J. New York Magazine ,1991-07-01 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Lark Ascending Richard King,2019-06-04 Originally from Newport, Gwent, for the last eighteen years Richard King has lived in the hill farming country of Radnorshire, Powys. He is the author of *Original Rockers*, which was shortlisted for the Gordon Burn Prize, and *How Soon Is Now?*, both published by Faber.

The Penguin Café at the Edge of the World Nurit Zarchi,2021-08-03 This charming children's story follows three penguin brothers as they run a café in the South Pole. In the icy reaches of the South Pole live three penguin brothers: Amos, Max, and Hans. They love cooking so much that one day they band together to start a cozy café. There, they will serve a delicious, cinnamonony concoction of their own creation □ Peng-Winter Stew! The only snag? Since they are located at the edge of the world, people don't visit them very often. As the penguin brothers wait for the next boat to arrive, they hope that their customers will enjoy their splendid stew as much as they do. Illustrated by contemporary

artist Anat Warshavsky in whimsical watercolors with a vivid primary color palette, *The Penguin Café at the Edge of the World* is a warmhearted tale of friendship and collaboration.
