Penis Enlargement Doctor Enlargement,2016-12-22 Many men are self conscious about the size of their sex organ whether that concern is merited or not. Thanks to the popularity of adult entertainment, the pressure on them to measure up is enough to make many men worry, whether that concern is justified or not. This book attempts to wade through the snake oil and sales talk to help the reader learn more about how to safely and practically improve the length and girth of his penis. It's a complex and emotional subject. Let's face it, when the term Penis Envy practically makes up its own category of a field like psychology, you can tell it's a big deal. It's also an area filled with misconceptions, bad influences, and ego concerns. Quite a few less than scrupulous businesses have taken advantage of this to come up with all sorts of dubious answers for this issue. For a woman who desires bigger breasts, there are several easy (although not necessarily cheap) solutions. Whether it be a bra that maximizes their assets or surgical implants, a woman can make her choice and expect success. No such option exists for men. Even the few surgical solutions that are out there are dubious, and risky. - Learn how to avoid impotence - Enlarge your penis safely - The truth about penis pills - Learn about the benefits of a bigger penis - Proven natural enlargement methods explained - Working penis enlargement techniques - How to increase your size over the next few months There are safe, effective ways of improving your penis size and also your erections. They may not promise huge results or overnight improvement, but they also aren't snake oil. In at least a few examples in this book, there is no need to spend money or provide a credit card either. The reader is provided a wide selection of options along with an honest assessment as to the effectiveness, cost, and risk of a particular approach. There is a section of this book that will help the reader learn all about exercises to improve their size. Another chapter is devoted to devices that can help you increase your size. - Get your bigger penis now - Avoid impotence - Educate yourself about the best natural enlargement methods - Enlarge your penis with proven and save steps You can also learn how changing your diet and adding certain supplements can work with other solutions to give you the best possible results. There is also a section on drugs that can also help make the penis bigger and provide better erections. The reader will also get advice on how to avoid the snake oil and other dubious solutions. Here he will get the best possible advice on how to deal with this issue. There is also information about supplements and nutrition that can help boost your size and improve your erections. The book also covers what devices actually help and whether they are short term or long term solutions. You will learn about: - Penis Pills - How to get a bigger penis - How to avoid impotence - How Natural Enlargement works - How to really enlarge your penis - The best penis enlargement techniques - how to increase your size right now You can expect good results from the information in this book. Start your journey now: - Start to increase your size - Learn the best penis enlargement techniques - Enlarge your penis without the need of penis pills Enlarge your penis now!

All You Wanted to Know About Penis Enlargement J.D. Rockefeller,2016-10-11 There is probably no guy in this world who hasn't wished he was bigger. Almost every guy feels that he would be a lot happier if, and only if, his penis was just an inch or two longer. This is probably why there is a huge market for penis enlargement products. Pills, devices, supplements, surgery - the list just goes on and on. Every few days a new product is launched, promising to increase your penis size. But the question is - Do these products actually work? Some do, but most don't. Many of the products on the market are just ways to get your money, and that's all. In fact, many of them can actually cause serious problems, such as erectile dysfunction. So, does that mean there is nothing you can do to increase your size? That's also not true. There is a lot that you can do to increase the size of your penis. You can try exercises. You can try herbs. There are certain vitamins and minerals you can include in your diet. You could also try a few devices available in the market that promise to increase your size. And if nothing really works, you could consider surgery as a last option. Let's discuss some of the natural methods for penis enlargement.

Penile Augmentation Nam Cheol Park,Sae Woong Kim,Du Geon Moon,2016-03-21 This book presents state of the art knowledge on penile augmentation with a view to providing a guide that will be highly relevant to clinical practice. The coverage is wide ranging, with clear descriptions of penile anatomy, patient selection and counselling, preoperative preparation, girth enhancement and penile lengthening techniques, postoperative care, and the approach to the pediatric patient. Experienced surgeons describe operative procedures from traditional fat transfer to the penile disassembly technique and reconstruction of the amputated penis, while the newest tissue engineering techniques are presented by leading researchers with reference to high-quality data. In addition, the role of auxiliary medical devices is explained. The text is supported by numerous full-color illustrations. Only recently have the requisite medical skills and techniques been developed to allow safe and reliable penile augmentation, and now the procedure is considered comparable to the use of mammoplasty for breast augmentation in women for cosmetic and psychological reasons. Penile Augmentation will be of value for all who are involved or interested in the procedure.

I can see you reading the words and wondering if there's some easy way to improve your performance. Well, I have news for you. To be able to give a girl what she most craves for, you have to put in the effort, particularly if you weren't born with a natural ability to use what you have to advantage. You're not alone, and what you may not realize is that even men with average sized penises can have a supernatural sex life, provided that they put in their homework and prepare themselves for the ride of their lives.You may wonder what kind of guy writes a book like this, but the fact is that I was brought up with brothers and also came into contact with many men during the course of my college years who fired blanks when it came to performance. They just didn't have what it takes ... or did they? I saw guys actually comparing sizes in the locker room, but when I suggested to them that their performance wasn't all about circumference or length, they scoffed the idea. I have to be honest. While I was enjoying a very healthy sex life and giving girls exactly what it was that they wanted, these were the same guys who continued to be losers because they were not prepared to take any responsibility for their performance.If you were one of them, hey buddy, it's now or never. You can increase the size of your penis. You can improve your thrust but most of all, you can enjoy extended lovemaking without disappointing either yourself or the lady you are lucky enough to be sharing your bed with. My lady would happily give you a testimony because she knows I learned a very long time ago what makes a difference. Suffer from anxiety in bed? Have no

fear. I have you covered in this book which shows you methods that you can employ to get over those performance issues and be confident that you have what it takes to please her. How To Grow Your Penis Daniel D'apollonio,2016-12-20 This book has lots of actionable techniques on how to naturally increase the size and girth of your penis with no equipment. This might sound unpleasant but it's a fact: We are living in a masculine world. We are living in a world that is idolizing masculine values- even our own language indirectly conveys this fact. Many words and expressions such as man up that mean be strong/brave assert (though indirectly) how the world views masculinity. Among other issues such as general body physique, you'll find that most men actually care so much about improving sexual performance- they want to have longer sex and protect their masculine image in this respect and if they think the penis size is the deterrent, it can lead to stress and anxiety if there is no available, working solution. I believe this is only a natural response to the expectations of the world we live in and the societal demands we cannot escape from. Think about it; most women wouldn't want to give you any hope of having sex with you if they think you are not just 'gifted' down there. If you have a small penis, perhaps showering with men around you will constantly remind you of how lacking you are in that area of your life irrespective of how successful you are in other spheres of life. Obviously, your ego will be constantly bruised when the topic of penis sizes, sex and related topics come up. And even when you go to urinals and other men who are 'gifted' well don't shy from holding theirs with pride for anyone who cares to look to see it, you will constantly feel bad about yourself and how lacking you are. Your self-confidence and self-esteem takes a nosedive, which subsequently affects other aspects of your life. If you are tired of being shy about your small penis and perhaps have experienced any of the problems above, let this book be the beginning of the end of your silent suffering. With this book, I'll be focusing on the 'member'. Do you have doubts about your penis size? If your answer is a sorry 'yes', don't worry; I will teach you how you make your penis larger (in girth and length) to change how you feel and think about yourself completely for the better, the natural way i.e. no tools/equipment needed!

Giant Penis Enlargement Exercise Program Richard Handmen,2014-09-10 FOR IMMEDIATE RELEASE: New book offers tips and techniques for improving male sexual performance Giant Penis Enlargement Exercise Program by Richard Handmen aims to educate readers on safe and effective methods for stimulating penis growth DECATUR, Ga. - Giant Penis Enlargement Exercise Program by Richard Handmen offers a workout regimen intended to extend and enlarge the male member. According to Handmen, the vast majority of men share concerns about the size of their penises and believe that they would experience greater sexual satisfaction if they were larger. With that mind, Handmen offers research and evidence to suggest that male sexual organs can be enlarged during adulthood even after the conclusion of puberty and the completion of normal physical development. Handmen recommends a series of simple exercises designed to improve penis length and width, and strengthen the surrounding muscles that support and control it. This book is intended help all men gain confidence and control during intercourse, Handmen says. Men should know that they can achieve enlargement through healthy exercises that can be performed in the privacy of their own homes. The book includes anatomical and biological information about the penis and offers commentary on why certain exercises are recommended. Handmen also identifies common mistakes and actions readers should not take in an effort to stimulate growth. The book also includes charts and questionnaires for readers to fill out and personalize with their own information and goals. Giant Penis Enlargement Exercise Program is available for sale online at Amazon.com and other channels. About the Author Richard Handmen is a penis enlargement researcher and educator. They say bigger is better. For the average man, the concern that his best buddy doesn't measure up is a very real and worrisome problem. To make matters worse, there is a lot of false and misleading information on this topic available on the Internet. Since many of the proposed solutions for penis enlargement and or erectile dysfunction are not regulated in any way, the phrase caveat emptor (buyer beware) definitely applies. Penis Enlargement Options attempts to wade through the various methods, tools, pills, supplements, and other solutions and educate you on what works and what doesn't work. If you search the Internet you will also find that while a simple Google search returns more than 12 million results. Ironically, much of the information found in those pages is repetitive. It is surprising how little actual information is in those pages compared to how much is advertising claims and boasts. The problem is there has been very little actual medical or scientific research conducted on this subject and so the advertising industry has stepped in to fill the vacuum. What little research that has been done has produced either inconclusive or negative findings. A lot of men have spent a lot of money in an effort to get a larger penis or to counter the effects of erectile dysfunction. While drugs such as Viagra or Cialis have helped many erectile dysfunction sufferers, they are not a solution for every man.
