History Comes Alive M. J. Rymysz-Pawlowska, 2017-10-03 During the 1976 Bicentennial celebration, millions of Americans engaged with the past in brand-new ways. They became absorbed by historical miniseries like *Roots*, visited museums with new exhibits that immersed them in the past, propelled works of historical fiction onto the bestseller list, and participated in living history events across the nation. While many of these activities were sparked by the Bicentennial, M. J. Rymysz-Pawlowska shows that, in fact, they were symptomatic of a fundamental shift in Americans' relationship to history during the 1960s and 1970s. For the majority of the twentieth century, Americans thought of the past as foundational to, but separate from, the present, and they learned and thought about history in informational terms. But Rymysz-Pawlowska argues that the popular culture of the 1970s reflected an emerging desire to engage and enact the past on a more emotional level: to consider the feelings and motivations of historic individuals and, most importantly, to use this in reevaluating both the past and the present. This thought-provoking book charts the era's shifting feeling for history, and explores how it serves as a foundation for the experience and practice of history making today.

**Frames** Loren D. Estleman,2010-08-31 Enter Valentino, a mild-mannered UCLA film archivist. In the surreal world of Hollywood filmdom, truth is often stranger than celluloid fiction. When Valentino buys a decrepit movie palace and uncovers a skeleton in the secret Prohibition basement, he's not really surprised. But he's staggered by a second discovery: long-lost, priceless reels of film: Erich von Stroheim's infamous Greed. The LAPD wants to take the reels as evidence, jeopardizing the precious old film. If Valentino wants to save his find, he has only one choice: solve the murder within 72 hours with the help of his mentor, the noted film scholar Broadhead, and Fanta, a feisty if slightly flaky young law student. Between a budding romance with a beautiful forensics investigator and visions of Von Stroheim's ghost, Valentino's madcap race to save the flick is as fast and frenetic as a classic screwball comedy. A quirky cast of characters, smart dialogue and a touch of romance make Frames Estleman's most engaging and accessible novel to date. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Hope for Film** Ted Hope,Anthony Kaufman,2020-08-18 "Essential for the aspiring

filmmaker,” this is an inspiring, tell-all look at the independent film business from one of the industry’s most passionate supporters (Todd Solondz, director of *Welcome to the Dollhouse*) Hope for Film captures the rebellious punk spirit of the indie film boom in 1990s New York City and its collapse two decades later to its technology-fueled regeneration and continuing streaming-based evolution. Ted Hope, whose films have garnered 12 Oscar nominations, draws from his own personal experiences working on the early films of Ang Lee, Eddie Burns, Alan Ball, Todd Field, Hal Hartley, Michel Gondry, Nicole Holofcener, and Todd Solondz, as well as his tenures at the San Francisco Film Society, Fandor, and Amazon Studios, taking readers through the decision-making process that brought him the occasional failure as well as much success. Whether navigating negotiations with studio executives over final cuts or clashing with high-powered CAA agents over their clients, Hope offers behind-the-scenes stories from the wild and often heated world of “specialized” cinema--where art and commerce collide. As mediator between these two opposing interests, Hope offers his unique perspective on how to make movies while keeping your integrity intact and how to create a sustainable business enterprise out of that art while staying true to yourself. Against a backdrop of seismic changes in the independent film industry, from corporate co-option to the rise of social media and the streaming giants, Hope for Film provides not only an entertaining and intimate ride through the business of arthouse movies over the last decades, but also hope for its future. “There is nobody in the independent film world quite like Ted Hope. His wisdom and heart shine through every page.” —Ang Lee, Academy Award winning director of *Brokeback Mountain*
