Creative Black and White (2nd Edition) Harold Davis,2019

Black-and-white photography poses unique challenges; without color to guide the eye, contrast, lighting, and composition take on even more importance. In *Creative Black and White, 2nd Edition*, renowned photographer Harold Davis explains these elements and demonstrates the basic rules of black and white photography, as well as when and how to break them. He breaks through the complexity of this photographic medium, explores opportunities for black-and-white imagery, and shows how to capitalize on each and every one of them. This new, revised, and expanded edition brings the tools up to date with extended sections on monochrome in Lightroom, Photoshop, and related plugins.
