**Empowerment and Poverty Reduction** Deepa Narayan-Parker, 2002-01-01 This publication offers a framework for the empowerment of people living in poverty throughout the world that concentrates on increasing people's freedom of choice and action to shape their own lives. Based on analysis of practical experiences, the book identifies four key elements to support empowerment: information, inclusion and participation, improved accountability and local organisational capacity. This framework is then applied to five areas of action to improve development effectiveness: provision of basic services, improved local governance, improved national governance, pro-poor market development, and access to justice and legal aid. It also offers twenty 'tools and practices' which concentrate on a wide-range of topics to support the empowerment of the poor.

*The Shades of Magic Series V.* E. Schwab, 2017-08-15 This discounted ebundle includes: *A Darker Shade of Magic*, *A Gathering of Shadows*, *A Conjuring of Light* Witness the fate of beloved heroes and notorious foes in V.E. Schwab's New York Times bestselling *Shades of Magic* series. Kell is one of the last

Antari—magicians with a rare, coveted ability to travel between parallel Londons; Red, Grey, White, and, once upon a time, Black. After an exchange goes awry, Kell escapes to Grey London and runs into Delilah Bard, a cut-purse with lofty aspirations. Now perilous magic is afoot, and treachery lurks at every turn. To save all of the worlds, they'll first need to stay alive. A Darker Shade of Magic – Kell was raised in Arnes—Red London—and officially serves the Maresh Empire as an ambassador, traveling between the frequent bloody regime changes in White London and the court of George III in the dullest of Londons. Unofficially, Kell is a smuggler, servicing people willing to pay for even the smallest glimpses of a world they'll never see. It's a defiant hobby with dangerous consequences, which Kell is now seeing firsthand. A Gathering of Shadows – Restless, and having given up smuggling, Kell is visited by dreams of ominous magical events, waking only to think of Lila, who disappeared from the docks like she always meant to do. And while Red London is caught up in the pageantry and thrills of the Element Games, another London is coming back to life, and those who were thought to be forever gone have returned. A Conjuring of Light – As darkness sweeps the Maresh Empire, the once precarious balance of power among the four Londons has reached its breaking point. In the wake of tragedy, Kell—once assumed to be the last surviving Antari—begins to waver under the pressure of competing loyalties. Lila Bard has survived and flourished through a series of magical trials. But now she must learn to control the magic, before it bleeds her

*Famous* Kahlen Aymes,2015-03-15 Caden Carlisle is a world-renowned superstar with good looks, million dollar movie deals and women throwing themselves at him wherever he goes. He has it all... but wants nothing more than a normal life without the paparazzi and glitz. Brooklyn Holloway is an up and coming starlet with a solid head on her shoulders and her eyes wide open. It's all about art for her and she isn't looking to star in blockbuster films. She's perfectly happy keeping a low profile and doing indie projects with a message. When fate throws the two of them together on set; both are

unprepared for their undeniable connection. Cade is drawn to Brook's down-to-earth wholesomeness and she can't help the irresistible pull of his good looks, sense of humor and chivalrous ways... So, when he begins to think he's in love with her, resisting is next to impossible, despite being committed to someone else. Only when filming ends and the world's fascination with celebrity invades their bubble, can they decide if the emotions they felt on set were scripted, or forever.

**Emotional Design** Don Norman, 2007-03-20 Why attractive things work better and other crucial insights into human-centered design Emotions are inseparable from how we humans think, choose, and act. In *Emotional Design*, cognitive scientist Don Norman shows how the principles of human psychology apply to the invention and design of new technologies and products. In *The Design of Everyday Things*, Norman made the definitive case for human-centered design, showing that good design demanded that the user's must take precedence over a designer's aesthetic if anything, from light switches to airplanes, was going to work as the user needed. In this book, he takes his thinking several steps farther, showing that successful design must incorporate not just what users need, but must address our minds by attending to our visceral reactions, to our behavioral choices, and to the stories we want the things in our lives to tell others about ourselves. Good human-centered design isn't just about making effective tools that are

straightforward to use; it's about making affective tools that mesh well with our emotions and help us express our identities and support our social lives. From roller coasters to robots, sports cars to smart phones, attractive things work better. Whether designer or consumer, user or inventor, this book is the definitive guide to making Norman's insights work for you.

An Art Lover's Guide to Florence Judith Testa, 2012-09-15 No city but Florence contains such an intense concentration of art produced in such a short span of time. The sheer number and proximity of works of painting, sculpture, and architecture in Florence can be so overwhelming that Florentine hospitals treat hundreds of visitors each year for symptoms brought on by trying to see them all, an illness famously identified with the French author Stendhal. While most guidebooks offer only brief descriptions of a large number of works, with little discussion of the historical background, Judith Testa gives a fresh perspective on the rich and brilliant art of the Florentine Renaissance in *An Art Lover's Guide to Florence*. Concentrating on a number of the greatest works, by such masters as

Botticelli and Michelangelo, Testa explains each piece in terms of what it meant to the people who produced it and for whom they made it, deftly treating the complex interplay of politics, sex, and religion that were involved in the creation of those works. With Testa as a guide, armchair travelers and tourists alike will delight in the fascinating world of Florentine art and history.
