Birding the Southwestern National Parks Roland
H. Wauer, 2004-01-21 At the end of the twentieth
century roughly 265 million people visited the 374
sites in the American National Park System. These

places, designated and protected because of their significance to our nation's historical and natural heritage, contain some of the most beautiful landscapes in the United States—landscapes that naturally lend themselves to outdoor recreation. In this book, veteran parks interpreter Ro Wauer introduces the pleasures of birding in the national parks of the American Southwest. From California to Texas, from hugely popular destinations such as Arizona's Grand Canyon to the mostly undiscovered shores of Amistad National Recreation Area, Wauer visits seventeen sites and gives us his advice on what birds to expect to see and where and how to find them. Written by a birder for birders, this book introduces readers to some of the best birding north of the Mexican border, as well as some of the most impressive scenery anywhere. Wauer takes readers on a personal tour, pointing out where to go to see a vast array of each park's bird life: Le Conte's Thrashers in Death Valley, Clark's and Western Grebes at Lake Mead, Phainopeplas at Organ Pipe Cactus, Lucy's Warblers at Saguaro, Peregrine Falcons in Grand Canyon, Cave Swallows at Carlsbad Caverns, Magnificent Hummingbirds at Guadalupe Mountains, and Colima Warblers in Big Bend. Birding the Southwestern National Parks is written for anyone visiting, planning to visit, or dreaming of visiting the Southwestern national parks. The Southwestern Parks: Death Valley National Park, California and Nevada Joshua Tree National Park, California Lake Mead National Recreation Area, Nevada and Arizona Grand Canyon National Park, Arizona Sunset Crater Volcano,

Wupatki, and Walnut Canyon National Monuments, Arizona Montezuma Castle National Monument, Arizona Tonto National Monument, Arizona Organ Pipe Cactus National Monument, Arizona Saguaro National Park, Arizona Chiricahua National Monument, Arizona Carlsbad Caverns and Guadalupe Mountains National Parks, New Mexico and Texas White Sands National Monument, New Mexico Big Bend National Park, Texas Amistad National Recreation Area, Texas

Planting the Union Flag in Texas Stephen A. Dupree,2008-01-29 Appointed by President Lincoln to command the Gulf Department in November 1862, Nathaniel Prentice Banks was given three assignments, one of which was to occupy some point in Texas. He was told that when he united his army with Grant's, he would assume command of both. Banks, then, had the opportunity to become the leading general in the West—perhaps the most

important general in the war. But he squandered what successes he had, never rendezvoused with Grant's army, and ultimately orchestrated some of the greatest military blunders of the war. "Banks's faults as a general," writes author Stephen A. Dupree, "were legion." The originality of *Planting the Union Flag in Texas* lies not just in the author's description of the battles and campaigns Banks led, nor in his recognition of the character traits that underlay Banks's decisions. Rather, it lies in how Dupree synthesizes his studies of Banks's various actions during his tour of duty in and near Texas to help the reader understand them as a unified campaign. He skillfully weaves together Banks's various attempts to gain Union control of Texas with his other activities and shines the light of Banks's character on the resulting events to help explain both their potential and their shortcomings. In the end, readers will have a holistic understanding of Banks's "appalling" failure to win Texas and may even be led to ask how the post-Civil War era might have been different had he been successful. This fine study will appeal to Civil War buffs and fans of military and Texas history.
