**Notes of a Crocodile** Qiu Miaojin, 2017-05-02 WINNER OF THE 2018 LUCIEN STRYK ASIAN TRANSLATION PRIZE The English-language premiere of Qiu Miaojin's coming-of-age novel about queer teenagers in Taiwan, a cult classic in China and winner of the 1995 China Times Literature Award. An NYRB Classics Original Set in the post-martial-law era of late-1980s Taipei, *Notes of a Crocodile* is a coming-of-age story of queer misfits discovering love, friendship, and artistic affinity while hardly studying at Taiwan's most prestigious university. Told through the eyes of an anonymous lesbian narrator nicknamed Lazi, this cult classic is a postmodern pastiche of diaries, vignettes, mash notes, aphorisms, exegesis, and satire by an incisive prose stylist and major countercultural figure. Afflicted by her fatalistic attraction to Shui Ling, an older woman, Lazi turns for support to a circle of friends that includes a rich kid turned criminal and his troubled, self-destructive gay lover, as well as a bored, mischievous overachiever and her alluring slacker artist girlfriend. Illustrating a process of liberation from the strictures of gender through radical self-inquiry, *Notes of a Crocodile* is a poignant masterpiece of social defiance by a singular voice in contemporary Chinese literature.

**Advanced Calculus** Lynn Harold Loomis, Shlomo Sternberg, 2014-02-26 An authorised reissue of the long out of print classic textbook, *Advanced Calculus* by the late Dr Lynn Loomis and Dr Shlomo Sternberg both of Harvard

University has been a revered but hard to find textbook for the advanced calculus course for decades. This book is based on an honors course in advanced calculus that the authors gave in the 1960's. The foundational material, presented in the unstarred sections of Chapters 1 through 11, was normally covered, but different applications of this basic material were stressed from year to year, and the book therefore contains more material than was covered in any one year. It can accordingly be used (with omissions) as a text for a year's course in advanced calculus, or as a text for a three-semester introduction to analysis. The prerequisites are a good grounding in the calculus of one variable from a mathematically rigorous point of view, together with some acquaintance with linear algebra. The reader should be familiar with limit and continuity type arguments and have a certain amount of mathematical sophistication. As possible introductory texts, we mention Differential and Integral Calculus by R Courant, Calculus by T Apostol, Calculus by M Spivak, and Pure Mathematics by G Hardy. The reader should also have some experience with partial derivatives. In overall plan the book divides roughly into a first half which develops the calculus (principally the differential calculus) in the setting of normed vector spaces, and a second half which deals with the calculus of differentiable manifolds.

*The Star-Crossed Stone* Ken McNamara, 2010-11-15 Throughout the four hundred thousand years that humanity has been collecting fossils, sea urchin fossils, or echinoids, have continually been among the most prized, from the

Paleolithic era, when they decorated flint axes, to today, when paleobiologists study them for clues to the earth's history. In *The Star-Crossed Stone*, Kenneth J. McNamara, an expert on fossil echinoids, takes readers on an incredible fossil hunt, with stops in history, paleontology, folklore, mythology, art, religion, and much more. Beginning with prehistoric times, when urchin fossils were used as jewelry, McNamara reveals how the fossil crept into the religious and cultural lives of societies around the world—the roots of the familiar five-pointed star, for example, can be traced to the pattern found on urchins. But McNamara's vision is even broader than that: using our knowledge of early habits of fossil collecting, he explores the evolution of the human mind itself, drawing striking conclusions about humanity's earliest appreciation of beauty and the first stirrings of artistic expression. Along the way, the fossil becomes a nexus through which we meet brilliant eccentrics and visionary archaeologists and develop new insights into topics as seemingly disparate as hieroglyphics, *Beowulf*, and even church organs. An idiosyncratic celebration of science, nature, and human ingenuity, *The Star-Crossed Stone* is as charming and unforgettable as the fossil at its heart.

**Last Words from Montmartre** Qiu Miaojin, 2014-06-03 An NYRB Classics Original  
When the pioneering Taiwanese novelist Qiu Miaojin committed suicide in 1995 at age twenty-six, she left behind her unpublished masterpiece, *Last Words*

from Montmartre. Unfolding through a series of letters written by an unnamed narrator, *Last Words* tells the story of a passionate relationship between two young women—their sexual awakening, their gradual breakup, and the devastating aftermath of their broken love. In a style that veers between extremes, from self-deprecation to pathos, compulsive repetition to rhapsodic musings, reticence to vulnerability, Qiu's genre-bending novel is at once a psychological thriller, a sublime romance, and the author's own suicide note. The letters (which, Qiu tells us, can be read in any order) leap between Paris, Taipei, and Tokyo. They display wrenching insights into what it means to live between cultures, languages, and genders—until the genderless character Zoë appears, and the narrator's spiritual and physical identity is transformed. As powerfully raw and transcendent as Mishima's *Confessions of a Mask*, Goethe's *The Sorrows of Young Werther*, and Theresa Cha's *Dictée*, to name but a few, *Last Words* from Montmartre proves Qiu Miaojin to be one of the finest experimentalists and modernist Chinese-language writers of our generation.

*Kindred* Octavia E. Butler, 2022-09-20 The New York Times best-selling author's time-travel classic that makes us feel the horrors of American slavery and indicts our country's lack of progress on racial reconciliation

The series adaption from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (Watchmen), executive producers also include Joe Weisberg and Joel Fields (The Americans, The Patient), and Darren Aronofsky (The Whale). Janicza Bravo (Zola) is director and an executive producer of the pilot. Kindred stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's The Underground Railroad and Ta-Nehisi Coates's The Water Dancer, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, Kindred is controlled and precise" (New York Times).

**Into the Wild** Jon Krakauer, 2009-09-22 NATIONAL BESTSELLER • In April 1992 a

young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. It may be nonfiction, but *Into the Wild* is a mystery of the highest order. —Entertainment Weekly

McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible

and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

Loved as I Am Sr. Miriam James Heidland SOLT, 2014-11-03 When Sr. Miriam James Heidland's life as a successful college athlete proved unfulfilling, she went searching for something deeper and ended up falling in love with Jesus. By charting her own journey toward wholeness, Heidland invites young Catholics to pursue their own relationship with Jesus. Although originally full of athletic ambition and goals for a career in sports news, Heidland was transformed in a very slow but deep way during her undergraduate years, moving from party girl to bride of Christ. In Loved as I Am: An Invitation to Conversion, Healing, and Freedom through Jesus, Heidland helps readers learn from her experience of seeking love in the wrong places and instead finding it in Christ. She shares her struggles—learning she was adopted, battling alcoholism, and healing from childhood sexual abuse—as signs of hope that anyone who desires to know Christ can find him and be loved intimately by him in return. By bringing readers into Heidland's healing process, Loved as I Am

provides a gentle and subtle template for finding peace and freedom in Jesus.

The Millionaire Fastlane MJ DeMarco,2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as The Slowlane your plan for creating wealth? You know how it goes; it sounds a lil something like this: Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich. The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the

uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to settle-for-less and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of do what you love will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an

alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

*House of Stairs* William Sleator,1991-04-01 This chilling, suspenseful indictment of mind control is a classic of science fiction and will haunt readers long after the last page is turned. One by one, five sixteen-year-old orphans are brought to a strange building. It is not a prison, not a hospital; it has no walls, no ceiling, no floor. Nothing but endless flights of stairs leading nowhere--except back to a strange red machine. The five must learn to love the machine and let it rule their lives. But will they let it kill their souls? An intensely suspenseful page-turner. --School Library Journal A riveting suspense novel with an anti-behaviorist message that works . . . because it emerges only slowly from the chilling events. --Kirkus Reviews
