Henry Louis Gates, Jr.

*Into the Wild* Jon Krakauer, 2009-09-22 NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. It may be nonfiction, but *Into the Wild* is a mystery of the highest order. —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

**Finding Oprah's Roots** Henry Louis Gates, Jr., 2007-01-23 Finding Oprah's Roots will not only endow readers with a new appreciation for the key contributions made by history's unsung but also equip them with the tools to connect to pivotal figures in their own past. A roadmap through the intricacies of public documents and online databases, the book also highlights genetic testing resources that can make it possible to know one's distant tribal roots in Africa. For Oprah, the path back to the past was emotion-filled and profoundly illuminating, connecting the narrative of her family to the larger American narrative and "anchoring" her in a way not previously possible. For the reader, Finding Oprah's Roots offers the possibility of an equally rewarding experience.

**Kindred** Octavia E. Butler, 2022-09-20 The New York Times best-selling author's time-travel classic that makes us feel the horrors of American slavery and indicts our country's lack of progress on racial reconciliation The series adaption from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (Watchmen), executive producers also include Joe Weisberg and Joel Fields (The Americans, The Patient), and Darren Aronofsky (The Whale). Janicza Bravo (Zola) is director and an executive producer of the pilot. Kindred stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's The Underground Railroad and Ta-Nehisi Coates's The Water Dancer, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, Kindred is controlled and precise" (New York Times).

*Tales from the Perilous Realm* John Ronald Reuel Tolkien, 2008 Never before published in a single volume, Tolkien's four novellas (Farmer Giles of Ham, Leaf by Niggle, Smith of Wootton Major, and Roverandom) and one book of poems (The Adventures of Tom Bombadil) are gathered together in a fully illustrated set.

*Requirements Engineering* Elizabeth Hull, Ken Jackson, Jeremy Dick, 2010-10-05 Written for those who want to develop their knowledge of requirements engineering process, whether practitioners or students. Using the latest research and driven by practical experience from industry, Requirements Engineering gives useful hints to practitioners on how to write and structure requirements. It explains the importance of Systems Engineering and the creation of effective solutions to problems. It describes the underlying representations used in system modeling and introduces the UML2, and considers the relationship between requirements and modeling. Covering a generic multi-layer requirements process, the book discusses the key elements of effective requirements management. The latest version of DOORS (Version 7) – a software tool which serves as an enabler of a requirements management process – is also introduced to the reader here. *Beautiful Carnage* Caroline Peckham, Susanne Valenti, 2022-07-28 A dark, mafia standalone from Wall Street Journal #1 bestselling authors Caroline Peckham & Susanne Valenti His family killed my brother, so I stole his bride... I was there to murder her father, but then I saw her walking down the aisle. She's been my secret obsession for too long. The sinfully beautiful Calabresi princess. Sloan was the perfect payment for their crimes. Now she's mine. Mine to claim. Mine to possess. Mine to destroy. Her fiancé is still hunting for us, but his bride might not be so innocent by the time he tracks her down. I'm lining her family up like dominoes. And she'll be the first to fall. Unless I fall prey to temptation and decide to keep her for myself.

**Dr Stanton** T. Swan, 2017-07-20 If happiness is a gift. Then Cameron Stanton is my Santa Claus. I can't tell you the exact moment I fell in love with him. Only that I did. With every glance, every touch, every minute.... he stole a little more of me. They say that all men are created equal. Well that's a blatant lie! I know because I met God's gift to women in Vegas, I pretended he was my husband to get rid of another man. He took our fake marriage seriously and it became his personal goal to consummate. He spoke to me in French and I lied to him in German. His laughter was addictive. But I thought what happens in Vegas would stay in Vegas. Until it didn't. Dr. Stanton turned up where I least expected and my lies came back to haunt me. The attraction is palpable. The secrets unchangeable. I need him more than air. This is a stand alone, contemporary romance.

**House of Stairs** William Sleator,1991-04-01 This chilling, suspenseful indictment of mind control is a classic of science fiction and will haunt readers long after the last page is turned. One by one, five sixteen-year-old orphans are brought to a strange building. It is not a prison, not a hospital; it has no walls, no ceiling, no floor. Nothing but endless flights of stairs leading nowhere--except back to a strange red machine. The five must learn to love the machine and let it rule their lives. But will they let it kill their souls? An intensely suspenseful page-turner. --School Library Journal A riveting suspense novel with an anti-behaviorist message that works . . . because it emerges only slowly from the chilling events. --Kirkus Reviews

**Before he Kills (A Mackenzie White Mystery-Book 1)** Blake Pierce,2016-05-19 From #1 bestselling author Blake Pierce comes a heart-pounding new mystery series. In the cornfields of Nebraska a woman is found murdered, strung up on a pole, the victim of a deranged killer. It doesn't take long for the police to realize a serial killer is on the loose--and that his spree has just begun. Detective Mackenzie White, young, tough, smarter than the aging, chauvinistic men on her local force, finds herself called in grudgingly to help solve it. As much as the other officers hate to admit it, they need her young, brilliant mind, which has already helped crack cold cases that had left them stumped. Yet even for Mackenzie this new case proves an impossible riddle, something the likes of which she--and the local force--have ever seen. With the FBI called in, together, an intense manhunt ensues. Mackenzie, reeling from her own dark past, her failed relationships, and her undeniable attraction to the new FBI agent, finds herself battling her own demons as her hunt for the killer takes her to the darkest places of her mind. As she delves into the killer's mind, obsessing over his twisted psychology, she finds that evil truly does exist. She only hopes it will not be too late to extricate herself from it, as her entire life collapses around her. As more bodies turn up dead and a frantic race against time ensues, there is no way out but to find him before he kills again. A dark psychological thriller with heart-pounding suspense, BEFORE HE KILLS marks the debut of a riveting new series--and a beloved new character--that will leave you turning pages late into the night. Book #2 in the Mackenzie White Mystery series will be available soon. Also available by Blake Pierce is ONCE GONE (A Riley Paige mystery-Book #1), a #1 bestseller on Google Play--and a free download!

**The Deep** Nick Cutter,2015-07-28 A strange plague called the 'Gets is decimating humanity on a global scale. It causes people to forget--small things at first, like where they left their keys, then the not-so-small things like how to drive or the letters of the alphabet. Then their bodies forget how to function involuntarily. There is no cure. But far below the surface of the Pacific Ocean, a universal healer hailed as 'ambrosia' has been discovered. In order to study this phenomenon, a special research lab has been built eight miles under the sea's surface. When the station goes incommunicado, a brave few descend through the lightless fathoms in hopes of unraveling the mysteries lurking at those crushing depths...and perhaps to encounter an evil blacker than anything one could possibly imagine--Page [4] of cover.

**The Fold** Peter Clines,2016-03-01 A page-turning science-fiction thriller from the author of Paradox Bound and the Ex-Heroes series. Step into the fold. It's perfectly safe. The folks in Mike Erikson's small New England town would say he's just your average, everyday guy. And that's exactly how Mike likes it. Sure, the life he's chosen isn't much of a challenge to someone with his unique gifts, but he's content with his quiet and peaceful existence. That is, until an old friend presents him with an irresistible mystery, one that Mike is uniquely qualified to solve: far out in the California desert, a team of DARPA scientists has invented a device they affectionately call the Albuquerque Door. Using a cryptic computer equation and magnetic fields to "fold" dimensions, it shrinks distances so that a traveler can travel hundreds of feet with a single step. The invention promises to make mankind's dreams of teleportation a reality. And, the scientists insist, traveling through the Door is completely safe. Yet evidence is mounting that this miraculous machine isn't quite what it seems--and that its creators are harboring a dangerous secret. As his investigations draw him deeper into the puzzle, Mike begins to fear there's only one answer that makes sense. And if he's right, it may only be a matter of time before the project destroys...everything. A cunningly inventive mystery featuring a hero worthy of Sherlock Holmes and a terrifying final twist you'll never see coming, The Fold is that rarest of things: a genuinely page-turning science-fiction thriller.

*The Future of the Global Financial System: Downfall or Harmony* Elena G. Popkova,2018-11-03 This book gathers the best papers presented at the conference "The Future of the Global Financial System: Downfall or Harmony", which took place in Limassol, Cyprus on April 13-14, 2018. Organized by the Institute of Scientific Communications (Volgograd, Russia), the conference chiefly focused on reassessing the role and meaning of the global financial system in the modern global economy in light of the crisis that began in 2008 and can still be observed in many countries, and on developing conceptual and applied recommendations on spurring the development of the global financial system. All works underwent peer-review and conform to strict criteria, including a high level of originality (more than 90%), elements of scientific novelty, contribution to the development of economic science, and broad possibilities for practical application. The target audience of this scientific work includes postgraduates, lecturers at higher educational establishments, and researchers studying the modern global financial system. Based on the authors' conclusions and results, readers will be equipped to pursue their own scientific research. The topics addressed include (but are not limited to) the following issues, which are interesting for modern economic science and practice: financial globalization, the role of finances in the global economy, perspectives of transition in the financial system from part of the infrastructure to a new vector of development in the global economy in the 21st century, reasons for the crisis of the modern financial system and ways of overcoming it, problems and perspectives regarding the harmonization of the global financial system, and scenarios of development for the global financial system. The content is divided into the following parts: development of financial systems at the micro-, meso- and macro-levels, financial infrastructure of the modern economy, legal issues of development of the modern financial system, and management of the global financial system.

**A Dark Matter** Peter Straub,2010-02-09 NEW YORK TIMES BESTSELLER • "One of the most adroit masters of the supernatural thriller" (San Francisco Chronicle) delivers a chilling novel about a man seeking the truth about what happened on a horrifying night on a Midwestern campus in the 1960s. • Terrifying.... Impossible to put down. --Stephen King On a college campus, a charismatic guru and his young acolytes perform a secret ritual in a local meadow. What happens is a mystery--all that remains is a gruesomely dismembered body and the shattered souls of all who were present. Forty years later, one man seeks to learn about that horrifying night, and to do so he'll have to force those involved to examine the unspeakable events that have haunted them ever since.

Interference Sue Burke,2019-10-22 Sue Burke's sweeping, award-finalist, SF Semiosis epic continues in Interference as the colonists and a team from Earth confront a new and more implacable intelligence. Over two hundred years after the first colonists landed on Pax, a new set of explorers arrives from Earth on what they claim is a temporary scientific mission. But the Earthlings misunderstand the nature of the Pax settlement and its real leader. Even as Stevland attempts to protect his human tools, a more insidious enemy than the Earthlings makes itself known. Stevland is not the apex species on Pax.
